Wippermann**

German Dictatorship Origins National Soc:

The German Dictatorship Karl Dietrich Bracher,1970 *The German Dictatorship* Karl Dietrich Bracher,1973 The German Dictatorship Karl Dietrich Bracher,1970-12 **The Radical Right in Germany** Lee McGowan,2014-09-25 The Radical Right has represented a major element in German politics and society throughout the history of the united country i e since the 1870s though the understandable concentration on the Third Reich 1933-45 has tended to distort the wider picture This book explores the history of the radical right through the full span of Germany's life as a nation thus putting the Third Reich in its natural context and also emphasising that the attitudes and policies of the radical right did not begin with Hitler's pursuit of power in the 1920s or end with his death in the ruins of Berlin **The Racial State** Michael Burleigh,Wolfgang Ippermann,1991-11-07 This book deals with the ideas and institutions which underpinned the Nazi regime's attempt to restructure a class society along racial lines **Nazi Germany** Tim Kirk,2006-10-04 Hitler's thousand year Reich lasted barely longer than twelve brief and inglorious years and yet had an impact on millions of ordinary lives scarcely comparable with any other episode in modern European history Nazi Germany examines the origins and development of Nazism the establishment of the dictatorship and the impact on Germany's economy society and culture of the regime's single minded drive towards war and genocide The view from above reflected in the movement's ideology policy and legislation is complemented by the many often conflicting views from below as described in the reports smuggled out of Germany by Socialist dissidents or overheard by the regime's spies and policemen Tim Kirk depicts a society divided where most were initially wary of Hitler and sceptical about his party and its promises and where even enthusiastic admirers quickly became disgruntled but where the majority complied and few were inclined to oppose or resist the regime or its brutalities until disillusionment set in and the prospect of defeat was imminent Approachable and authoritative this is an essential introduction to one of the most significant periods in German and modern European history **Stauffenberg, Symbol of Resistance** Wolfgang Ippermann,2019-04-30 A biography of the man who led the secret mission to kill Adolph Hitler and topple the Nazi regime from an award winning historian On 20th July 1944 senior officers gathered at the Wolfsschanze the Wolf's Lair Hitler's headquarters in East Prussia Among them was Colonel Claus Schenk Count von Stauffenberg chief of staff of the Reserve Army and he carried a briefcase packed with explosives This is his story Shortly after midday the building was rocked by a massive explosion Five men were killed others wounded and the interior of the Wolfsschanze was wrecked Believing that he had killed the German Führer von Stauffenberg set off for Berlin to initiate Operation Valkyrie the coup d'état to overthrow the Nazi regime Hitler of course did not die that day and Stauffenberg and his coconspirators were rounded up and executed But what motivated Stauffenberg to attempt such a mission Was Stauffenberg a traitor or a patriot After decades of analyzing the sources and eyewitness reports the renowned historian Wolfgang Ippermann revealed the true nature of the man behind the most audacious assassination attempt of the Second World War Like many others Stauffenberg

smarted from Germany's humiliating defeat in 1918 and the punishing terms of the Treaty of Versailles. Indeed until the late 1930s Stauffenberg agreed with much of the National Socialist ideology which sought to reestablish Germany as the most powerful nation in Europe. But increasingly he saw his country sliding to defeat yet again at the hands of a leader who has lost his grip on reality. Stauffenberg believed he had no choice but to act. *The Devil in History* Vladimir

Tismaneanu, 2012-09-28 *The Devil in History* is a provocative analysis of the relationship between communism and fascism. Reflecting the author's personal experiences within communist totalitarianism, this is a book about political passions, radicalism, utopian ideals, and their catastrophic consequences in the twentieth century's experiments in social engineering. Vladimir Tismaneanu brilliantly compares communism and fascism as competing, sometimes overlapping and occasionally strikingly similar systems of political totalitarianism. He examines the inherent ideological appeal of these radical revolutionary political movements, the visions of salvation and revolution they pursued, the value and types of charisma of leaders within these political movements, the place of violence within these systems, and their legacies in contemporary politics. The author discusses thinkers who have shaped contemporary understanding of totalitarian movements, people such as Hannah Arendt, Raymond Aron, Isaiah Berlin, Albert Camus, François Furet, Tony Judt, Ian Kershaw, Leszek Kolakowski, Richard Pipes, and Robert C. Tucker. As much a theoretical analysis of the practical philosophies of Marxism, Leninism, and Fascism as it is a political biography of particular figures, this book deals with the incarnation of diabolically nihilistic principles of human subjugation and conditioning in the name of presumably pure and purifying goals. Ultimately, the author claims that no ideological commitment, no matter how absorbing, should ever prevail over the sanctity of human life. He comes to the conclusion that no party movement or leader holds the right to dictate to the followers to renounce their critical faculties and to embrace a pseudo-miraculous, a mystically self-centered delusional vision of mandatory happiness. **After**

