German Colonization, Past and Future Heinrich Schnee, William Harbutt Dawson, 1926      German Colonization Past And Future - The Truth About The German Colonies Heinrich Schnee, 2013-05-31 Dr Heinrich Schnee was born in 1871 at Neuahaldensleben near Magdeburg and after passing through the Nordhausen Gymnasium studied at the universities of Heidelberg Kiel and Berlin as well as the Oriental Seminary in Berlin where he specialized in colonial administration and the Suaheli language his intention being to follow a colonial career In 1892 he passed his Referendary examination in the following year he took his degree of Doctor of Laws in 1897 he passed his examination as Government Assessor and joined the Colonial Department of the Foreign Office in 1898 he was appointed Resident Magistrate and Deputy Governor in German New Guinea and two years later he became District Administrator and Deputy Governor in Samoa German Colonization Past And Future though now to us little more than a memory its evil effects live after it and the worst of these is that it has created a perplexing colonial problem which cannot by any possibility remain as it stands to day Accordingly it is the purpose of the following narrative to show wherein Germany's reputation and success as a colonial Power have been unjustly called in question and to give reasons why the return to her of colonies is an act both of duty and of necessity

*Germany's Genocide of the Herero* Jeremy Sarkin, Jeremy Sarkin-Hughes, 2011 In 1904 the indigenous Herero people of German South West Africa now Namibia rebelled against their German occupiers In the following four years the German army retaliated killing between 60 000 and 100 000 Herero people one of the worst atrocities ever The history of the Herero genocide remains a key issue for many around the world partly because the German policy not to pay reparations for the Namibian genocide contrasts with its long standing Holocaust reparations policy The Herero case bears not only on transitional justice issues throughout Africa but also on legal issues elsewhere in the world where reparations for colonial injustices have been called for The book argues that the Herero genocide was linked to Germany's late entry into the colonial race which led it frenetically and ruthlessly to acquire multiple colonies all over the world within a very short period using any means available      **German Women for Empire, 1884-1945** Lora Wildenthal, 2001-11-28 Analyses gender sexuality feminism and class in the racial politics of formal German colonialism and postcolonial revanchism      *Colonial Genocide and Reparations Claims in the 21st Century* Jeremy Sarkin, 2008-11-30 More and more the descendants of indigenous victims of genocide land expropriation forced labor and other systematic human rights violations committed by colonial powers are seeking reparations under international law from the modern successor governments and corporations As the number of colonial reparations cases increases courts around the world are being asked to apply international law to determine whether reparations are due for atrocities and crimes that might have been committed long ago but whose lasting effects are alleged to injure the modern descendants of the victims Sarkin analyzes the thorny issues of international law raised in such suits by focusing on groundbreaking cases in which he is involved as legal advisor to the paramount chief of the Herero people of

Namibia In 2001 the Herero became the first ethnic group to seek reparations under the legal definition of genocide by bringing multi billion dollar suits against Germany and German companies in a number of U S federal courts under the Alien Torts Claim Act of 1789 The Herero genocide conducted in German South West Africa present day Namibia between 1904 and 1908 is recognized by the UN as the first organized state genocide in world history Although the Herero were subjected to Germany s First Genocide they have unlike the victims of the Holocaust received no reparations from Germany By machine gun massacres starvation poisoning and forced labor in Germany s first concentration camps the German Schutztruppe systematically exterminated as many as 105 000 Herero women and children composing most of the Herero population Sarkin considers whether these historical events constitute legally defined genocide crimes against humanity and other international crimes He evaluates the legal status of indigenous polities in Africa at the time and he explores the enduring impact in Namibia of the Germany s colonial campaign of genocide He extrapolates the Herero case to global issues of reparations apologies and historical human rights violations especially in Africa

**German Colonization** Heinrich Schnee,1970 *West Africa Under Colonial Rule* Michael Crowder,2023-07-07 Originally published in 1968 this book became the standard work on the colonial period in the vast and varied areas of the coast and hinterland of West Africa It is a comprehensive survey of the domination of West Africa by the British and the French which challenges the accepted view of the colonialists that their rule was generally beneficial Penetrating descriptions of the colonial economic system are given and the quality of colonial administration is analysed as well as the impact of two World Wars

*Weimar Publics/Weimar Subjects* Kathleen Canning,Kerstin Barndt,Kristin McGuire,2010 In spite of having been short lived Weimar has never lost its fascination Until recently the Weimar Republic s place in German history was primarily defined by its catastrophic beginning and end Germany s defeat in 1918 and the Nazi seizure of power in 1933 its history seen mainly in terms of politics and as an arena of flawed decisions and failed compromises However a flourishing of interdisciplinary scholarship on Weimar political culture is uncovering arenas of conflict and change that had not been studied closely before such as gender body politics masculinity citizenship empire and borderlands visual culture popular culture and consumption This collection offers new perspectives from leading scholars in the disciplines of history art history film studies and German studies on the vibrant political culture of Germany in the 1920s From the traumatic ruptures of defeat revolution and collapse of the Kaiser s state the visionaries of Weimar went on to invent a republic calling forth new citizens and cultural innovations that shaped the republic far beyond the realms of parliaments and political parties
