# GERMANY IN THE AGE OF KAISER WILHELM II

James Retallack

# Germany In The Age Of Kaiser Wilhelm Ii

**James Retallack**

## **Germany In The Age Of Kaiser Wilhelm II:**

**Germany in the Age of Kaiser Wilhelm II** James Retallack, 1996-05-01 This lively and concise book uses a dual approach to introduce students and non specialists to Wilhelmine Germany 1888 1918 It surveys social economic political cultural and diplomatic developments in an age of tumultuous upheaval It also explains why historians have so often reversed the interpretative switches guiding research on this period By highlighting the breadth of historical change under Wilhelm II and the evolution of opposing viewpoints about its significance this book provides easy access to an epoch and a debate characterised more by controversy than consensus

**Kaiser Wilhelm II** Charles River Editors, 2013-11 Includes pictures Includes a bibliography for further reading You will be home before the leaves fall from the trees Kaiser Wilhelm II to German troops leaving for the front at the start of World War I Kaiser Friedrich Wilhelm II who occupied the throne of the German Empire for more than 30 years from June 1888 November 1918 remains as much an enigma in death as he was in life Over 70 years after his death in 1941 the mention of his name still sparks unsettled debates among historians Was he the duty bound hands on leader and passionate pro British reformer who ruled in challenging times seemingly mild by comparison with Hitler Or was he an inept mentally imbalanced and reckless seeker of attention Was he even possibly a tragic hero that could only fail at his task given the complexities of his age At the core of such diverse opinions are the contradictory assumptions found within the vast amount of scholarship that exists on the emperor and his era On one point however there is agreement his influence on imperial Germany was enormous The earliest writings on Wilhelm II tended to treat him either bitterly as the most hated man in Europe and an out of touch autocrat who mismanaged his government and left the world embroiled in the greatest war it had ever seen or as a respectful and loyal servant of the state and faithful husband But in the past 50 years historiography has favored a dispassionate approach that has transcended the earlier writings depiction of the Kaiser either slavishly or as the cause of the age s tribulations This dispassionate trend in scholarship originated with a seminar on Kaiser Wilhelm II as a Cultural Phenomenon given in 1977 at the University of Freiburg by Professor John R hl and based on his discovery of new archival materials Two years later R hl and others met in Corfu and presented a series of pioneering studies about the influence of the Kaiser on German politics R hl believed he found in Wilhelm II the key to understanding the recklessness and downfall of Imperial Germany The Kaiser according to R hl s theory promoted the policies of naval and colonial expansion so extensively that they inevitably caused a sharp deterioration in British relations before 1914 Given that he was a longstanding emperor of one of World War I s major combatants it seems odd that it would take 50 years of research to come to the conclusion that the Kaiser played a major role in the march to war But the early exculpatory research also had its arguments In 1919 German diplomat Bernhard von B low removed from German archives any documents that might support the view that Germany was responsible for the war so only documents which lessened Germany s role in bringing about World War I could be seen by researchers From 1923 1927

the German Foreign Ministry published dozens of volumes from the archives and carefully edited them to make it appear that the war was the result of a breakdown of international relations Holger Herwig has concluded that most if not all research on Germany's role in the First World War prior to Fritz Fischer's book *Griff nach der Weltmacht* is little more than an ideologically driven sham

**Kaiser Wilhelm II** The Life and Legacy of Germany's Emperor during World War I examines the life of one of the 20th century's most important rulers and the debates over his legacy Along with pictures of important people places and events you will learn about Germany's most famous Kaiser like you never have before

