Guillaume Favre

German Villages In Crisis Rural Life In Hesse Kassel And The Thirty Years War 1580 17:

German Villages in Crisis John Theibault,2024-07-22 This study is the most detailed treatment available of how the German countryside experienced the Early Modern era s most wrenching crisis the Thirty Years War Drawing on a variety of sources it presents an intricate picture not only of the war but of the social relations and diverse political interests that were expressed in the village before and after the war as well It is a major contribution to recent efforts to reconceptualize the themes and chronology of Early Modern German history *Warfare in Early Modern Europe 1450-1660* Paul E.J. Hammer,2017-05-15 The early modern period saw gunpowder weapons reach maturity and become a central feature of European warfare on land and at sea This exciting collection of essays brings together a distinguished and varied selection of modern scholarship on the transformation of war often described as a military revolution during the period between 1450 and 1660 *The Peasants of Ottobeuren, 1487-1726* Govind P. Sreenivasan,2004-06-24 The Peasants of Ottobeuren offers an interesting perspective on one of the enduring problems of early modern European history the possibilities for economic growth and social change in rural society Based on the voluminous records of the Swabian Benedictine monastery of Ottobeuren this study underscores the limitations of the traditional narrative of a sixteenth century boom which foundered on the productive rigidities of the peasant economy and then degenerated into social crisis in the seventeenth century Population growth did strain resources at Ottobeuren but the peasantry continued to produce substantial agricultural surplus More importantly peasants reacted to demographic pressure by deepening their involvement in land and credit markets and more widely and aggressively marketing the fruits of their labour Marriage and inheritance underwent a similar process of commercialization which made heavy demands on the peasantry but which maintained a degree of social stability through the devastations of war plague and famine *From Reich to Revolution* Peter H. Wilson,2019-10-10 German history after the Reformation is often seen as a confusing period of political failures before the emergence of powerful states like Prussia give some coherence to the national story The inability of Emperor Charles V to solve Germany s political and religious problems by 1558 seems to condemn the country to the chaos of the Thirty Years War and the subsequent partition of the Reich or Holy Roman Empire into virtually independent states until its final collapse in 1806 Peter H Wilson s major new study Weaves insights from the latest research into a comprehensive account of German social political and cultural development across two and a half centuries Addresses fundamental questions such as how the apparently fragile structure of the Reich survived the trauma of the Thirty Years War and why despite gross social inequality Germany did not experience mass French style revolution Provides a helpful glossary detailed appendices and a guide to further reading to aid study *The Thirty Years' War* Geoffrey Parker,2006-03-20 The first edition of *The Thirty Years War* offered an unrivalled survey of a central period in European history Drawing on a huge body of source material from different languages and countries throughout Europe it provided a clear and comprehensive narrative and analytical account of the subject It has established

itself as the classic text with reviewers students and the general reader This second edition has been thoroughly revised to include the very latest research The updated bibliographical information provides an invaluable resource synthesising the major work in the field in all languages up to 1996 Written with great clarity and liveliness the book brings alive the period in all its aspects It covers the horrors of the war and the contorted politics of the period It deals with all the major figures including Wallerstein and Richelieu Gustavus Adolphus and Tilly the Winter King and the Habsburg emperors For range and depth of coverage there is no other work like it It has become the definitive book on the subject Renaissance Mass Murder Stephen D. Bowd,2018-11-08 Renaissance Mass Murder explores the devastating impact of war on the men and women of the Renaissance In contrast to the picture of balance and harmony usually associated with the Renaissance it uncovers in forensic detail a world in which sacks of Italian cities and massacres of civilians at the hands of French German Spanish Swiss and Italian troops were regular occurrences The arguments presented are based on a wealth of evidence histories and chronicles poetry and paintings sculpture and other objects which together provide a new and startling history of sixteenth century Italy and a social history of the Italian Wars It outlines how massacres happened how princes soldiers lawyers and writers justified and explained such events and how they were represented in contemporary culture On this basis Renaissance Mass Murder reconstructs the terrifying individual experiences of civilians in the face of war and in doing so offers a story of human tragedy which redresses the balance of the history of the Italian Wars and of Renaissance warfare in favour of the civilian and away from the din of battle This volume also places mass murder in a broader historical context and challenges claims that such violence was unusual or in decline in early modern Europe Finally it shows that women often suffered disproportionately from this violence and that immunity for them as for their children was often partially developed or poorly respected **European Warfare, 1494-1660** Jeremy Black,2005-07-05 The onset of the Italian Wars in 1494 subsequently seen as the onset of modern warfare provides the starting point for this impressive survey of European Warfare in early modern Europe Huge developments in the logistics of war combined with exploration and expansion meant interaction with extra European forms of military might Jeremy Black looks at technological aspects of war as well social and political developments and effects during this key period of military history This sharp and compact analysis contextualises European developments and as establishes the global significance of events in Europe **Beyond the Military Revolution** Jeremy Black,2011-04-01 The seventeenth century has long been seen as a period of crisis or transition from the pre modern to the modern world This book offers a chance to explore this crisis from the perspective of war and military institutions in a way that should appeal to those doing global history By placing 17th century warfare in a global context Black challenges conventional chronologies and permits a reappraisal of the debate over what has been seen as the Military Revolution of the early modern period The book discusses war with regard to strategic cultures assesses military capability in terms of tasks and challenges faced and attaches styles of warfare to their social and political contexts Genuinely global in range this up to

