Ecology Of Prevention Illustrating Mental Health Consultation

Karen Savage, Dominic Symonds

Ecology Of Prevention Illustrating Mental Health Consultation:

The Ecology of Prevention Robert E Hess, 2014-06-03 This provocative volume offers an enlightening look at mental health consultation as a preventive service To enhance the prospects of consultation being preventive consultation is defined as an ecological enterprise Although attention is given to outcomes process is the key in this book This beneficial volume presents ten valuable principles to guide the work of a consultant plus case studies representing different topics self esteem of high school students in rural Oregon child abuse prevention in a rural and urban setting in Iowa a junior high school consolidation in Maryland and preventive services for Lutheran congregations in Minnesota Each of the authors of the four case examples in their actual consultation and in their descriptions of their consultation have extended and elaborated what it means to think ecologically Following an unusual format the comments from the recipients of the interventions described in the case studies have been included as a reminder that prevention in its truest spirit involves partnerships that subjects or consultees have feelings and opinions about their participation and that subjective data are as important as objective data

International Approaches to Prevention in Mental Health and Human Services Robert Hess, Wolfgang Stark, 1995 Here is a new book devoted to prevention efforts outside of the United States Chapters present prevention efforts from a variety of countries including Costa Rica Israel Italy the Netherlands and Poland and reflect the diversity in the cultures of the authors Despite cultural differences common themes emerge mainly an orientation toward the community and a focus on empowerment *International Approaches to Prevention in Mental Health and Human Services* increases knowledge of differences and similarities in prevention strategies from around the world and stimulates international relationships which can enrich the field of prevention for all

Leadership and Organization for Community Prevention and Intervention in Venezuela Maritza Montero, 2013-04-03 Improve decision making skills for community organizations and their leaders from a participatory perspective This book will show you how and why participatory communities come into being and what they can accomplish regardless of the current political climate It also examines leadership and the skills community leaders need to develop to be most effective You ll find ethnographic and psychosocial perspectives on the relationship between families and community organizations leadership interventions designed to facilitate more effective decision making and more all from organizations making a very real difference in a country that has had a strong community work tradition since the 1960s This book presents an essential overview of the dynamics of urban low income communities in Venezuela With examples drawn from organizations designed to help a population that has been neglected by its government *Leadership and Organization for Community Prevention and Intervention in Venezuela* is a unique source of inspiration and practical know how The intensive training workshops and restructuring projects documented in this book have proven to be positive and effective tools strengthening Venezuelan communities despite the political unrest that has plagued the country In *Leadership and Organization for Community Prevention and Intervention in Venezuela* you ll learn how community organizations are

providing shelter for people displaced by natural disasters providing essential services when the government can't or won't establishing community leadership roles and helping community leaders to work more effectively transforming the perspectives of community leaders from narcissistic to altruistic and much more With this book you'll examine the interaction between community organization and leadership using the liberating dialogic reflective and conscientization approach developed by Latin American community psychology The book's approach is grounded and realistic It highlights the outcomes of the authors' participatory research and action in urban Venezuelan communities focusing on organization participation modes of leadership decision making and meta decision making the moral development and moral dilemmas of community leaders and the interrelationship between family systems and community in Venezuela *Community*

Interventions to Create Change in Children Lorna London, 2014-02-25 Help a child meet the challenges of the real world Our children spend a significant amount of time in school working to develop the skills they need to succeed in the real world But more and more they face social and emotional challenges that can't be effectively addressed during school hours *Community Interventions to Create Change in Children* reflects the efforts by psychologists to work outside the classroom combining research with action to produce community based interventions that address the concerns children struggle with every day bullying and victimization prejudice cross cultural friendships poverty and homelessness *Community Interventions to Create Change in Children* presents varied interventions methodologies and practices with diverse groups of children Qualitative and quantitative methodologies are used with accompanying case studies as psychologists interact with children in settings as varied as public parks summer camps and Kid's College a Chicago based program that promotes positive race relations The book includes articles on effective mentoring practices traditional behavioral reinforcement with homeless children survival skills for urban youth cross cultural friendships prejudicial attitudes and behaviors and much more *Community Interventions to Create Change in Children* is an essential resource for psychologists educators counselors and social workers committed to making a difference in the lives of children *Becoming Ecological* James G. Kelly, 2006-02-02

Community psychology emphasizes an ecological approach to mental health by focusing on the individual in the environment and the influences that shape and change behavior *Becoming Ecological* brings together the work of James G Kelly one of the founders of community psychology and among the field's national leaders The volume unites thirteen of Kelly's publications from 1968 to 2002 as well as four new essays on current issues in the field the theory research practice and education of community psychologists ***Educating Students to Make a Difference*** Joseph R Ferrari, Judith G Chapman, 2014-03-18

