Richey, 2018-09-12 Ecumenical Interreligious Perspectives Globalization in Theological Education is a collection of articles on the wide ranging effects of ecumenism on theological education Fifteen eminent historians theologians missiologists Christian educators and ecumenists in the United Methodist Church and other denominations have addressed such topics as the critical redefinition of ecumenism global inclusiveness and the cultural assumptions implicit in interreligious dialogue These important essays show that the seminaries are responding to the new global awareness with vigor and sensitivity Together they give us a picture of theological education that is spiritually and intellectually prepared to face the challenges of the twenty first century **The Old Testament in Theology and Teaching** Teresa Chai, Dave Johnson, 2018-03-23 APTS Press is privileged to offer this festschrift honoring Dr Kay Fountain who for more than twenty years has served the Lord at the Asia Pacific Theological Seminary APTS in Baguio City Philippines first as a student then as a faculty member and finally as the Academic Dean Our hope is that this book will reflect her passion for teaching and understanding the Old Testament which has instilled in her students that kind of passion for the ministry as well From the Foreword *Locating US Theological Education In a Global Context* Hendrik R. Pieterse, 2019-06-21 CONTRIBUTORS E Byron Anderson K K Yeo Margaret Eletta Guider OSF Lester Edwin J Ruiz Brent Waters Namsoon Kang Luis R Rivera and David Esterline Theological education in the United States finds itself in untested circumstances today Rapid social change is creating an increasing multicultural multiracial and multireligious context for leadership formation At the same time international enrollment cross border educational initiatives student and faculty exchanges and more are connecting US theological schools with a global community of Christian teaching and learning How do US theological institutions locate themselves within this global ecology of theological formation so as to be both responsible participants and creative shapers within it That is how do they discern their proper place and role It is questions like these that the contributors to this volume explore Building on the decades long discussion about the globalization of US theological education this book argues that in engaging such questions US theological institutions have much to gain from a sustained conversation with the burgeoning literature on the internationalization of American higher education This research

offers theological institutions a trove of insights and cautionary tales as they seek to discern their rightful place and role in educating leaders in and for a global Christian church CONTRIBUTORS E Byron Anderson K K Yeo Margaret Eletta Guider OSF Lester Edwin J Ruiz Brent Waters Namsoon Kang Luis R Rivera and David Esterline *Denominationalism Illustrated and Explained* Russell E. Richey, 2013-03-18 Evidence of mainstream denominational decline virtually throws itself in our faces growing religious pluralism in North America the decline over the last half century in the salience prestige power and vitality of Protestant denominational leadership slippage in mainline membership and corresponding growth vigor visibility and political prowess of conservative evangelical and fundamentalist bodies patterns of congregational independence including loosening of or removal of denominational identity particularly in signage and the related marginal loyalty of members emergence of megachurches with resources and the capacity to meet needs heretofore supplied by denominations training literature expertise growth within mainline denominations of caucuses and their alignment into broad progressive or conservative camps often with connections to similar camps in other denominations widespread suspicion of indeed hostility towards the centers and symbols of denominational identity the regional and national headquarters migration of individuals and families through various religious identities sometimes out of classic Christianity altogether Denominationalism looks doomed and is so proclaimed It may be However viewing the sweep of Anglo American history this volume suggests how much denominations and denominationalism have changed how resilient they have proved how significant these structures of religious belonging have been in providing order and direction to American society and how such enduring purposes find ever new structural institutional expression **Handbook of Theological Education in World Christianity** Dietrich Werner, David Esterline, Namsoon Kang, Joshva Raja, 2010-11-19 The Handbook of Theological Education in World Christianity is the first attempt to map and analyze developments in theological education on a global scale This volume with contributions from 98 leaders in theological education from around the world provides a comprehensive introduction to the major themes and contexts in the international discourse on theological education surveys of the issues and challenges faced in different regions and introductory essays on the developments in the major denominational families in World Christianity The editors are Dietrich Werner World Council of Churches Geneva David Esterline McCormick Theological Seminary Chicago Namsoon Kang Brite Divinity School Fort Worth and Joshva Raja Queen s Foundation Birmingham **Beyond Intolerance** Stella Adamma Nneji, 2018-04-20 There is no gainsaying the fact that the problem of religious intolerance has become a worldwide problem In today's pluralistic society the dialogical tension between openness and identity has become a major challenge for interreligious dialogue and peaceful co existence This tension is expressed in the question Can one maintain one's own religious identity without one closing oneself off from the other This question is central to the challenges posed on how religious education can contribute to sustainable peace in Nigeria and the world over In this book Stella Nneji critically assesses the various models of religious pedagogy mono religious multi religious and inter religious by asking how