date and wide ranging account provides fresh historiographical insights into this crucial period in world history

Continuity and Change Robert James Bast, Andrew Colin Gow, Heiko Augustinus Oberman, 2000 Offered here for the first time the essays represent the most recent formulations of a wide variety of specialists within their own areas of expertise while collectively contributing to the current historiographical debates about continuity and discontinuity between the Middle Ages and the Early Modern era The Ashgate Research Companion to the Thirty Years' War Olaf Asbach, Peter Schröder, 2016-03-23 The Thirty Years War 1618 1648 remains a puzzling and complex subject for students and scholars alike This is hardly surprising since it is often contested among historians whether it is actually appropriate to speak of a single war or a series of conflicts Similarly emphasis is also put on the different motives for going to war as conflicting religious and political interests were involved This research companion brings together leading scholars in the field to synthesize the range of existing research on the war which is still fragmented and divided along national historical lines and to further explore the complexities of the conflict using an innovative comparative approach The companion is designed to provide scholars and graduate students with a comprehensive and authoritative overview of research on one of the most destructive conflicts in European history *Witch Craze* Lyndal Roper, 2006-01-01 A powerful account of witches crones and the societies that make them From the gruesome ogress in Hansel and Gretel to the hags at the sabbath in Faust the witch has been a powerful figure of the Western imagination In the sixteenth and seventeenth centuries thousands of women confessed to being witches of making pacts with the Devil causing babies to sicken and killing animals and crops and were put to death This book is a gripping account of the pursuit interrogation torture and burning of witches during this period and beyond Drawing on hundreds of original trial transcripts and other rare sources in four areas of Southern Germany where most of the witches were executed Lyndal Roper paints a vivid picture of their lives families and tribulations She also explores the psychology of witch hunting explaining why it was mostly older women that were the victims of witch crazes why they confessed to crimes and how the depiction of witches in art and literature has influenced the characterization of elderly women in our own culture The Last Witch of Langenburg: Murder in a German Village Thomas Robisheaux, 2009-02-16 A young mother dies in agony Was it a natural death murder or witchcraft On the night of the festive holiday of Shrove Tuesday in 1672 Anna Fessler died after eating one of her neighbor s buttery cakes Could it have been poisoned Drawing on vivid court documents eyewitness accounts and an early autopsy report historian Thomas Robisheaux brings the story to life Exploring one of Europe s last witch panics he unravels why neighbors and the court magistrates became convinced that Fessler s neighbor Anna Schmieg was a witch one of several in the area ensnared by the devil Once arrested Schmieg the wife of the local miller and her daughter were caught up in a high stakes drama that led to charges of sorcery and witchcraft against the entire family Robisheaux shows how ordinary events became diabolical ones leading magistrates to torture and turn a daughter against her mother In so doing he portrays an entire world caught between

