## **Germany At The Fin De Siecle Culture Politics And Ideas:**

Germany at the Fin de Siècle Suzanne Marchand, David Lindenfeld, 2004-10-01 The phrase fin de siècle conjures up images of artistic experimentation and political decadence The contributors to this volume argue that Wilhelmine Germany best known for its industrial and military muscle also shared these traits Their essays look back to the years between 1885 and 1914 to find in Germany a mixture of sociopolitical malaise and experimental exhilaration that was similar in many ways to the better known cases of France and Austria Revising the view that the German Second Reich was merely a precursor to the Third this broad scoped study presents pre World War I Germany in its own fascinating and often contradictory terms The foundations of the antiliberal passions that would plague the Weimar Republic are evident but Wilhelmine society also had a lighter more playful and moderate spirit one that was largely extinguished by the Great War Blending social cultural and intellectual history the contributors a distinguished cross section of older and younger scholars trace changing German views on liberalism penal reform race women art popular culture and technology They juxtapose better known figures such as Max Weber Thomas Mann and Martin Heidegger with now forgotten individuals like the Jewish feminist novelist Grete Meisel Hess and the iconoclastic Swiss painter Arnold Böcklin Their essay topics range from the esoteric and erotic poetry of Stefan George to the Jewish comedy of the Herrnfeld Theater Modernity is examined from the perspectives of bourgeois cinema goers and judicial reformers as well as from the viewpoint of Carl Jung The result is a variegated picture of an unsettled world rich in its innovations ambitious in its undertakings and often apocalyptic in its dreams **The**

**Fin-de-Siècle World** Michael Saler, 2014-11-20 This comprehensive and beautifully illustrated collection of essays conveys a vivid picture of a fascinating and hugely significant period in history the Fin de Siècle Featuring contributions from over forty international scholars this book takes a thematic approach to a period of huge upheaval across all walks of life and is truly innovative in examining the Fin de Siècle from a global perspective The volume includes pathbreaking essays on how the period was experienced not only in Europe and North America but also in China Japan the Middle East Latin America Africa India and elsewhere across the globe Thematic topics covered include new concepts of time and space globalization the city and new political movements including nationalism the New Liberalism and socialism and communism The volume also looks at the development of mass media over this period and emerging trends in culture such as advertising and consumption film and publishing as well as the technological and scientific changes that shaped the world at the turn of the nineteenth century such as the invention of the telephone new transport systems eugenics and physics The Fin de Siècle World also considers issues such as selfhood through chapters looking at gender sexuality adolescence race and class and considers the importance of different religions both old and new at the turn of the century Finally the volume examines significant and emerging trends in art music and literature alongside movements such as realism and aestheticism This volume conveys a vivid picture of how politics religion popular and artistic culture social practices and scientific endeavours fitted together in

an exciting world of change It will be invaluable reading for all students and scholars of the Fin de Si cle period Heavenly Fatherland Jeremy Best,2020-12-16 Motivated by a theology that declared missionary work was independent of secular colonial pursuits Protestant missionaries from Germany operated in ways that contradict current and prevailing interpretations of nineteenth century missionary work As a result of their travels these missionaries contributed to Germany s colonial culture Because of their theology of Christian universalism they worked against the bigoted racialism and ultra nationalism of secular German empire building Heavenly Fatherland provides a detailed political and cultural analysis of missionaries mission societies mission intellectuals and missionary supporters Combining case studies from East Africa with studies of the metropole this book demonstrates that missionaries ideas about race and colonialism influenced ordinary Germans experience of globalization and colonialism at the same time that the missionaries shaped colonial governance By bringing together religious and colonial history the book opens new avenues of inquiry into Christian participation in colonialism During the Age of Empire German missionaries promoted an internationalist vision of the modern world that aimed to create a multinational multiracial heavenly Fatherland spread across the globe *Crime and Criminal Justice in Modern Germany* Richard F. Wetzell,2014-05-01 The history of criminal justice in modern Germany has become a vibrant field of research as demonstrated in this volume Following an introductory survey the twelve chapters examine major topics in the history of crime and criminal justice from Imperial Germany through the Weimar and Nazi eras to the early postwar years These topics include case studies of criminal trials the development of juvenile justice and the efforts to reform the penal code criminal procedure and the prison system The collection also reveals that the history of criminal justice has much to contribute to other areas of historical inquiry it explores the changing relationship of criminal justice to psychiatry and social welfare analyzes representations of crime and criminal justice in the media and literature and uses the lens of criminal justice to illuminate German social history gender history and the history of sexuality Grete Meisel-Hess Helga Thorson,2022 This first book in English on Meisel Hess an early feminist voice in modernist discourse illustrates the dynamic interplay between gender sexuality and race ethnicity in Austrian and German modernism Grete Meisel Hess 1879 1922 a contemporary of Freud Schnitzler and Klimt was a feminist voice in early twentieth century modernist discourse Born in Prague to Jewish parents and raised in Vienna she became a literary presence with her 1902 novel Fanny Roth Influenced by many of her contemporaries she also criticized their notions of gender and sexuality Relocating to Berlin she continued to write fiction and began publishing on sexology and the women s movement Helga Thorson s book combines a literary cultural exploration of modernism in Vienna and Berlin with a biography of Meisel Hess and a critical analysis of her works Focusing on Meisel Hess s negotiations of feminism modernism and Jewishness it illustrates the dynamic interplay between gender sexuality and race ethnicity in Austrian and German modernism Analyzing Meisel Hess s fiction as well as her sexological studies Thorson argues that Meisel Hess posited herself as both a New Woman and the writer of the New Woman The book