Charles River Charles River Editors, 2017-12-20 Includes pictures Includes a bibliography for further reading You will be home before the leaves fall from the trees Kaiser Wilhelm II to German troops leaving for the front at the start of World War I Kaiser Friedrich Wilhelm II who occupied the throne of the German Empire for more than 30 years from June 1888 November 1918 remains as much an enigma in death as he was in life Over 70 years after his death in 1941 the mention of his name still sparks unsettled debates among historians Was he the duty bound hands on leader and passionate pro British reformer who ruled in challenging times seemingly mild by comparison with Hitler Or was he an inept mentally imbalanced and reckless seeker of attention Was he even possibly a tragic hero that could only fail at his task given the complexities of his age At the core of such diverse opinions are the contradictory assumptions found within the vast amount of scholarship that exists on the emperor and his era On one point however there is agreement his influence on imperial Germany was enormous The earliest writings on Wilhelm II tended to treat him either bitterly as the most hated man in Europe and an out of touch autocrat who mismanaged his government and left the world embroiled in the greatest war it had ever seen or as a respectful and loyal servant of the state and faithful husband But in the past 50 years historiography has favored a dispassionate approach that has transcended the earlier writings depiction of the Kaiser either slavishly or as the cause of the age's tribulations This dispassionate trend in scholarship originated with a seminar on Kaiser Wilhelm II as a Cultural Phenomenon given in 1977 at the University of Freiburg by Professor John Rühl and based on his discovery of new archival materials Two years later Rühl and others met in Corfu and presented a series of pioneering studies about the influence of the Kaiser on German politics Rühl believed he found in Wilhelm II the key to understanding the recklessness and downfall of Imperial Germany The Kaiser according to Rühl's theory promoted the policies of naval and colonial expansion so extensively that they inevitably caused a sharp deterioration in British relations before 1914 Given that he was a longstanding emperor of one of World War I's major combatants it seems odd that it would take 50 years of research to come to the conclusion that the Kaiser played a major role in the march to war But the early exculpatory research also had its arguments In 1919 German diplomat Bernhard von Bülow removed from German archives any documents that might support the view that Germany was responsible for the war so only documents which lessened Germany's role in bringing about World War I could be seen by researchers From 1923-1927 the German Foreign Ministry published dozens of volumes from the archives and carefully

edited them to make it appear that the war was the result of a breakdown of international relations Holger Herwig has concluded that most if not all research on Germany's role in the First World War prior to Fritz Fischer's book *Griff nach der Weltmacht* is little more than an ideologically driven sham Kaiser Wilhelm II The Life and Legacy of Germany's Emperor during World War I examines the life of one of the 20th century's most important rulers and the debates over his legacy Along with pictures of important people places and events you will learn about Germany's most famous Kaiser like you never have before

**Germany since 1789** David G. Williamson, 2015-12-17 This essential text provides a clear and engaging introduction to the history of modern Germany The updated and expanded new edition now takes the story back to 1789 and brings it right up to the present day adopting a controversy led approach throughout Visual evidence maps documents and key event boxes support the text and aid learning

**Imperial Germany 1871-1918** James Retallack, 2008-04-10 An international team of twelve expert contributors provides both an introduction to and an interpretation of the key themes in German history from the foundation of the Reich in 1871 to the end of the First World War in 1918

**Monarchy, Myth, and Material Culture in Germany 1750-1950** Eva Giloi, 2011-07-21 A fascinating study of how ordinary German subjects collected and consumed royal relics and memorabilia

**Germany, 1858-1990** Alison Kitson, 2001 Specially written for the AS A2 examinations this book combines extended period cover with detailed focus on exam board selected topics The lively accessible text is supplemented by Spotlights providing detailed study of sources on key issues and topics and Document Exercises which offer opportunities for assessment and exam practice Covering almost 150 years between unification and reunification with a particular emphasis on the interwar years the text encourages students to think for themselves around the issues that have affected German history during this period and to consider important historical debates and controversies

**The Kaiser and the Colonies** Matthew P. Fitzpatrick, 2022 Many view Kaiser Wilhelm II as having personally ruled Germany dominating its politics and choreographing its leap to global power but *The Kaiser and the Colonies* shows that he played a surprisingly muted role in the German Empire in contrast to the lively varied innovative responses to German imperialism from monarchs around the world