Educating Students to Make a Difference covers a range of issues related to service learning addressing the who why and so what of service learning experiences It provides information that will aid in the development of service learning programs and courses The in depth studies on student volunteerism found in this book will show you how incorporating student service objectives into your curriculum can improve your students' self esteem and school involvement as well as alleviate depression

and problem behavior Educating Students to Make a Difference will enhance your knowledge and understanding of volunteerism and its many benefits showing you how to ignite the volunteer in each of your students By encouraging volunteerism you will increase your students problem solving and leadership skills as well as their awareness of social issues and see the positive impact service learning has on students faculty and the community Educating Students to Make a Difference gives qualitative and quantitative assessments of attributes that predict volunteerism in student populations and the social values that are developed or enhanced as a consequence of service learning experiences You will learn about student predispositions and motivations for community service across a variety of student populations In addition to promoting moral and social values service learning opportunities present educational benefits as well as benefits to personal and professional growth You will see this as the book explores the who why and so what of service learning educational benefits of service learning opportunities self esteem and self efficacy faculty benefits comparisons between volunteers and nonvolunteers motivations and predispositions for student volunteerism selection and retention of student volunteers Your colleagues will want to borrow your syllabus after seeing the results of your new community service incorporated class material Educating Students to Make a Difference gives you the insight on student patterns and volunteerism and data to service learning activities that enhance your students educational experiences

groups and how these groups can facilitate or inhibit delinquency Culture Peers and Delinquency explores the interplay of historical traditional culture with contemporary youth culture It also examines the relationship between individual outcome and community disorganization and illustrates how peer relationships are conditioned by gender The book will increase your understanding of the etiology prevention and treatment of delinquency with examples that show treatment alternatives and outcomes focusing on intercultural differences in major descriptors of the attitudes and activities of youth the demographics economics and history as well as a fascinating and disturbing cultural analysis of the ever increasing rate of juvenile delinquency in Japan the influence of peers and culture on Vietnamese youth gangs in Honolulu gender difference studies of mixed culture incarcerated adolescents and what these youths have to say about the detention facility where they go to school a careful analysis of homes schools and neighborhoods in terms of their dysfunctions and how they increase the likelihood that their youth will spend time with similar peers and without adult supervision People with Disabilities Peter W. Dowrick, Christopher B. Keys, 2021-04-14 Develop more effective community initiatives and build solid collaborations Although the fields of disability studies and community psychology developed separately with little crossover they have evolved similar values principles and tactics People with Disabilities Empowerment and Community Action is the first volume to bring together these two fields Now disability activists and community psychologists can join forces share ideas and gain strength from one another This landmark volume offers empirical research and practical advice from respected scholars in the field People with Disabilities Empowerment and Community Action presents tested strategies for empowering a wide variety of people with disabilities including Latinos the aged the developmentally disabled low income schoolchildren and patients with chronic diseases The diversity of strategies offered here means that every community can find a way to make its own voice heard People with Disabilities Empowerment and Community Action offers detailed step by step plans for developing a broad range of programs including choosing strategies to suit rural suburban and urban environments taking a capacity building approach to community empowerment developing participatory action plans building effective coalitions enabling collaboration between inner city universities and the community With its solid research helpful tables and figures and well organized action plans this book is certain to become a classic in the fields of disability studies and community psychology **Empowerment and Participatory Evaluation of Community Interventions** Yolanda

Suarez-Balcazar, Gary Harper, 2014-01-02 Program evaluations are more relevant when conducted by the people directly involved in the programs and members of the communities they serve Learn how empowerment and participatory evaluation can help community programs deliver more effective services With this book you ll examine theoretical models empirical investigations and case studies that highlight important aspects of empowerment and participatory evaluation in community programs The first half of the book presents frameworks and tools for empowerment and participatory evaluation with an emphasis on transferring skills and building capacity The remaining chapters examine specific efforts to implement

empowerment and participatory evaluation with a range of stakeholders highlighting the ways in which community members collaborated with evaluators and were actively engaged in the evaluation process Covering various types of evaluations across a range of urgent social issues this book offers practical steps for implementing evaluations and presents theoretical models as well as applied examples The issues that Empowerment and Participatory Evaluation of Community Interventions addresses include challenges faced by community based organizations in conducting evaluations of their initiatives and solutions to those challenges including the creation and implementation of an appropriate outcomes model ways to build capacity for participatory evaluation within community initiatives ways to promote the success and accountability of community programs how collaborative process evaluation can improve HIV prevention services evaluation techniques that illustrate the benefits of a collaborative approach with a case study of the Conflict Resolution in Schools Programs a pilot study in which empowerment evaluation principles are used to evaluate the American Red Cross of Greater Chicago's Youth Leadership Training Series a program designed to train youth volunteers Presenting important information on program evaluation community based interventions and community empowerment empowerment participatory evaluation community psychology collaborative partnerships program improvement utilization focused evaluation consultation and more Empowerment and Participatory Evaluation of Community Interventions is a resource that everyone involved in community psychology should have