draws on extensive archival research that uncovered a large number of new sources including an unpublished drama and a variety of documents and letters scattered in collections across Europe Until now there have been only limited secondary sources about Meisel Hess most containing errors and omissions regarding her biography This is the first book on Meisel Hess in English Imperial Germany 1871-1918 James Retallack,2008-04-10 The German Empire was founded in January 1871 not only on the basis of Chancellor Otto von Bismarck s blood and iron policy but also with the support of liberal nationalists Under Bismarck and Kaiser Wilhelm II Germany became the dynamo of Europe Its economic and military power were pre eminent its science and technology education and municipal administration were the envy of the world and its avant garde artists reflected the ferment in European culture But Germany also played a decisive role in tipping Europe s fragile balance of power over the brink and into the cataclysm of the First World War eventually leading to the empire s collapse in military defeat and revolution in November 1918 With contributions from an international team of twelve experts in the field this volume offers an ideal introduction to this crucial era taking care to situate Imperial Germany in the larger sweep of modern German history without suggesting that Nazism or the Holocaust were inevitable endpoints to the developments charted here *Differentiating the Pearl from the Fish-Eye: Ouyang Jingwu and the Revival of Scholastic Buddhism* Eyal Aviv,2020-08-17 In *Differentiating the Pearl from the Fish Eye* Eyal Aviv offers an account of Ouyang Jingwu 1871 1943 a leading intellectual who revived the Buddhist scholastic movement during the early Republican period in China Ouyang believed that authentic Indian Buddhism was an alternative to the prevalent Chinese Buddhist doctrines of his time Aviv shows how Ouyang s rhetoric of authenticity won the movement well known admirers but also influential critics This debate shaped modern intellectual history in China and has lost none of its relevancy today **The Educated Woman** Katharina Rowold,2011-02-09 *The Educated Woman* is a comparative study of the ideas on female nature that informed debates on women s higher education in the late nineteenth and early twentieth centuries in three western European countries Exploring the multi layered roles of science and medicine in constructions of sexual difference in these debates the book also pays attention to the variety of ways in which contemporary feminists negotiated and reconstituted conceptions of the female mind and its relationship to the body While recognising similarities Rowold shows how in each country the higher education debates and the underlying conceptions of women s nature were shaped by distinct historical contexts *'Trash,' Censorship, and National Identity in Early Twentieth-Century Germany* Kara L. Ritzheimer,2016-06-24 Convinced that sexual immorality and unstable gender norms were endangering national recovery after World War One German lawmakers drafted a constitution in 1919 legalizing the censorship of movies and pulp fiction and prioritizing social rights over individual rights These provisions enabled legislations to adopt two national censorship laws intended to regulate the movie industry and retail trade in pulp fiction Both laws had their ideological origins in grass roots anti trash campaigns inspired by early encounters with commercial mass culture and Germany s federalist structure Before the war activists characterized

