German Picturesque:

A German Picturesque Jason Schwartz, 2015-01-01 Haunting in their tone brilliant in their images very like fantastic presences moving across glass the twenty one fictions in this startling debut collection seem both inexplicably familiar and like no writing we have seen before The opening story leads us through a kaleidoscopic series of thoughts and memories around the act of writing a letter Another an intricately structured document of documents household inventories daily calendars property deeds an announcement suggests the reality overflowing these mundane markers of our lives Yet another traces the histories of five artifacts while at the same time slyly assembling five miniature biographical portraits

A German Picturesque Jason Schwartz, 2015 *Weather Architecture* Jonathan Hill, 2013-06-17 *Weather Architecture* further extends Jonathan Hill's investigation of authorship by recognising the creativity of the weather At a time when environmental awareness is of growing relevance the overriding aim is to understand a history of architecture as a history of weather and thus to consider the weather as an architectural author that affects design construction and use in a creative dialogue with other authors such as the architect and user Environmental discussions in architecture tend to focus on the practical or the poetic but here they are considered together Rather than investigate architecture's relations to the weather in isolation they are integrated into a wider discussion of cultural and social influences on architecture The analysis of weather's effects on the design and experience of specific buildings and gardens is interwoven with a historical survey of changing attitudes to the weather in the arts sciences and society leading to a critical re-evaluation of contemporary responses to climate change

Doctor Glas Hjalmar Soderberg, Tom Rachman, 2015-06-01 Stark brooding and enormously controversial when first published in 1905 this astonishing novel juxtaposes impressions of fin de siècle Stockholm against the psychological landscape of a man besieged by obsession Lonely and introspective Doctor Glas has long felt an instinctive hostility toward the odious local minister So when the minister's beautiful wife complains of her husband's oppressive sexual attentions Doctor Glas finds himself contemplating murder A masterpiece of enduring power Doctor Glas confronts a chilling moral quandary with gripping intensity

The Unsettling Peter Rock, 2016-09-13 Populated by strangers ghosts and other shadowy figures the thirteen stories in *The Unsettling* attend to those startling moments when what we have understood as familiar is suddenly revealed as mysterious and foreign A lonely man saving library books from an outbreak of mold listens to a coworker's tale about a blind woman and imbues it with his own sense of

romance a woman drives a Gold Firebird through the desert with a television playing Rockford Files reruns on the passenger seat and a girl returns to her childhood home to spy on its new inhabitants not realizing they are aware of her surveillance a Poe obsessed medical examiner constructs ornate scenes in an attempt to provoke hope in the forgotten lives of a dark and desperate city Told through Rock's imaginative and wholly original voice these are haunted tales about fascination transformation and the relationship between the two

Empire on the Pacific Norman Arthur Graebner, 2018-12-12 In this stimulating volume which was originally published in 1955 Professor Norman A Graebner argues that historians have exaggerated the role played by the spirit of manifest destiny in the expansionism of the 1840s In his view neither the overland migrations nor eastern public opinion had any direct bearing on the diplomacy that won Oregon and California for the United States Instead the principal objective of every statesman from Jackson on was maritime the acquisition of the harbors at San Diego San Francisco and the Strait of Juan de Fuca as gateways to the trade of the Orient Land was necessary to them merely as a right of way to ocean ports a barrier to be spanned by improved avenues of commerce This diplomacy reached a climax under Polk and triumphed with the Trist mission and the treaty of Guadalupe Hidalgo giving America its empire on the Pacific It is upon this premise that Professor Graebner has built a reinterpretation of the diplomacy of the 1840s An invaluable addition to any American History library

Memoirs of a Not Altogether Shy Pornographer Bernard Wolfe, 2016-03-15 In this funny and telling portrait of the artist as a young pornographer Bernard Wolfe chronicles his own unlikely entrance into the world of letters The year was 1936 and Depression laden America had no great need for a Yale Phi Beta whose primary talent was for words After working variously as a secretary bodyguard for Leon Trotsky in Mexico a cataloger of the Irving Fisher papers and a hopelessly inept drill grinder Wolfe landed his first professional writing job turning out piecework porn at 2.00

Flemish Literature as World Literature Theo D'haen, 2019-07-25 The recent return of world literature to the centre of literary studies has entailed an increased attention to non European literatures but in turn has also further marginalized Europe's smaller literatures Dutch and Flemish Literature as World Literature shows how Dutch language literature from its very beginnings in the Middle Ages to the present has not only always taken its cue from the major literary traditions of Europe and beyond but has also actively contributed to and influenced these traditions The contributors to this book focus on key works and authors providing a concise yet highly readable history of Dutch language literature and demonstrating how this literature is anchored in world literature **Wintergreen** Robert Michael Pyle, 2015-10-01 In the Willapa Hills of

southwest Washington both the human community and the forest community are threatened with extinction Virtually every acre of the hills has been logged often repeatedly in the past hundred years endangering both the land and the people leaving dying towns as well as a devastated ecosystem Weaving vivid portraits of the place and its inhabitants animal plant and human with the story of his own love affair with the hills Robert Michael Pyle has written a book so even handed in its passion that it has been celebrated by those who make their living with a chain saw as well as by environmentalists As he writes My sympathies lie with the people and the woods but not with the companies that have used them both with equal disregard In his vivid portrayal of the land plants people and animals of the Willapa Hills of Washington State Bob Pyle makes the modest patch of land he writes about a metaphor for the world *Having Everything Right* Kim Stafford, 2016-10-01 A collection of essays first published in 1986 *Having Everything Right* revolves around the history folklore and physical beauty of the Pacific Northwest In terms of genre the book comes closest to books like Wallace Stegner's *Wolf Willow* or the essay collections of Edward Abbey and Wendell Berry books that blend personal vision and regional evocation Stafford's essays in this tradition range from the direct exploration of *A Walk in Early May* to the abstract meditation of *Out of This World* with Chaucer and the Astronauts to the familial and social reflections of *The Great Depression as Heroic Age* Animating them all is the sense that there is joy in knowing the world and the belief that true knowing brings as Stafford says a change of heart Stafford writes poetic and evocative prose as he reflects on such subjects as Indian place names bears and local eccentrics

Dear Incomprehension Stéphane Vanderhaeghe, 2024-03-12 This book tackles a broad swath of contemporary literature currently labeled speculative fiction A blurring of genres that includes science fiction modern fairy tales and avant garde experimental fiction these works are extremely popular but also derive from highly sophisticated philosophical and aesthetic sensibilities ones that call into question and uproot the very foundations of stories and storytelling Because such fictions subvert most conventional narrative devices plot recognizable characters verisimilitude logic legibility they deliberately confound almost any kind of conventional reading and criticism To do such a literature justice the traditional frameworks of