**Hitler and Nazi Germany** Jackson J. Spielvogel, David Redles, 2020-05-05 Hitler and Nazi Germany A History is a brief but comprehensive survey of the Third Reich based on current research findings that provides a balanced approach to the study of Hitler's role in the history of the Third Reich The book considers the economic social and political forces that made possible the rise and development of Nazism the institutional cultural and social life of the Third Reich World War II and the Holocaust World War II and the Holocaust are presented as logical outcomes of the ideology of Hitler and the Nazi movement This new edition contains more information on the Kaiserreich Imperial Germany as well as Nazi complicity in the Reichstag Fire and increased discussion of consent and dissent during the Nazi attempt to create the ideal Volksgemeinschaft people's community It takes a greater focus on the experiences of ordinary bystanders perpetrators and victims throughout the text includes more discussion of

race and space and the final chapter has been completely revised Fully updated the book ensures that students gain a complete and thorough picture of the period and issues Supported by maps images and thoroughly updated bibliographies that offer further reading suggestions for students to take their study further the book offers the perfect overview of Hitler and the Third Reich *Germany at War* David T. Zabecki, 2014-10-28 Written by experts for use by nonexperts this monumental work probes Germany's Genius for War and the unmistakable pattern of tactical and operational innovation and excellence evident throughout the nation's military history Despite having the best military forces in the world some of the most advanced weapons available and unparalleled tactical proficiency Germany still lost both World Wars This landmark four volume encyclopedia explores how and why that happened at the same time examining Germany as a military power from the start of the Thirty Years War in 1618 to the present day Coverage includes the Federal Republic of Germany its predecessor states and the kingdoms and principalities that combined to form Imperial Germany in 1871 The Seven Years War is discussed as are the Napoleonic Wars the Wars of German Unification including the Franco Prussian War World War I World War II and the Cold War In all more than 1 000 entries illuminate battles organizations leaders armies weapons and other aspects of war and military life The most comprehensive overview of German military history ever to appear in English this work will enable students and others interested in military history to better understand the sociopolitical history of Germany the complex role conflict has played in the nation throughout its history and why Germany continues to be an important player on the European continent **The Radical Right in Germany** Lee McGowan, 2014-09-25 The Radical Right has represented a major element in German politics and society throughout the history of the united country i.e. since the 1870s though the understandable concentration on the Third Reich 1933-45 has tended to distort the wider picture This book explores the history of the radical right through the full span of Germany's life as a nation thus putting the Third Reich in its natural context and also emphasising that the attitudes and policies of the radical right did not begin with Hitler's pursuit of power in the 1920s or end with his death in the ruins of Berlin *The Routledge Companion to Modern European History since 1763* Chris Cook, John Stevenson, 2004-11-10 The Routledge Companion to Modern European History since 1763 is a compact and highly accessible work of reference covering the broad sweep of events from the last days of the ancient regime to the ending of the Cold War and from the reshaping of Eastern Europe to the radical expansion of the European Union in 2004 Within the broad coverage of this outstanding volume particular attention is given to subjects such as the era of the Enlightened Despots the Revolutionary and Napoleonic era in France and the revolutions of 1848 nationalism and imperialism and the retreat from Empire the First World War the rise of the European dictators the coming of the Second World War the Holocaust and the post war development of Europe the Cold War the Soviet Union and its break up the protest and upheavals of the 1960s as well as social issues such as the rise of the welfare state and the changing place of women in society throughout the period With a fully comprehensive glossary a biographical section a thorough