Progress Norman Birnbaum, 2001-02-08 The twentieth century witnessed a profound shift in both socialism and social reform. In the early 1900s, social reform seemed to offer a veritable religion of redemption, but by the century's end, while socialism remained a vibrant force in European society, a culture of extreme individualism and consumption all but squeezed the welfare state out of existence. Documenting this historic change, *After Progress: European Socialism and American Social Reform in the 20th Century* is the first truly comprehensive look at the course of social reform and Western politics after Communism. Brilliantly explained by a major social thinker of our time, Norman Birnbaum traces in fascinating detail the forces that have shifted social concern over the course of a century from the devastation of two world wars to the post-war golden age of economic growth and democracy to the ever-increasing dominance of the market. He makes sense of the historical trends that have created a climate in which politicians proclaim the arrival of a new historical epoch but rarely offer solutions to social problems that get beyond cost-benefit analyses. Birnbaum goes one step further and proposes a strategy for bringing the market back into balance with the social needs of the people. He advocates a reconsideration of the

notion of work urges that market forces be brought under political control and stresses the need for education that teaches the rights and responsibilities of citizenship Both a sweeping historical survey and a sharp edged commentary on current political posturing After Progress examines the state of social reform past present and future *The Rise of Fascism, Second Edition* F. L. Carsten,1982-11-13 Study of the origins of fascism in Europe during the twenties and thirties vividly depicting the mass rallies emotional speeches and street clashes which attended its growth Revolutions Paul Caringella,Glenn Hughes,2013-02-21 *Revolutions Finished and Unfinished From Primal to Final* is an important philosophical contribution to the study of revolution It not only makes new contributions to the study of particular revolutions but to developing a philosophy of revolution itself Many of the contributors have been inspired by the philosophical approaches of Eric Voegelin or Eugen Rosenstock Huessy and the tension between these two social philosophies adds to the philosophical uniqueness and richness of the work Essays in Honour of Talcott Parsons Christopher Hart,2010 The Holocaust Paul R. Bartrop,Michael Dickerman,2017-09-15 This four volume set provides reference entries primary documents and personal accounts from individuals who lived through the Holocaust that allow readers to better understand the cultural political and economic motivations that spurred the Final Solution The Holocaust that occurred during World War II remains one of the deadliest genocides in human history with an estimated two thirds of the 9 million Jews in Europe at the time being killed as a result of the policies of Adolf Hitler and Nazi Germany The Holocaust An Encyclopedia and Document Collection provides students with an all encompassing resource for learning about this tragic event a four book collection that provides detailed information as well as multidisciplinary perspectives that will serve as a gateway to meaningful discussion and further research The first two volumes present reference entries on significant individuals of the Holocaust both victims and perpetrators anti Semitic ideology and annihilationist policies advocated by the Nazi regime giving readers insight into the social political cultural military and economic aspects of the Holocaust while enabling them to better understand the Final Solution in Europe during World War II and its lasting legacy The third volume of the set presents memoirs and personal narratives that describe in their own words the experiences of survivors and resisters who lived through the chaos and horror of the Final Solution The last volume consists of primary documents including government decrees and military orders propaganda in the form of newspapers and pamphlets war crime trial transcripts and other items that provide a direct look at the causes and consequences of the Holocaust under the Nazi regime By examining these primary sources users can have a deeper understanding of the ideas and policies used by perpetrators to justify their actions in the annihilation of the Jews of Europe The set not only provides an invaluable and comprehensive research tool on the Holocaust but also offers historical perspective and examination of the origins of the discontent and cultural resentment that resulted in the Holocaust subject matter that remains highly relevant to key problems facing human society in the 21st century and beyond Hitler and Nazi Germany Jackson J. Spielvogel,David Redles,2020-05-05 *Hitler and Nazi Germany A History* is a brief but comprehensive

survey of the Third Reich based on current research findings that provides a balanced approach to the study of Hitler's role in the history of the Third Reich. The book considers the economic, social, and political forces that made possible the rise and development of Nazism, the institutional, cultural, and social life of the Third Reich, World War II, and the Holocaust. World War II and the Holocaust are presented as logical outcomes of the ideology of Hitler and the Nazi movement. This new edition contains more information on the Kaiserreich, Imperial Germany, as well as Nazi complicity in the Reichstag Fire and increased discussion of consent and dissent during the Nazi attempt to create the ideal Volksgemeinschaft (people's community). It takes a greater focus on the experiences of ordinary bystanders, perpetrators, and victims throughout the text, includes more discussion of race and space, and the final chapter has been completely revised. Fully updated, the book ensures that students gain a complete and thorough picture of the period and issues. Supported by maps, images, and thoroughly updated bibliographies that offer further reading suggestions for students to take their study further, the book offers the perfect overview of Hitler and the Third Reich.