Traumatic Stress and Its Aftermath Sandra Lee, 2013-09-13 Explore the aftermath of traumatic stress as it affects various populations including therapists themselves This book will educate you about the aftermath of traumatic stress as it impacts people in a variety of settings It explores the factors that lead to increased or reduced vulnerability to the effects of traumatic stress emphasizing the impact of cumulative multiple trauma rather than the effects of a single traumatic incident to help you design and implement effective prevention and intervention programs The specific populations and groups addressed in this important book include adolescent girls involved in armed conflict in Colombia's guerilla war urban African American youth a theoretical model for risk and resiliency people with strong spiritual religious beliefs how spirituality can affect a person's reaction to traumatic stress women in recovery in a community aftercare shelter female trauma therapists factors affecting vicarious traumatization of helping professionals college students with histories of abuse Providing a framework for understanding traumatic stress related issues based on a variety of methodologies and measures Traumatic Stress and Its Aftermath addresses important questions such as What is the relationship between the experiences of trauma or other stressful life events and subsequent traumatic stress What are the protective factors that can buffer or ameliorate the development of traumatic stress in the face of adverse life experiences trauma or other stressful events How do these questions evolve in different cultural or community contexts and with different populations What are the implications for interventions for community institutions and mental health workers What roles do self esteem and spirituality play in a person's reaction to traumatic stress How do reactions to traumatic stress differ between women who

have been sexually abused as children and women who have not From editor Sandra S Lee Contemporary developments in the study of traumatic stress are shifting This book reflects an emphasis on the study of traumatic stress in normal community cultural or college student populations and groups while other literature has focused on individuals specifically diagnosed with PTSD In addition Traumatic Stress and Its Aftermath Cultural Community and Professional Contexts emphasizes the search for risk and protective factors and factors that can buffer the relationship between trauma exposure and subsequent distress *National Library of Medicine Current Catalog* National Library of Medicine (U.S.), **Diverse Families, Competent Families** Janet F. Gillespie, Judy Primavera, 2014-07-16 Are you prepared to deliver effective services to a wide range of families and family situations Diverse Families Competent Families provides human service professionals with a portrait of the real lives and practical challenges of our nation s families as they face a new millennium It examines family adaptation and competence in a variety of contexts and situations such as day to day issues of coping and survival as well as major milestones such as sending children off to school and becoming a caregiver for a family member This unique book also spans multiple levels of families existence examining home school and the larger community to provide you with an understanding of the societal dynamics that can have an influence on families With Diverse Families Competent Families you ll explore the need to reexamine the ways that single parent families are viewed and the risks inherent in over generalizing about this type of family ways that men can make the most of their experience as fathers the relationship between parents perceptions of teacher behavior and how willing they are to become involved at school the ways in which changes or disruptions in a family s functioning can influence their children s academic skills the results of an innovative intervention for sandwiched generation mothers who must simultaneously care for an older family member and attend to the needs of their own children ways to help Mexican immigrant parents feel more effective in their parenting roles In Diverse Families Competent Families you will discover new and positive ways to view families particularly ethnic minority families low income families immigrant families and families who are coping with specific life stressors such as financial loss unemployment divorce and death **Consultee-Centered Consultation** Nadine M. Lambert, Ingrid Hylander, Jonathan H. Sandoval, 2004-05-20 This book describes the theory methods and contemporary applications of consultee centered consultation a non hierarchical non prescriptive helping relationship between a consultant and a person or group consultee seeking professional help with a client The goal is to provide help in re conceptualizing the consultee s work problem thereby 1 improving their relationship with the client and 2 expanding the professional repertoire of both consultant and consultee Key features of this outstanding new book include the following Conceptual Change Focus The process of conceptual change in both the consultant and consultee is stressed throughout the book Historical Perspectives The first section describes the historical evolution of consultee centered consultation beginning with the work of Gerald Caplan and progressing to its broad contemporary version that accommodates various professions and multiple psychological orientations Numerous Examples

The book provides a wealth of examples illustrating how consultee centered consultation can be applied within school child care social welfare hospital and corporate settings International Focus The chapter contributors represent a wide range of geographical and professional expertise Evaluation Methods The final section provides examples of evaluation methods This volume is appropriate for school counseling and clinical and child clinical psychologists human service professionals working with professionals from other disciplines and special education leaders