censorship as a form of youth protection Afterwards they described it as a form of social welfare Local activists and authorities enforcing the decisions of federal censors made censorship familiar and respectable even as these laws became a lightning rod for criticism of the young republic Nazi leaders subsequently refashioned anti trash rhetoric to justify the stringent censorship regime they imposed on Germany *Power, Knowledge, and Dissent in Morgenthau's Worldview* Felix Rösch, 2016-04-29 This book provides a comprehensive investigation into Hans Morgenthau's life and work Identifying power knowledge and dissent as the fundamental principles that have informed his worldview this book argues that Morgenthau's lasting contribution to the discipline of International Relations is the human condition of politics **The Italian**

**Renaissance in the German Historical Imagination** Martin A. Ruehl, 2015-10-15 Explores German engagement with the Italian Renaissance in the decades from German unification to the Weimar republic **The Trial of Gustav Graef** Barnett Hartston, 2017-11-15 Although largely forgotten now the 1885 trial of German artist Gustav Graef was a seminal event for those who observed it Graef a celebrated sixty four year old portraitist was accused of perjury and sexual impropriety with underage models On trial alongside him was one of his former models the twenty one year old Bertha Rother who quickly became a central figure in the affair As the case was being heard images of Rother including photographic reproductions of Graef's nude paintings of her began to flood the art shops and bookstores of Berlin and spread across Europe Spurred by this trade in images and by sensational coverage in the press this former prostitute was transformed into an international sex symbol and a target of both public lust and scorn Passionate discussions of the case echoed in the press for months and the episode lasted in public memory for far longer The Graef trial however was much more than a salacious story that served as public entertainment The case inspired fierce political debates long after a verdict was delivered including disputes about obscenity laws the moral degeneracy of modern art and artists the alleged pernicious effects of Jewish influence legal restrictions on prostitution the causes of urban criminality the impact of sensationalized press coverage and the requirements of bourgeois masculine honor Above all the case unleashed withering public criticism of a criminal justice system that many Germans agreed had become entirely dysfunctional The story of the Graef trial offers a unique perspective on a German Empire that was at the height of its power yet riven with deep political social and cultural divisions This compelling study will appeal to historians and students of modern German and European history as well as those interested in obscenity law and class and gender relations in nineteenth century Europe **Imperial Germany Revisited** Sven Oliver Müller, Cornelius Torp, 2013 The German Empire its structure its dynamic development between 1871 and 1918 and its legacy have been the focus of lively international debate that is showing signs of further intensification as we approach the centenary of the outbreak of World War I Based on recent work and scholarly arguments about continuities and discontinuities in modern German history from Bismarck to Hitler well known experts broadly explore four themes the positioning of the Bismarckian Empire in the course of German history the relationships between society politics and culture

in a period of momentous transformations the escalation of military violence in Germany's colonies before 1914 and later in two world wars and finally the situation of Germany within the international system as a major political and economic player. The perspectives presented in this volume have already stimulated further argument and will be of interest to anyone looking for orientation in this field of research.

**Nietzsche on Time and History** Manuel Dries, 2008-11-06 In 1885 Nietzsche insisted that from now on philosophy was only acceptable as the most general form of history as an attempt somehow to describe Heraclitean becoming and to abbreviate it into signs. Taking this remark as a starting point, the aim of this volume is to examine the intricate relationship between Nietzsche's philosophy of time and his philosophy of history. The questions that arise include: What are the new conceptions of time that Nietzsche has to offer? What kind of historian was Nietzsche himself? What kinds of temporalized histories and historicized philosophies did he write or fail to write? This collection of essays, written by fourteen academics including eminent figures such as John Richardson, Raymond Geuss, Lawrence J. Hatab, and Andrea Orsucci, constitute essential reading for specialists of Nietzsche and will also appeal to a larger audience of intellectual historians, philosophers, and others who are interested in the development of modern thought.