Masters & Lords Shearer Davis Bowman, 1993. Among regional landed elites in the Western World of the mid 1800s, the two most formidable were the owners of slave plantations in the Southern states of the U.S. and the proprietors of manorial estates in the provinces of Prussia. East Elbia Masters and Lords surveys the economic, social, and political histories of the two classes from the seventeenth and sixteenth centuries respectively, and pays particular attention to Southern planters during the secession crisis of 1860-61 and to Junkers during the revolutionary crisis of 1848-49. In the process, Bowman grapples with such ambiguous and contentious concepts as capitalism, conservatism, and paternalism. Despite very different labor systems, antebellum planters and contemporaneous Junkers alike presided over landed estates that functioned as both autocratic political communities and agricultural enterprises exporting valuable commodities to industrializing England. This book also highlights important geographic, demographic, and political contrasts between the American South and East Elbia as regional societies. Bowman concludes that the crucial distinction between the two landed elites is to be found in the Junkers' militarist and statist monarchism versus the planters' libertarian but racist republicanism. A compelling work in comparative history, *Masters and Lords* will appeal to all those interested in Southern history, European history, agricultural history, and slavery.

A History of the World from the 20th to the 21st Century John Ashley Soames Grenville, 2005. Provides a comprehensive survey of the key events and personalities of this period.

The Routledge Companion to Nazi Germany Roderick Stackelberg, 2007-12-12. Combines a narrative overview with chronological, bibliographical, and tabular information to cover major aspects of Nazi Germany. This guide provides a survey of topics such as origins and consolidation of the Nazi regime.

The Age of the Dictators D.G. Williamson, 2013-11-05. *The Age of the Dictators* presents a comprehensive survey of the origins and interrelationship of the European dictatorships. All the regimes are addressed with ample coverage of the period 1939-45 and analysis of the Soviet government up to Stalin's death in 1953. Exploring their ideological and political roots and the role of the First World War in their rise to power, David

Williams identifies the dictatorships as products of their time. He examines the Soviet, Italian Fascist and Nazi dictatorships as well as the authoritarian regimes in Spain, Portugal, Eastern Europe and the Balkans, providing an analysis of each as an entity of how they evolved and related to one another and to what extent they were a common response to life after the First World War. Mindful of historiographical issues, the textbook attends to the arguments of key historians and includes a list of relevant sources to assist students in their study of the period. Combining an accessible, succinct writing style with a broad historical scope, *The Age of the Dictators* is an illuminating and thorough account of a fascinating period in world history.

The Explorer's Roadmap to National-Socialism Sarah Kristina Danielsson, 2012. Whilst terms such as *Lebensraum* are commonly associated with National Socialist ideology of the 1930s and 40s, ideas of racial living space were in fact generated in the previous decades by an international geographic community of explorers and academics. Focusing on one of the most influential figures within this group, Sven Hedin, this is the first study that systematically connects the geographic community to the intellectual history of the development of National Socialist ideology and genocidal practices. **The Conscription**

Society Gregory James Kasza, 1995-01-01. The ability to organize millions of people for political purposes is a potent and relatively recent weapon in the struggle for power. Political scientists have studied two types of mass organization: the political party and the interest group. In this book, Gregory Kasza examines a third type which he calls the administered mass organization. AMOs are mass civilian bodies created by authoritarian regimes to implement public policy. Officials use them to organize youths, workers, women or members of other social sectors into bodies resembling the mass conscript army. A network of AMOs produces a conscription society, a major force in twentieth-century politics in over 45 countries. Using comparative history and organization theory, Kasza analyzes the politics of the conscription society in both military and single-party regimes. He discusses the origins of AMOs in Japan, the Soviet Union and Fascist Italy and their subsequent spread to China, Egypt, Nazi Germany, Peru, Poland and Yugoslavia. He focuses on the use of AMOs to curb political opposition, to mobilize for war and to shift control over the means of production. Kasza shows how, in the hands of despotic rulers, AMOs have contributed to the extremes of political barbarism characteristic of the twentieth century.

German Dictatorship Origins National Soc Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has been apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is truly remarkable. This extraordinary book, aptly titled "**German Dictatorship Origins National Soc**," written by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.

German Dictatorship Origins National Soc Introduction

In the digital age, access to information has become easier than ever before. The ability to download German Dictatorship Origins National Soc has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download German Dictatorship Origins National Soc has opened up a world of possibilities. Downloading German Dictatorship Origins National Soc provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading German Dictatorship Origins National Soc has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download German Dictatorship Origins National Soc. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading German Dictatorship Origins National Soc. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading German Dictatorship Origins National Soc, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves,

individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download German Dictatorship Origins National Soc has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About German Dictatorship Origins National Soc Books

1. Where can I buy German Dictatorship Origins National Soc books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a German Dictatorship Origins National Soc book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of German Dictatorship Origins National Soc books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are German Dictatorship Origins National Soc audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google

Play Books offer a wide selection of audiobooks.

8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read German Dictatorship Origins National Soc books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
