Economics Of Defense:

The Economics of Defense Todd Sandler, Keith Hartley, 1995-05-18 Defense economics examines both peace and defense issues using such macroeconomic and microeconomic tools as growth theory static optimization dynamic optimization comparative statics game theory and econometrics This book provides an up to date survey of the field of defense economics synthesizing and unifying the vast literature in this area Many aspects of defense disarmament conversion and peace are examined both demand and supply issues of defense spending are analyzed *The Economics of Defense Spending* United States. Assistant Secretary of Defense (Comptroller), 1972 **The Economics of Defense , The Economics of Defence Policy** Keith Hartley, 2011 Since the end of the Cold War the world has been faced with new regional conflicts terrorism and threats from the proliferation of weapons of mass destruction and from rogue states The world remains uncertain unstable and insecure with continued threats to global peace and security The world economic crisis has also threatened government spending with defence as a candidate for spending cuts Choices have to be made about the size of a nation s defence budget its allocation between nuclear and conventional forces between equipment and personnel and between air land and sea forces Major reductions in defence spending and the challenge of maintaining security with increasingly limited resources will confront the defence budgets of all nations This book identifies the typical questions raised by economists when studying defence policy shows how simple economic analysis can be used to answer these questions and provides a critical evaluation of defence policy Controversial and illuminating this pioneering work subjects the myths emotion and special pleading which dominate defence debates to the close scrutiny of economic analysis and critical appraisal It identifies the range of choices facing all governments with examples taken from the UK Europe and the USA This valuable contribution should be of interest to postgraduates and researchers focusing on defence economics as well as those working in the military or defence ministries **The Economics of Defense** Members of Congress for Peace through Law. Military Spending Committee, 1971 **The Economics of Defence, Disarmament, and Peace** Keith Hartley, Nick Hooper, 1990 This major reference work is a comprehensive critical guide to the large and growing literature on the economics of defence disarmament and peace It covers the cost of defence spending and its effects on growth investment unemployment technical change and other aspects of a nation s economic performance It includes material on the determinants of defence spending namely defence budgets programme budgeting and procurement policy It also deals with the economic impact of arms limitation disarmament and the conversion from military production to products with peaceful uses **The Economics of Producing Defense** Yaacov Lifshitz, 2012-12-06 The Economics of Producing Defense Illustrated by the Israeli Case begins with an overview of the development of defense economics as a sub discipline of the general theory of economics and points at the new challenges it is facing in the post Cold War era It focuses then on the supply side of defense economics presenting theoretical analyses and empirical findings related to the use of various inputs

manpower domestically made defense products imported arms in providing national security Most of the issues under discussion are further elucidated by examples from Israel s experience As a small economy that faces continuously severe security problems Israel s way of coping with defense economic issues may indeed forward some interesting lessons for a wider audience The principal aim of the book is to convince policy makers and the public at large of the contribution defense economics could make to more effective management of national security problems This aim is encouraged by the growing weight attached to economic considerations and consequences in producing and supplying defense as demonstrated in the detailed discussion

Defense Economics Gavin Kennedy,1983 Study of defence economics defence budgeting and arms procurement in UK France Germany Federal Republic Canada USA and USSR the defence industry s militarism and economics of disarmament includes a literature survey of military expenditure and background economic theory examines NATO and selected countries gross national product and per capita national income analyses defence planning inter relationship between military institutions and industries supplying military hardware considers impact of defence spending