**German Modernities From Wilhelm to Weimar** Geoff Eley, Jennifer L. Jenkins, Tracie Matysik, 2016-08-25 What was German modernity? What did the years between 1880 and 1930 mean for Germany's navigation through a period of global capitalism, imperial expansion, and technological transformation? *German Modernities From Wilhelm to Weimar* brings together leading historians of the Imperial and Weimar periods from across North America to readdress the question of German modernities. Acutely attentive to Germany's eventual turn towards National Socialism and the related historiographical arguments about modernity, this volume explores the variety of social, intellectual, political, and imperial projects pursued by those living in Germany in the Wilhelmine and Weimar years who were yet uncertain about what they were creating and which future would come. It includes varied case studies based on cutting-edge research which rethink the relationship of the early 20th century to the rise of Nazism and the Third Reich. A range of political, social, and cultural issues, including citizenship, welfare, empire, aesthetics, and sexuality, as well as the very nature of German modernity, are analyzed and placed in a global context. *German Modernities From Wilhelm to Weimar* is a book of vital significance to all students of modern German history seeking to further understand the complex period from 1880 to 1930.

**The Politics of Sociability** Stefan-Ludwig Hoffmann, 2018-11-20 An ambitious original work, *The Politics of Sociability* is Stefan Ludwig Hoffmann's exploration of the social and political significance of Freemasonry in German history. Drawing on de Tocqueville's theory that without civic virtue there is no civil society and that civic virtue unfolds only through the social interaction between citizens, Hoffmann examines the critical link between Freemasonry and the evolution of German civil society in the late nineteenth century. The practice of Masonic sociability reflected an enlightened belief in the political significance of moral virtue for civil society, indeed for humanity. Freemasons' self-image as civilizing agents acting in good faith and with the unimpeachable idea of

universal brotherhood was contradicted not only by their heightened sense of exclusivity Freemasons unintentionally exacerbated nineteenth century political conflicts for example between liberals and Catholics or Germans and French by employing a universalist language Using a wealth of archival sources previously unavailable Stefan Ludwig Hoffmann shows how Freemasonry became a social refuge for elevated and liberal minded bourgeois men who felt attracted to its secret rituals and moral teachings German Freemasons sought to reform self and society but Hoffmann argues ultimately failed to balance modern politics with a cosmopolitan ethos Hoffmann illuminates a capacious history of the political effects of Enlightenment concepts and practices in a century marked by nationalism social discord and religious conflict Stefan Ludwig Hoffmann is Assistant Professor of Modern History at Ruhr University Bochum The German edition of this book *Die Politik der Geselligkeit Freimaurerlogen in der deutschen B rgergesellschaft 1840 1918* Vandenhoeck Ruprecht 2000 won the Association of German Historians 2002 Hedwig Hintze Prize for Best First Book Tom Lampert was born in Boston in 1962 and grew up in northern California He received a BA in political science from Stanford University 1986 and a PhD in government from Cornell 1998 His book *Ein einziges Leben* Hanser Verlag 2001 was published as *One Life* by Harcourt in 2004 which he translated himself Lampert has worked as a freelance translator since 1998 He currently lives in Bad Kreuznach Germany Cover Image Monument of the Battle of the Nations in Leipzig erected between 1898 and 1913 by German Freemasons Barbarossa Head by Christian Behrens located next to the stairs leading to the monument The German mythical figure of the Kaiser Barbarossa is depicted as a sphinx which in Masonic symbolism protects the Masonic secret from profanation Courtesy of the Deutsche B cherei Leipzig This is an exemplary study of the role of Freemasonry in the German B rgergesellschaft civil society of the nineteenth and early twentieth centuries concise comprehensive and well written It combines social profiling with a careful examination of contemporary concepts in a long term diachronic study based on an impressive amount of primary material Hoffmann s empirically and methodologically convincing study is not only a major contribution to our understanding of Freemasonry in the German B rgergesellschaft It also reflects the complex social and political transformation of German society in the nineteenth century and the difficulties contemporaries faced in responding to it German History Hoffmann s arguments are theoretically informed supported by a wealth of archival sources Indeed in many ways this is the best combination of painstaking social history and well argued Begriffsgeschichte conceptual history One of the great virtues of this book is that Hoffmann does not shy away from the contradictions in the Freemasons rhetoric and actions Such contradictions in fact are key to the Mason s importance because they force us to rethink some of our assumptions about Imperial Germany This is an important book that encourages us to rethink many of our characterizations of the German Kaiserreich and our assumptions about civil society Central European History Based on a rich variety of sources Hoffmann explores the evolving relationship between Freemasonry and the monarchy state and church and he also scrutinizes the internal practices and discourse of these notoriously secretive and cosmopolitan societies

