Lyrics of the Middle Ages James Wilhelm,2019-06-03 Originally published in 1990 the main purpose of this anthology is to present the vernacular secular lyric of the Middle Ages although it also includes Latin literature of the Middle Ages and the influence of the hymn *The Medieval Lyric* Peter Dronke,1996 He shows the men and women who sang and played in medieval Europe as the heirs of both a Roman and a Germanic lyric tradition united but differentiated from country to country he introduces the scholars and musicians from the Byzantine world and the Paris schools the German courts and Italian city states and he brilliantly presents their work both sacred and profane *Retracing a Winter's Journey* Susan Youens,2013-01-15 I like these songs better than all the rest and someday you will too Franz Schubert told the friends who were the first to hear his song cycle Winterreise These lieder have always found admiring audiences but the poetry he chose to set them to has been widely regarded as weak and trivial Susan Youens looks not only at Schubert's music but at the poetry drawn from the works of Wilhelm Müller who once wrote in his diary perhaps there is a kindred spirit somewhere who will hear the tunes behind the words and give them back to me Youens maintains that Müller in depicting the wanderings of the alienated lover produced poetry that was simple but not simple minded poetry that embraced simplicity as part of its meaning In her view Müller used the ruder folk forms to give his verse greater immediacy to convey more powerfully the wanderer's complex inner state Youens addresses many different aspects of Winterreise the cultural milieu to which it belonged the genesis of both the poetry and the music Schubert's transformation of poetic cycle into music the philosophical dimension of the work and its musical structure **The Women Troubadours** Magda Bogin,1980 An introduction to the women poets of the 12th century Provence and a collection of their poems **Routledge Revivals: Medieval Italy (2004)** Christopher Kleinhenz,2017-07-05 First published in 2004 Medieval Italy An Encyclopedia provides an introduction to the many and diverse facets of Italian civilization from the late Roman empire to the end of the fourteenth century It presents in two volumes articles on a wide range of topics including history literature art music urban development commerce and economics social and political institutions religion and hagiography philosophy and science This illustrated A Z reference is a cross disciplinary resource and will be of key interest not only to students and scholars of history but also to those studying a range of subjects as well as the general reader *Of No Country I Know* David Ferry,1999-11-15 Represents David Ferry's poetry and his translations of other poems by Holderlin Goethe Montale Catullus a Babylonian hymn Ronsard Guillen Baudelaire Rilke Goliardic Gilgamesh the odes of Horace the eclogues of Virgil and two epistles of Horace *Italian Literature before 1900 in English Translation* Robin Healey,2011-12-15 Italian Literature before 1900 in English Translation provides the most complete record possible of texts from the early periods that have been translated into English and

