The Art and Thought of the "Beowulf" Poet Leonard Neidorf, 2023-01-15 In The Art and Thought of the Beowulf Poet Leonard Neidorf explores the relationship between Beowulf and the legendary tradition that existed prior to its composition The Beowulf poet inherited an amoral heroic tradition which focused principally on heroes compelled by circumstances to commit horrendous deeds fathers kill sons brothers kill brothers and wives kill husbands Medieval Germanic poets relished the depiction of a hero s unyielding response to a cruel fate but the Beowulf poet refused to construct an epic around this traditional plot Focusing instead on a courteous and pious protagonist s fight against monsters the poet creates a work that is deeply untraditional in both its plot and its values In Beowulf the kin slayers and oath breakers of antecedent tradition are confined to the background while the poet fills the foreground with unconventional characters who abstain from transgression display courtly etiquette and express monotheistic convictions Comparing Beowulf with its medieval German and Scandinavian analogues The Art and Thought of the Beowulf Poet argues that the poem s uniqueness reflects one poet s coherent plan for the moral renovation of an amoral heroic tradition In Beowulf Neidorf discerns the presence of a singular mind at work in the combination and modification of heroic folkloric hagiographical and historical materials Rather than perceive Beowulf as an impersonally generated object Neidorf argues that it should be read as the considered result of one poet s ambition to produce a morally

edifying theologically palatable and historically plausible epic out of material that could not independently constitute such a poem *The End-times in Medieval German Literature* Ernst Ralf Hintz, Scott E. Pincikowski, 2019 Drawing upon the most current methodologies the essays in this book pursue the multifarious functions of end times in medieval German texts

The Nibelungen Tradition Francis G. Pincikowski, 2013-12-16 This study provides a much needed re evaluation of the role of pain and suffering in Hartmann von Aue By critically and carefully combining traditional philology with modern theoretical analysis drawing on theorists such as Mary Douglas Michele Foucault Norbert Elias and Elaine Scarry the author shows how the body is symbolically structured in Hartmann s work to create a distinctly medieval signification system of pain This system is analysed through an examination of the physical body and social body of the court and the harmonious and refined image of courtly society as depicted in Hartmann s work where it is shown that the very ideological system that informs courtly life causes suffering in both the physical and social bodies **German Epic Poetry** Francis G.