superstition and modernity **Military Occupation under the Eyes of the Lord** Holger Berg, 2010-05-19 Diente der Krieg als Katalysator religiösen Wandels Dieser Frage geht Holger Berg am Beispiel Erfurts in der Zeit des Dreißigjährigen Krieges nach Zu widerlaufende Thesen über die Stärkung bzw den Abbruch bestehender Lehren infolge des Krieges werden anhand des reichhaltigen Quellenmaterials erstmals empirisch überprüft Während Predigten und Erbauungsbücher die Lehren vierer Pfarrer dokumentieren geben historiographische Handschriften Auskunft über die Überzeugungen der Laien Der breit angelegte Blickwinkel auf Pfarrer und Gemeindeglieder bietet nuancierte Ergebnisse sowohl für die Kirchengeschichte als auch für die historisch anthropologische Forschung Wer sich für den Zusammenhang von Leid, gelebtem Glauben und Kriegserfahrungen interessiert gewinnt hier ungewöhnliche Einblicke The Communal Age in Western Europe,

c.1100-1800 Beat Kümin, 2013-05-24 An essential introductory survey of the towns, villages and parishes in which people lived in the medieval and early modern periods Beat Kümin assesses the similarities, differences and the wider significance of these communities for European society prior to 1800 1995 Massimo Mastrogregori, 2014-02-21 Annually published since 1930 the International bibliography of Historical Sciences IBOHS is an international bibliography of the most important historical monographs and periodical articles published throughout the world which deal with history from the earliest to the most recent times The works are arranged systematically according to period, region or historical discipline and within this classification alphabetically The bibliography contains a geographical index and indexes of persons and authors

Recomposing German Music Elizabeth Janik, 2005-12-01 Recomposing German Music illuminates the tangled relationship between music and politics in 20th century Germany Focusing on the reconstruction and division of Berlin's musical community after 1945, author Elizabeth Janik demonstrates how military occupation and Cold War rivalry transformed the city's elite musical institutions Berlin became a crucible for competing interpretations of German musical tradition Cultural authorities in East and West Berlin disputed the social authority responsible for defining and upholding musical standards the appropriate relationship between art and the state the definition of musical progress and finally the nature and purpose of music itself This study is an important contribution to the social history of 20th century music and the comparative cultural history of the two Cold War Germanys **Place and Politics: Local Identity, Civic Culture, and**

German Nationalism in North Germany during the Revolutionary Era Katherine Aaslestad, 2005-12-01 This study examines North Germany during the transformative era of the French Revolution, Napoleonic occupation and Wars of Liberation it reveals international exploitation, military occupation, economic destruction of the city state Hamburg as well as the republic's liberation and post Napoleonic autonomy Examining shifts within local culture and the role of public opinion on civic morality this book underscores the relationship between the civic ethics, public language and collective memory in the construction of political identity and concludes that the transformation in values at the local level ultimately provides the crucial direction in the process of modern nation building Throughout the 1800s the public commemoration and memory of

occupation and liberation rather than the actual Napoleonic experience shaped the development of German nationalism

Orthodoxies and Heterodoxies in Early Modern German Culture, 2007-11-30 This interdisciplinary collection of essays about early modern Germany addresses the tensions both fruitful and destructive between normative systems of order on the one hand and a growing diversity of practices on the other Individual essays address crucial struggles over religious orthodoxy after the Reformation the transformation of political loyalties through propaganda and literature and efforts to redefine both canonical forms and new challenges to them in literature music and the arts Bringing together the most exciting papers from the 2005 conference of Frühe Neuzeit Interdisziplinär an international research and conference group the collection offers fresh comparative insights into the terrifying as well as exhilarating predicaments that the people of the Holy Roman Empire faced between the Reformation and the Enlightenment Contributors include Claudia Benthien Robert von Friedeburg Markus Friedrich Claire Gantet Susan Lewis Hammond Thomas Kaufmann Hildegard Elisabeth Keller Benjamin Marschke Nathan Baruch Rein and Ashley West

Orthodoxies and Heterodoxies in Early Modern German Culture Randolph Conrad Head, Daniel Eric Christensen, 2007 Interdisciplinary essays on early modern Germany that address orthodoxy and its challenges in religion politics and the arts Confronting the transformation of normative canons after the Reformation the essays investigate authority and knowledge in an era of shifting cultural foundations

State Formation in Early Modern Alsace, 1648-1789 Stephen A. Lazer, 2019 A richly documented study of early modern state formation sovereignty legitimacy and comparative political culture in Alsace between the Peace of Westphalia and the French Revolution
