**Small Nation of People** David Levering Lewis, Deborah Willis, 2010-09-14 An incredible treasure trove of more than 150 illustrations detailing a small nation of African Americans prepared to make their mark on America *Georgia Women* Ann Short Chirhart, Betty Wood, 2009 This first of two volumes extends from the founding of the colony of Georgia in 1733 up to the Progressive era From the beginning Georgia women were instrumental in shaping the state yet most histories minimize

their contributions The essays in this volume include women of many ethnicities and classes who played an important role in Georgia s history Though sources for understanding the lives of women in Georgia during the colonial period are scarce the early essays profile Mary Musgrove an important player in the relations between the Creek nation and the British Crown and the loyalist Elizabeth Johnston who left Georgia for Nova Scotia in 1806 Another essay examines the near mythical quality of the American Revolution era accounts of Georgia s War Woman Nancy Hart The later essays are multifaceted in their examination of the way different women experienced Georgia s antebellum social and political life the tumult of the Civil War and the lingering consequences of both the conflict itself and Emancipation After the war both necessity and opportunity changed women s lives as educated white women like Eliza Andrews established or taught in schools and as African American women like Lucy Craft Laney who later founded the Haines Institute attended school for the first time Georgia Women also profiles reform minded women like Mary Latimer McLendon Rebecca Latimer Felton Mildred Rutherford Nellie Peters Black and Martha Berry who worked tirelessly for causes ranging from temperance to suffrage to education The stories of the women portrayed in this volume provide valuable glimpses into the lives and experiences of all Georgia women during the first century and a half of the state s existence Historical figures include Mary Musgrove Nancy Hart Elizabeth Lichtenstein Johnston Ellen Craft Fanny Kemble Frances Butler Leigh Susie King Taylor Eliza Frances Andrews Amanda America Dickson Mary Ann Harris Gay Rebecca Latimer Felton Mary Latimer McLendon Mildred Lewis Rutherford Nellie Peters Black Lucy Craft Laney Martha Berry Corra Harris Juliette Gordon Low

**Family and Society in American History** Joseph M. Hawes,Elizabeth I. Nybakken,2001 The internal dynamics of families have altered dramatically as the family has gradually shifted from a unit of economic production to a collection of individuals in pursuit of different goals Taking examples from the eighteenth through the twentieth centuries this eclectic reader illuminates changes in the American family and presents some of the methods and approaches used to study families Linking family patterns with changing social circumstances Family and Society in American History considers husband wife and parent child relationships in light of language usage gender roles legal structures and other contexts For example new legal attitudes toward divorce emerged as marriage came to be seen as a site for individual satisfaction Marital fertility declined as American society modernized and pregnancy and childbirth came to be seen as medical rather than family issues Schools and other institutions of the state absorbed functions formerly performed by the family and women s economic contributions to the family disappeared from view as the social values of the early republic divided the male work from the female home sphere In the twentieth century a new domestic role for men Mr Do It Yourself developed in the wake of suburbanization In addition to identifying trends within the dominant culture contributors
