George Sand: Some Aspects of

Her Life and Writings Rene Doumic, 2012-06-10 A prolific and iconoclastic author of novels stories plays essays and memoirs she represented the epitome of French romantic idealism She demanded for women the freedom in living that was a matter of course to the men of her day Subsequent novels such as *Valentine* astounded readers with their frank exploration of women's sexual feelings and their passionate call for women's freedom to find emotional satisfaction In the eyes of many critics George's masterpiece is her autobiography Though she was a brilliant writer she was perhaps most famous for her personality and lifestyle I am amazed at how radical a person she was not only for that time but for modern times as well But perhaps most interesting is simply her look the way she behaved herself or rather didn't and how she acted around even the most distinguished aristocracy George of course was not her birth name She changed her name to George Sand when she became a writer So Aurore who happened to be married to a baron left him obviously a scandal in those times took their two kids moved out on her own changed her name to George and the rest is history George had open and notorious relationships with famous men artists writers musicians she knew in Paris including Jules Sandeau Alfred de Musset Frederic Chopin and others She was friends with the best of them Eugene Delacroix Franz Liszt and of course most famously with Chopin She and Chopin had a complicated relationship going from friends to lovers briefly to eventually being more like mother and son Their relationship was one of the most intriguing and unlikely in history Chopin was aristocratic well behaved finicky proper a bit stuffy even gasp And George was well read on As for her personality I think I gave a good idea of George above Loud lewd shocking and scandalous You may notice I use the word scandalous a lot on this page That's not because I don't feel like using the thesaurus but because her life simply was scandalous in most aspects I may be sensationalizing this a bit I admit I have her biography but have not yet tackled the whole thing it's about 900 pages but what I do know about George is that she was not your typical Parisian lady of the 1800s Her behavior and personality aside and also aside from her boldly leaving her husband and becoming a writer well you have the way she dressed To protest the unequal treatment accorded to women George usually wore men's suits shirt pants jacket tie top hat the whole deal So you can see why people of her time had a bit of a problem with her Probably the only reason she got away with it was because she was such a famous writer Otherwise she surely would have been locked away and condemned by society But instead she became a bit of an icon the envy of so many proper ladies who wore their corsets and frilly dresses Not only did George wear men's clothes she also smoked cigars and had a rowdy sense of humor much like Frida Kahlo So for these reasons I consider George to be an amazing woman This page is not so much about biographical details or incidents in her life nor is it devoted to her enormous body of work George was such a complicated prolific and fascinating woman there are huge volumes devoted to those kinds of details But instead here I have briefly described why I believe George to be an amazing woman It is not for her work or her accomplishments but simply for being herself and what a person to be A rebellious cross dressing cigar smoking scandalously acting woman writer who lived at a time that was certainly much more of a man's world than today who was not afraid to be herself the icon that

she was the freedom that she represented the boundaries that she completely ignored the propriety she didn't care about the lives she changed George Sand is an amazing woman for being the woman she was