published between 1929 and 2008 It lists works from all genres and subjects and includes translations wherever they have appeared across the globe In this annotated bibliography Robin Healey covers over 5 200 distinct editions of pre 1900 Italian writings Most entries are accompanied by useful notes providing information on authors works translators and how the translations were received Among the works by over 1 500 authors represented in this volume are hundreds of editions by Italy's most translated authors Dante Alighieri Machiavelli and Boccaccio and other hundreds which represent the author's only English translation A significant number of entries describe works originally published in Latin Together with Healey's *Twentieth Century Italian Literature in English Translation* this volume makes comprehensive information on translations accessible for schools libraries and those interested in comparative literature *The Arrow of Love* Dana E. Stewart, 2003 In particular optical imagery and paradigms afforded poets a new approach to the roles of the languishing male and his powerful beloved Jacket Ezra Pound in Context Ira B. Nadel, 2010-11-11 Long at the centre of the modernist project from editing Eliot's *The Waste Land* to publishing Joyce Pound has also been a provocateur and instigator of new movements while initiating a new poetics This is the first volume to summarize and analyze the multiple contexts of Pound's work underlining the magnitude of his contribution and drawing on new archival textual and theoretical studies Pound's political and economic ideas also receive attention With its concentration on the contexts of history sociology aesthetics and politics the volume will provide a portrait of Pound's unusually international reach an American born modern poet absorbing the cultures of England France Italy and China These essays situate Pound in the social and material realities of his time and will be invaluable for students and scholars of Pound and modernism *Claustrophilia* C. Howie, 2007-04-30 Through extended readings of English French and Italian writers of the Thirteenth and Fourteenth centuries *Claustrophilia* shows that medieval enclosures actually make room for desires and communities that a poetics of pure openness would exclude **Satire, Veneration, and St. Joseph in Art, c. 1300-1550** Anne Williams, 2025-10-01 *Satire Veneration and St Joseph in Art c 1300 1550* is the first book to reclaim satire as a central component of Catholic altarpieces devotional art and veneration moving beyond humor's relegation to the medieval margins or to the profane arts alone The book challenges humor's perception as a mere teaching tool for the laity and the antithesis of high veneration and theology a divide perpetuated by Counter Reformation thought and the inheritance of Mikhail Bakhtin *Rabelais and His World* 1965 It reveals how humor laughter and material culture played a critical role in establishing St Joseph as an exemplar in western Europe as early as the thirteenth century Its goal is to open a new line of interpretation in medieval and early modern cultural studies by revealing the functions of humor in sacred scenes the role of laughter as veneration and the importance of play for pre Reformation religious experiences *A Bibliography for After Jews and Arabs* Ammiel Alcalay, 2021 Ammiel Alcalay's groundbreaking work *After Jews and Arabs* published in 1993 redrew the geographic political cultural and emotional map of relations between Jews and Arabs in the Levantine Mediterranean world over a thousand year period Based on over a decade of research and fieldwork in many disciplines

including history and historiography anthropology ethnography and ethnomusicology political economy and geography linguistics philosophy and the history of science and technology the book presented a radically different perspective than that presented by received opinion Given the radical and iconoclastic nature of Alcalay's perspective *After Jews and Arabs* met great resistance in attempts to publish it Though completed and already circulating in 1989 it didn't appear until 1993 In addition when the book was published there wasn't enough space to include its original bibliography a foundational part of the project A Bibliography for *After Jews and Arabs* presents the original bibliography as completed in 1992 without changes as a glimpse into the historical record of a unique scholarly political poetic and cultural journey The bibliography itself had roots in research begun in the late 1970s and demonstrates a very wide arc In addition to the bibliography we include two accompanying texts here In *Behind the Scenes Before After Jews and Arabs* Alcalay takes us behind the closed doors of the academic process reprinting the original readers reports and his detailed rebuttals and in *On a Bibliography for After Jews and Arabs* Alcalay contextualizes his own path to the work he undertook in methodological historical and political terms

Faces Milton E. Brener, 2000 Scientists have emphasized the innate genetically based nature of our fascination with the human face and its almost limitless expressive capacity all of which is represented in the art of the last six centuries But little attention has been paid to the anomaly of the vacuous expressions of earlier facial representations Brener attributes this change to a change in the functioning of the human brain as well as the role of cultural factors It is the evolution of both genes and culture that has resulted in a marked increase in the human ability to create and interpret facial expressions The result of this has impacted human behavior

Love Barbara H. Rosenwein, 2021-09-21 We make sense of love with fantasies stories that shape feelings that are otherwise too overwhelming incoherent and wayward to be tamed For love is a complex bewildering and ecstatic emotion covering a welter of different feelings and moral judgments Drawing on poetry fiction letters memoirs and art and with the aid of a rich array of illustrations historian Barbara H Rosenwein explores five of our most enduring fantasies of love like minded union transcendent rapture selfless giving obsessive longing and insatiable desire Each has had a long and tangled history with lasting effects on how we in the West think about love today Yet each leads to a different conclusion about what we should strive for in our relationships If only we could peel back the layers of love and discover its true essence But love doesn't work like that it is constructed on the shards of experience story and feeling shared over time intertwined with other fantasies By understanding the history of how we have loved Rosenwein argues we may better navigate our own tumultuous experiences and perhaps write our own scripts
