Germany Must Perish:

Germany Must Perish! Theodore N. Kaufman, 1941 **Germany Must Perish!** Theodore Kaufman, J. Palliser, 2018-04

GERMANY MUST PERISH is a book written by Theodore Newman Kaufman which he self published in 1941 in the United States. The book advocated sterilization of all Germans and the territorial dismemberment of Germany, believing that this would achieve world peace. Germany Must Perish discussed the forced mass sterilization of all German men under 65 and the sterilization of most German women under 45. This would eliminate inbred Germanism; he proposed thus solving a great deal of humanity's problems. The Nazi Party used the book, written by a Jewish author, to support their argument that Jews were plotting against their country. Includes Kaufman's other writings: A Will and Way to Peace, Passive Purchase 1939, Passive Purchase, advocated the establishment of a two week period during which Americans would curtail their spending in order to demonstrate public opposition to American intervention in European conflicts, No More German Wars, Being An Outline For Their Permanent Cessation 1942, Being an outline for their permanent cessation. It contained no more writing on the sterilization of Germans or discussion of German land distribution but made very moderate proposals for democratic re-education of the German population.

Germany Must Perish! Theodore Kaufman, Wolfgang Diewerge, 2013-11-14

The March 1941 publication of Germany Must Perish provoked one of the most intense propaganda exchanges of World War II. The book, written by an American Jew, Theodore Kaufman, advocated the physical destruction of the German people through mass sterilization and the total dismemberment of the German state. Because of Kaufman's claimed links to the policy advisors of the American president, Germany's reaction to the plan was swift. Nazi Propaganda Minister Joseph Goebbels ordered a rebuttal and analysis written of Kaufman's book, and this featured in much Home Front propaganda for the rest of the war. Ironically, significant sections of Kaufman's book, despite being dismissed as the work of a loner, came true at the end of the war. At least 12 million Germans were expelled from their land following the end of the war, and their deportation became the single largest transfer of any population in modern European history. The majority were expelled from the German territories in the eastern territories of Germany, which were handed over to Poland and the Soviet Union, about 7 million, and from Czechoslovakia about 3 million. It is estimated that up to two million Germans died during these expulsions. In one sense, at least, Kaufman's predictions came true. This version contains for the first time published together the full text of Kaufman's original work and Nazi Germany's official reaction to it. A fascinating historical document which provides an insight into the mindsets on both sides of that great and awful conflict.

Contents: Part I: Germany Must Perish. A leading American Jewish leader calls for the physical extermination of Germans and Germany. Part II: The War Goal of World Plutocracy. A leading Nazi author analyzes and answers Kaufman's book.

Germany Must Perish! Theodore N. Kaufman, 1999 **The Jewish Enemy** Jeffrey Herf, 2008-04-30

The sheer magnitude of the Holocaust has commanded our attention for the past sixty years. The extent of atrocities, however, has overshadowed the calculus Nazis used to justify their

deeds According to German wartime media it was German citizens who were targeted for extinction by a vast international conspiracy Leading the assault was an insidious belligerent Jewish clique so crafty and powerful that it managed to manipulate the actions of Roosevelt Churchill and Stalin Hitler portrayed the Holocaust as a defensive act a necessary move to destroy the Jews before they destroyed Germany Joseph Goebbels Minister of Propaganda and Otto Dietrich s Press Office translated this fanatical vision into a coherent cautionary narrative which the Nazi propaganda machine disseminated into the recesses of everyday life Calling on impressive archival research Jeffrey Herf recreates the wall posters that Germans saw while waiting for the streetcar the radio speeches they heard at home or on the street the headlines that blared from newsstands *The Jewish Enemy* is the first extensive study of how anti-Semitism pervaded and shaped Nazi propaganda during World War II and the Holocaust and how it pulled together the diverse elements of a delusory Nazi worldview Here we find an original and haunting exposition of the ways in which Hitler legitimized war and genocide to his own people as necessary to destroy an allegedly omnipotent Jewish foe In an era when both anti-Semitism and conspiracy theories continue to influence world politics Herf offers a timely reminder of their dangers along with a fresh interpretation of the paranoia underlying the ideology of the Third Reich *Germany Must Perish!* Nathan Kaufman, 1970 **Democracy Imposed** Professor Bruce A Williams, Richard L. Merritt, 1995-01-01 How successful was the United States in attempting to impose a democratic system on Germany after the Second World War Did U S occupation policy actually change German society and attitudes In this book Richard L Merritt addresses these questions from a novel perspective Instead of studying what German political leaders and intellectuals thought about the U S occupation Merritt explores for the first time the response of the ordinary German people analyzing data from public opinion surveys conducted largely by the American Military Government beginning in 1945 Lectures on S. Bernard of Clairvaux. With Appendix on the Doctrine of the Immaculate Conception of the B.V.M. William John Sparrow-Simpson, 1895 **American Journalists in Hitler's Germany** Norman Domeier, 2025 The first book to critically examine American journalists and media companies roles in Hitler s Germany reigniting the debate on the relationship between political power and the media Despite Hitler s international use of propaganda and despite the power of the US press historians have neglected American journalists activity in Nazi Germany American media companies expanded their presence in Germany after 1933 and the Associated Press AP conducted business with Hitler s regime throughout the war Norman Domeier s study now in English is the first to examine critically and in detail the roles of American journalists and media companies in Hitler s Germany showing that they knew about but kept secret the plans for rearmament the occupation of the Rhineland the annexation of Austria the invasions of Denmark Norway and the Soviet Union The book documents the companionship between Adolf Hitler and Karl Henry von Wiegand chief German correspondent of the Hearst press who was the first and last American to interview him Most important it details the secret exchange of news photographs discovered by Domeier in 2017 between the AP and the Nazis from 1942-45 Thousands of AP