Adapting cities for transformative climate resilience: Lessons from the field Amrita G. Daniere,Diane Archer,2023-06-29

Ecologies of Community in Performance Karen Savage,Dominic Symonds,2025-10-02 In their previous book Economies of Collaboration in Performance Savage and Symonds explored the economy as a metaphor for understanding collaborative practices in the arts This book Ecologies of Community in Performance continues to explore arts practices focusing on communities and turning to the language of ecology to understand the complexities and working dynamics of arts communities The book provides a thoughtful analysis of how communities work as ecologies offering case studies of community processes by way of illustrating the main discussion In doing so it reveals how the triangulation of ecology community and performance allows for a deeper understanding of dynamic relations in the arts enabling scholars practitioners and policy makers to better conceptualise ecological thinking in relation to 21st century arts practices

Self-Help and Mutual Aid Groups Francine Lavoie,Benjamin Gidron,2014-01-09 Here is new information on the development of international and intercultural research on self help groups This book reflects the many developments which have occurred in the field over the past decade emphasizing empirical research Self Help and Mutual Aid Groups provides specific research findings and honed concepts to help health professionals learn more about self help groups and work effectively with such groups More countries and ethnic groups are now involved in the self help movement and this volume increases knowledge of how different cultures react to and participate in self help mutual aid and how self help groups can be adapted to fit different racial or ethnic populations Self Help and Mutual Aid Groups explores the definition of self help the centrality of culture as a major factor explaining variability in self help the development of appropriate methodological tools and the role and involvement of professionals It brings together different traditions of research for the study of cross and intercultural and inter and intraorganizational aspects of self help groups Contributors who represent various disciplines including psychology sociology social work and nursing discuss a paradigm for research in self help the development of self help groups in Japan Hong Kong and the former East Germany the participation of blacks in Alcoholics Anonymous the participation of Mexican Americans in groups for parents of the mentally ill relationships between self help groups and health professionals predictors of burnout in self help group leaders characteristics of effective groups ways individuals change their world view through self help participationSelf Help and Mutual Aid Groups is an informative and helpful resource for self help researchers and teachers students and professionals who want to be more effective in their work with self help groups across cultural and national lines

Handbook of Community Psychology Julian Rappaport, Edward Seidman, 2012-12-06 As a field progresses people write about their own work in journals chapters and books but periodically the work needs to be collected and organized It needs to be brought together in a format that can both introduce new members to the field and reacquaint continuing members with the work of their colleagues Such a collection also affords an opportunity for the growing number of people with particular expertise to provide a reference for others whose work is related but differs in focus This is the first Handbook of Community Psychology It contains contributions from 106 different authors in addition to our editorial introductions Its thirty eight chapters including two that are divided into multiple individually authored parts are concerned with conceptual frameworks empirically grounded constructs intervention strategies and tactics social systems design assessment and analysis cross cutting professional issues and contemporary intersections with community psychology Although interrelated each chapter stands on its own as a statement about a particular part of the field and the volume can serve as a reference for those who may want to explore an area about which they are not yet familiar To some extent community psychologists eschew the distinction between researcher and practitioner and regardless of one's primary work environment university small college practice setting government or grassroots organization there is something of interest for anyone who wants to explore the community psychology approach

Ethical Implications of Primary Prevention Robert Hess, 1990 Here is the first systematic and focused treatment of the ethical implications of primary prevention practice and research This important volume reviews historical precedents assesses current practice and points to future directions concerning the ethical implications of primary prevention interventions and research It provides a philosophical framework for the consideration of the ethical issues involved when preventionists intervene to do good The primary prevention movement has gained increasing momentum across a wide variety of mental health and social service fields including psychology psychiatry social work psychiatric nursing and public health Because of the primitive state of development of the field of primary prevention many planned social interventions are necessarily based upon hunches thus exposing citizens to interventions whose outcomes are not altogether assured Although there is wide acknowledgment that ethical considerations should be significant in determining preventionists' actions scant attention has been paid to the ethical implications of this rapidly growing area of practice and research Minimal literature exists that addresses the ethical implications of preventive interventions in the human services and training programs give short shrift to the issue Professional codes of ethics also do not address the unique issues of primary prevention focusing instead on the more traditional direct practice roles In beginning to suggest how ethical standards for prevention research and practice can be developed this volume will stimulate discussion and frame the future debate about ethical behavior by preventionists Even more important preventionists will no longer be able to discount or omit ethical considerations as they conceptualize and implement their work *Ethical Implications of Primary Prevention* contains provocative chapters from a variety of perspectives that will promote a spirited debate about

the real impact of preventionists actions
