Genre Studies in English for Academic Purposes/ Estudios de Genero en Ingles para propositos academicos Inmaculada Fortanet, Tony Dudley-Evans, 1998 **Dynamics of L2 Sociolinguistic Development in Adulthood** Mason A. Wirtz, 2025-04-17 This book constitutes a holistic study of sociolinguistic development among adult second language L2 learners in a naturalistic setting Combining results from a cross sectional and longitudinal micro development study it examines the acquisition of both the productive and interpretive skills necessary to engage with the contextually sensitive use of vernacularity in Austria The studies focus on issues of inter and intra individual variation and aim to shed much needed light on why L2 learners acquire sociolinguistic variation which aspects of it they acquire which factors influence it and when they acquire it Drawing on methodological and theoretical frameworks from diverse fields such as developmental and cognitive psychology psycho and sociolinguistics as well as second language acquisition the book connects topics rarely found in the same empirical piece including the role of cognitive functioning and socioaffective factors the temporal specificity of L2 sociolinguistic development in production and perception and the issue of group to individual generalizability The studies showcased in this work provide ample evidence that late starters of a L2 in early adulthood and midlife can acquire the skills necessary to successfully navigate the complex sociolinguistic variation within the target language community but the process is certainly not one without hurdles

Key Aspects of German Business Law Michael Wendler, Bernd Tremml, Bernard John Buecker, 2008-10-17 This book presents a clear and precise overview of the key aspects of German business law It was written by attorneys involved in the daily practice of business law in Germany and is aimed at people who wish to orient themselves quickly with the German legal system and the manner in which it impacts business purchases establishment operations and liquidations The first section of the book is devoted to an explanation of the major

issues to be considered in acquiring or establishing a business in Germany The second section focuses on areas of commercial law that are important for an operating business In comparison to the last edition four new areas transportation law customs regulations insurance law and state liability law are treated The following sections deal with labor law as an independent part of German business law and with computer law Furthermore procedural law and European law are addressed Finally the last two sections of the book are devoted to an overview over the German tax law which has an enormous impact on business decisions and IP law In all sections special attention has been paid to highlighting and explaining the differences between the German legal system and that of the United States Nevertheless the intention is to provide information that will prove valuable to all foreigners particularly business men and women and lawyers advising clients with an interest in doing business in Germany
