George W. Bush Coloring Book Karen Ocker, Joley Wood, 2005-02-08 Drawing from the imaginative quotes President Bush has uttered over the years the George W Bush Coloring Book illustrates Bush's very own words in the form of a colouring book. Illustrator Karen Ocker lends her visually distinct style to on the record quotes such as 'It's amazing I won I was running against peace prosperity and incumbency and I know the human being and fish can coexist peacefully'. The colouring book includes an essay on Bush by Joley Wood. Wood has written on numerous Irish writers including essays on James Joyce, George Bernard Shaw and William Butler Yeats and a preface for Shaw's Saint Joan. California on the other hand was reliably red. Today both states have jumped to the opposite end of the political spectrum. Texas is one of the most conservative states while California has become one of today's most liberal bastions. These are the most dramatic cases but notable shifts in voting patterns have occurred throughout the western states in recent decades, shifts so varied and complex that they have until now eluded the attention focused on the drastic examples of the South and Northeast. Bringing clarity to the remarkably mixed yet poorly understood map of America's red, blue and purple western half, *Color Coded* presents the first comprehensive history of political change and stability in the region between 1950 and 2016. The West in Walter Nugent's analysis includes nineteen states, the thirteen that the U.S. Census Bureau calls the Western Region, roughly from the Rocky Mountains to the Pacific, as well as off-shore Alaska and Hawaii, plus the six Great Plains states from North Dakota south to Texas. Consulting official voting results of more than 5,300 state and national elections as well as newspaper reports, oral histories, public documents and other sources, Nugent reveals the ever-shifting patterns that have defined western politics in modern times. Geography, culture, history, political trajectories and the charisma of key political actors have all played their part in these changes and will, Nugent asserts, continue to do so for the foreseeable future. A powerful, exhaustively researched study of modern political organization, party development and shifting voter blocs in the West, *Color Coded* deftly charts as well the profound red-blue tensions that have defined modern America. Returns for the 5,300 plus elections on which the book is based, covering the nineteen western states between 1950 and 2016, are compiled in the book's appendix.

Miriam Weaver,Amy Jo Clark,2014-10-30 It s time for a real snarktastic humor filled look at what makes conservatism right We conservatives have truth and rationality and logic on our side We just need to remind ourselves why we are right and we need that reminder delivered in a way that s not a lecture not a history lesson and not a complicated political diatribe If you think all conservatives are old white dudes think again Meet the Chicks on the Right if you haven t already Everyone loves to tell them they re wrong Everyone Liberals say they re wrong because well they re conservative Conservatives tell them they re wrong because they are not conservative enough Or because they re too conservative Or because they re the wrong kind of conservative With all the blame flying around it s easy to lose sight of one important thing They think like you And they are right It s right to revere the Constitution It s right to value personal responsibility economic liberty and free enterprise It s right to think that political correctness is crap and it s right to call out the mainstream media for bias And it s right to laugh at the so called War on Women and to stand up for the unborn As they do every day on their blog and radio show Miriam

Weaver and Amy Jo Clark offer a definitive response to critics on the right and the left and a cheerfully snarky pep talk for likeminded conservatives On the one hand they are tired of the media s portrayal of conservatives as repressed sticks in the mud on the other hand they are sick of GOP leaders who play right into that stereotype With humor and insight Mock and Daisy as the Chicks are known on their blog explain why Capitalism is a good thing success and the money that comes with it are nothing to be ashamed of First Amendment protections extend to all Americans not just those with whom we agree Americans have a constitutional right to things that go pew pew pew Skin color is irrelevant It makes sense to be pro life and pro Plan B The Chicks offer suggestions for a conservative makeover that will realign the GOP with the regular folks who are frustrated with uptight and clueless politicians But they also show why conservatism makes sense for everyone especially those who love their country their families God rock and roll and a well made cocktail not necessarily in that order