photos were used in the Nazi press usually with anti American or anti Semitic spin while the AP distributed ca 40 000 Nazi photographs to US newspapers Domeier s book reignites the debate on the relationship between political power and the media opening up new perspectives on the political and cultural history of journalism beyond one sided idealizations

Representing the "good German" in Literature and Culture After 1945 Pól Ó Dochartaigh, Christiane Schönfeld, 2013 Essays analyzing postwar literary cultural and historical representations of good Germans during the Second World War and the Nazi period In the aftermath of the Second World War both the allied occupying powers and the nascent German authorities sought Germans whose record during the war and the Nazi period could serve as a counterpoint to the notion of Germans as evil That search has

never really stopped In the past few years we have witnessed a burgeoning of cultural representations of this other kind of Third Reich citizen the good German as opposed to the committed Nazi or genocidal maniac Such representations have highlighted individuals choices in favor of dissenting behavior moral truth or at the very least civil disobedience The good German s counterhegemonic practice cannot negate or contradict the barbaric reality of Hitler s Germany but reflects a value system based on humanity and an other ideal community This volume of new essays explores postwar and recent representations of good Germans during the Third Reich analyzing the logic of moral behavior cultural and moral relativism and social conformity found in them It thus draws together discussions of the function and reception of Good Germans in Germany and abroad Contributors Eoin Bourke Manuel Bragan a Maeve Cooke Kevin De Ornellas Sabine Egger Joachim Fischer Coman Hamilton Jon Hughes Karina von Lindeiner Str sky Alexandra Ludewig P l O Dochartaigh Christiane Sch nfeld Matthias Uecker P l O Dochartaigh is Professor of German and Dean of the Faculty of Arts at the University of Ulster Northern Ireland Christiane Sch nfeld is Senior Lecturer in German and Head of the Department of German Studies at Mary Immaculate College University of Limerick

Holocaust Peter Longerich,2010-04-14 A comprehensive history of the Nazi persecution and murder of European Jews paying detailed attention to an unrivalled range sources Focusing clearly on the perpetrators and exploring closely the process of decision making Longerich argues that anti Semitism was not a mere by product of the Nazis political mobilization

or an attempt to deflect the attention of the masses but that anti Jewish policy was a central tenet of the Nazi movement's attempts to implement disseminate and secure National Socialist rule and one which crucially shaped Nazi policy decisions from their earliest days in power through to the invasion of the Soviet Union and the Final Solution As Longerich shows the disappearance of Jews was designed as a first step towards a racially homogeneous society first within the Reich later in the whole of a German dominated Europe *The Importance of Race in Civilization* Wayne MacLeod, **FDR and the Jews** Richard Breitman, Allan J. Lichtman, 2013-03-19 A contentious debate lingers over whether Franklin Delano Roosevelt turned his back on the Jews of Hitler's Europe FDR and the Jews reveals a concerned leader whose efforts on behalf of Jews were far greater than those of any other world figure but whose moral leadership was tempered by the political realities of depression and war