these models relate to the dialogical tension between openness and identity in Nigeriaaa nation perceivably confronted with an enduring history of post colonial strife religious intolerance and violence The contention is that the mono religious and multi religious models which while dominant in current practice and in academia nevertheless fall short of expressing the authentic challenges and opportunities religious intolerance presents in Nigerian multi religious cultural context In this connection this book provides a clear notion of the theological foundation principles and framework of inter religious education and a practical guide for authentic dialogue in a plural context She calls for a paradigm shift for confessional religious pedagogy to a model of inter religious learning as incorporated within the hermeneutical communicative education On this basis the book proposes a new model for the role of religious education in Nigeria This model in a critical enculturated way attempts to recognize the tensions of authentic religious difference presupposing a broad spectrum of difference in the classroom in a way that also incorporates genuine religious encounters and expressions of identity

Jones,2010-02-01 To honor the deanship of his predecessor Martha J Horne Ian S Markham dean of Virginia Theological Seminary challenged his faculty colleagues to reflect on living with a divided mind where learning and living go hand in hand with diversity division protracted discussions and lasting disagreements Faculty members discuss God s mission for the Church as it worships and finds its life in prayer and as it opens the Bible and finds not one voice but many as it interprets and preaches the Holy Scriptures of the Christian Church These are the reflections of a community which works to remain one and to remain open Recovering the Love Feast Paul Fike Stutzman,2011-01-01 What is a Love Feast How did the early church celebrate the Love Feast How might Christians today celebrate the Love Feast In *Recovering the Love Feast* Paul Stutzman addresses these questions offering a unique blend of liturgical history and practical theology Part I outlines the history of the Love Feast noting its prevalence in early church worship its gradual decline and its reemergence in the practices of several Pietist groups e g the Moravians Methodists and Brethren Particular

focus is given to five elements of the celebration that is eucharistic preparation footwashing the fellowship meal the holy kiss and the Eucharist proper In Part II Stutzman argues that the Love Feast is a valuable Christian practice and a celebration worth recovering in those traditions that may have forgotten the feast Rather than prescribing a specific method for celebrating the Love Feast Stutzman proposes that there are five key disciplines that today's Love Feasts should embody submission love confession reconciliation and thanksgiving This book encourages Christians from a range of traditions to experiment with reclaiming the Love Feast with the hope that each celebration serves as an act of worship to God and an authentic expression of Christian discipleship *Cyber Worship in Multifaith Perspectives* Mohamed Taher, 2006-08-17

Exploring Worship Fernando Arzola Jr.,2011-03-23 How we worship determines what we believe Prosper of Acquitane a disciple of Augustine once wrote ut legem credendi lex statuat supplicandi the law of prayer determines the law of belief This is significant for it expresses that how we pray determines what we believe Exploring Worship engages in a comparative study of Catholic Evangelical and Orthodox teachings on corporate worship and suggests classic practices that help deepen the understanding and experience of worship This is significant in at least four ways Theologically it contributes to the important and continuing dialogue among Catholics Evangelicals and Orthodox Historically it highlights the integrative potential between these three groups contrary to its history of distrust and outright animosity Spiritually many Christians are seeking a deeper devotional expression Exploring Worship provides an examination of worship rooted in the rich history and traditions of the Church Pedagogically this will suggest practices that help deepen the understanding and experience of worship Exploring Worship invites us to more critically intentionally and sympathetically reflect on the ways we worship and its place in our churches

Reclaiming Mission as Constructive Theology Paul S. Chung,2012-03-09 Reclaiming Mission as Constructive Theology offers a compelling case for the need to integrate God s mission and missional church conversation with a public and post colonial study of World Christianity Driven by a commitment to publicly engaged theology that takes seriously the reality of Global Christianity Paul Chung presents a vital new model for understanding the mission of God as a dynamic word event This is argued in conversation with contemporary missional theology and analysis of the development of Global Christianity and as such brings important transcultural issues to bear on contemporary American conversations about the missional church All of this serves to innovatively stimulate this missional church conversation and more directly address the various questions that arise in pursuing mission in a multiculturalized American society

**Discerning the Spirit(s)** Amos Yong, 2019-03-08 Efforts to construct a Christian theology of religions have inevitably stumbled on the Christian scandal of particularity the historical Jesus of Nazareth What however if we began by focusing on the universal presence and activity of God in the world as symbolized by the Holy Spirit Yong develops just such a pneumatological approach to religions drawing by way of resource on the Pentecostal charismatic experience of the Spirit This book thus invites Pentecostals charismatics and other Christians to conceive of how a pneumatological approach to religions can invigorate the wider ecumenical conversation At the same time it also brings recent Pentecostal charismatic scholarship into dialogue with a broader audience including those interested in philosophical theology world religions global spiritualities and comparative religion and theology CURRENT CONTENTS ,1996