bibliography and informative maps this volume is the indispensable companion for all those who study modern European history     *Europe's Long Century* Spencer Di Scala,2013 The twentieth century has been interpreted as a short century marked by extremes According to this view the century lasted only from 1914 to 1989 or 1991 These dates coincide with the rise and fall of communism that came to power in Russia in 1917 and ended with the fall of the Berlin wall 1989 or that of the Soviet Union 1991 Thus the concept of a short century is unduly influenced by a Cold War perspective In Europe s Long Century Spencer Di Scala presents an alternative view that will be more helpful to undergraduate history students in the twenty first century namely that twentieth century Europe was actually a long century lasting approximately from 1900 to 2000 with patterns and antecedents discernible before the century began and that continue to be elaborated today Comprehensive current and affordable Europe s Long Century integrates the histories of Eastern Europe Scandinavia and the Balkans that are often neglected in similar treatments It also thoroughly covers the role of science in shaping modern European life and the book s biographical sketches profile the lives of important though not always well known people who influenced Europe s long century     **The Routledge Companion to European History Since 1763** Chris Cook,John Stevenson,2005 The Routledge Companion to European History since 1763 is a compact and highly accessible work of reference with a fully comprehensive glossary a biographical section a thorough bibliography and informative maps     *The Ashgate Research Companion to Imperial Germany* Matthew Jefferies,2016-03-03 Germany s imperial era 1871 1918 continues to attract both scholars and the general public alike The American historian Roger Chickering has referred to the historiography on the Kaiserreich as an extraordinary body of historical scholarship whose quality and diversity stands comparison with that of any other episode in European history This Companion is a significant addition to this body of scholarship with the emphasis very much on the present and future Questions of continuity remain a vital and necessary line of historical enquiry and while it may have been short lived the Kaiserreich remains central to modern German and European history The volume allows 25 experts from across the globe to write at length about the state of research in their own specialist fields offering original insights as well as historiographical reflections and rounded off with extensive suggestions for further reading The chapters are grouped into five thematic sections chosen to reflect the full range of research being undertaken on imperial German history today and together offer a comprehensive and authoritative reference resource Overall this collection will provide scholars and students with a lively take on this fascinating period of German history from the nation s unification in 1871 right up until the end of World War I     **The Encyclopedia of the Spanish-American and Philippine-American Wars** Spencer C. Tucker,2009-05-20 A comprehensive overview of the wars that saw the United States emerge as a world power one that had immense implications for America especially in Latin America and Asia ABC CLIO acclaimed publisher of superior references on the United States at war revisits a pivotal moment in America s coming of age with The Encyclopedia of the Spanish American and Philippine American Wars A Political Social and Military History

Again under the direction of renowned scholar Spencer Tucker the encyclopedia covers the conflict between the United States and Spain with a depth and breadth no other reference works can match The encyclopedia offers two complete volumes of alphabetically organized entries written by some of the world s foremost historians covering everything from the course of the wars to relevant economic social and cultural matters in the United States Spain and other nations Featuring a separate volume of primary source documents and a wealth of images and maps the encyclopedia portrays the day to day drama and lasting legacy of the war like never before guiding readers through a seminal event in America s transition from the Gilded Age to the Progressive Era      **Professional Journal of the United States Army** ,2015      *Bismarck and the German Empire* Lynn Abrams,2007-01-24 Fully updated and expanded in response to the latest research in the area with a new introduction and a further reading section which hosts a guide to useful websites this is a concise and accessible introduction to a key period in German history      **World War I** Spencer C. Tucker,2019-05-10 Offers detailed coverage of every country that played a significant role in World War I from key participants including France Germany Great Britain the Ottoman Empire and the United States to smaller nations such as Bulgaria Montenegro and New Zealand World War I A Country by Country Guide is a comprehensive reference exploring the role various nations played in this devastating conflict Each of the 22 country sections provides detailed background information the reasons behind the country s entry into the war a summary of its combat effort in the war a discussion of the home front experience and a description of the war s impact on that nation Illuminating sidebars offer an interesting war anecdote involving each country while essays survey each country s military branches and key military and political leaders Finally a timeline for each nation covers all of the important events involving that country during World War I In addition to the country coverage a battles section offers entries on 18 of World War I s most important engagements and a separate section on weapons and tactical changes is included The book also features dozens of maps and images throughout the text that serve as important visual aids that help readers to understand all aspects of the conflict      *Wilhelm II and the Germans* Thomas A. Kohut,1991-08-01 This book explores the personification inherent in the notion of Wilhelmian Germany by investigating the psychological dimension of Wilhelm II s leadership of the Germans Despite his historical reputation many Germans welcomed the Kaiser s leadership The years between 1890 and 1914 were known as the Wilhelmian era in Germany and even critics of Wilhelm II thought it somehow fitting that he should be the German emperor The author argues that Wilhelm II s personal needs and the needs of Germans in an age of intense nationalism made him the symbol of the nation

Getting the books **Germany In The Age Of Kaiser Wilhelm Ii** now is not type of challenging means. You could not and no-one else going similar to books growth or library or borrowing from your contacts to contact them. This is an categorically simple means to specifically get lead by on-line. This online notice Germany In The Age Of Kaiser Wilhelm Ii can be one of the options to accompany you when having supplementary time.

It will not waste your time. assume me, the e-book will unconditionally aerate you further matter to read. Just invest little times to admission this on-line notice **Germany In The Age Of Kaiser Wilhelm Ii** as with ease as review them wherever you are now.