Hoffmann engages fruitfully with a wide historiography covering themes such as masculinity and racism he dissects the complex attitude of Freemasonry to Jews and Catholics and he scrutinizes the attacks of its conservative clerical and antisemitic critics *Journal of Modern History* **German Cities and Bourgeois Modernism, 1890-1924** Maiken Umbach, 2009-06-25 A study of the distinctive brand of modernism that emerged in late 19th century Germany illustrating through a series of analyses of key buildings and urban spaces how bourgeois modernism shaped the infrastructure of social and political life in the early twentieth century and transformed German cities **Sexual Politics and Feminist Science** Kirsten Leng, 2018-02-15 Introduction women and sexology knowledge possibilities and problematic legacies The emergence of sexology in early twentieth century Germany As natural as eating drinking and sleeping redefining the female sex Challenging the limits of sex envisioning new gendered subjectivities and sexualities Troubling normal taking on patriarchy criticizing male hetero sexuality The erotics of racial regeneration eugenics maternity and sexual New social and moral values will have to prevail negotiating crisis and opportunity in the First World War Fluid gender rigid sexuality constrained potential in the post war period The Ashgate Research Companion to Imperial Germany Matthew Jefferies, 2016-03-03 Germany's imperial era 1871-1918 continues to attract both scholars and the general public alike The American historian Roger Chickering has referred to the historiography on the Kaiserreich as an extraordinary body of historical scholarship whose quality and diversity stands comparison with that of any other episode in European history This Companion is a significant addition to this body of scholarship with the emphasis very much on the present and future Questions of continuity remain a vital and necessary line of historical enquiry and while it may have been short lived the Kaiserreich remains central to modern German and European history The volume allows 25 experts from across the globe to write at length about the state of research in their own specialist fields offering original insights as well as historiographical reflections and rounded off with extensive suggestions for further reading The chapters are grouped into five thematic sections chosen to reflect the full range of research being undertaken on imperial German history today and together offer a comprehensive and authoritative reference resource Overall this collection will provide scholars and students with a lively take on this fascinating period of German history from the nation's unification in 1871 right up until the end of World War I Underwater Worlds Will Abberley, 2019-01-15 Underwater Worlds throws open a new area in the emerging field of blue environmental humanities by exploring how subaqueous environments have been imagined and represented across cultures and media The collection pursues this theme through various disciplinary perspectives and methodologies including history literary and film criticism myth studies legal studies and the history of art The essays suggest that since the nineteenth century technologies of underwater exploration have generated novel sensory experiences that have destabilized conventional modes of representation and influenced new aesthetic forms from fiction and television to virtual reality The collection also examines how representations of underwater environments have reflected and critiqued human relationships

with marine ecology and life forms It reflects on the deeper cultural and symbolic resonances of mythical figures such as mermaids sea monsters and the ghosts of drowned seafarers The contributions further reveal myriad political ideological gendered and racial dimensions of representing underwater environments

As recognized, adventure as well as experience practically lesson, amusement, as capably as treaty can be gotten by just checking out a ebook **Germany At The Fin De Siecle Culture Politics And Ideas** furthermore it is not directly done, you could bow to even more around this life, on the order of the world.

We give you this proper as without difficulty as simple exaggeration to acquire those all. We find the money for Germany At The Fin De Siecle Culture Politics And Ideas and numerous ebook collections from fictions to scientific research in any way. accompanied by them is this Germany At The Fin De Siecle Culture Politics And Ideas that can be your partner.

## Germany At The Fin De Siecle Culture Politics And Ideas Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Germany At The Fin De Siecle Culture Politics And Ideas free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Germany At The Fin De Siecle Culture Politics And Ideas free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Germany At The Fin De Siecle Culture Politics And Ideas free PDF files is convenient, its important to note that copyright laws must be

respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Germany At The Fin De Siecle Culture Politics And Ideas. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Germany At The Fin De Siecle Culture Politics And Ideas any PDF files. With these platforms, the world of PDF downloads is just a click away.

### FAQs About Germany At The Fin De Siecle Culture Politics And Ideas Books

1. Where can I buy Germany At The Fin De Siecle Culture Politics And Ideas books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Germany At The Fin De Siecle Culture Politics And Ideas book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
