Ecumenism In Transition:

Ecumenism in Transition Konrad Raiser, 1991 Whenever an attempt has been made in recent years at a diagnosis of the ecumenical movement an impression has emerged of stagnation or even resignation Has the momentum been lost Taking this question as his starting point in this book Konrad Raiser undertakes a critical examination of the present day problems areas in the ecumenical movement What some see as a period of marking time and helplessness he attempts to understand in terms of a paradigm shift which will lead to fresh approaches to contemporary problems **Ecumenism in Transition**

Garcia,2019-10-14 In

Recovering the Ecumenical Bonhoeffer Javier Garcia explores the possibilities for Dietrich Bonhoeffer s theology to revitalize interest in the ecumenical movement and Christian unity today Although many commentators have lamented the waning interest in the ecumenical movement since the 1960s the celebration of the 500th anniversary of the Protestant Reformation in 2017 coupled with recent in roads such as the ecumenical efforts of Pope Francis have opened new possibilities for the ecumenical project In this context Garcia presents Bonhoeffer as a helpful model for contemporary ecumenical dialogue He finds important points of convergence between Bonhoeffer and Calvin thereby establishing potential areas of rapprochement between the Lutheran and Reformed traditions Beyond examining the state of ecumenism and unfolding the ecumenical promise of Bonhoeffer s thought Garcia assesses the future of ecumenical engagement in a secular age Altogether he

proposes a recovery of the ecumenical Bonhoeffer for envisioning new possibilities for church unity in our day *Beyond Maintenance to Mission* Craig L. Nesson,1999 This book argues compellingly for the centrality of mission in understanding the church and provides a model for congregational leadership that will help move congregations beyond a maintenance mentality to vital engagement with the world God loves Nesson s model of congregational leadership is strongly centered on worship life of a congregation and the entirety of the church s ministry The chapters provide solid theological and practical direction on the themes of worship education fellowship stewardship evangelism global connections ecumenism and social ministry It is a book that will find a home in both the academy and the parish a textbook for seminarians and a guide and resource for pastors and lay congregational leaders **The Oxford Handbook of Ecumenical Studies** Geoffrey

and discipleship Dr Murphy notes areas in which the Dialogue has evolved since its inception in 1972 She unpacks the commonalities that bond Catholics and Pentecostals and examines theological divergences and challenges to dialogue While Catholics approach becoming a Christian from a sacramental perspective most Pentecostals think of Christian initiation in non sacramental or conversionist terms a reality that fosters ongoing tensions between the two traditions Dr Murphy reveals how Catholics and Pentecostals seek to overcome this dichotomy by honoring spirituality and experience as integral to the ecumenical encounter

The Transformation of American Religion : The Story of a Late-Twentieth-Century Awakening Amanda Porterfield Professor of Religious Studies University of Wyoming, 2001-04-05 As recently as a few decades ago most people would have described America as a predominantly Protestant nation Today we are home to a colorful mix of religious faiths and practices

from a resurgent Catholic Church and a rapidly growing Islam to all forms of Buddhism and many other non Christian religions How did this startling transformation take place A great many factors contributed to this transformation writes Amanda Porterfield in this engaging look at religion in contemporary America Religious activism disillusionment with American culture stemming from the Vietnam war the influx of Buddhist ideas a heightened consciousness of gender and the vastly broadened awareness of non Christian religions arising from the growth of religious studies programs all have served to undermine Protestant hegemony in the United States But the single most important factor says Porterfield was the very success of Protestant ways of thinking emphasis on the individual s relationship with God tension between spiritual life and religious institutions egalitarian ideas about spiritual life and belief in the practical benefits of spirituality Distrust of religious institutions for instance helped fuel a religious counterculture the tendency to define spiritual truth against the dangers or inadequacies of the surrounding culture and Protestantism s pragmatic view of spirituality played into the tendency to see the main function of religion as therapeutic For anyone interested in how and why the American religious landscape has been so dramatically altered in the last forty years *The Transformation of Religion in America* offers a coherent and persuasive analysis
