Scharnhorst, 2014-04-15 Julian Hawthorne 1846-1934 Nathaniel Hawthorne's only son lived a long and influential life marked by bad circumstances and worse choices. Raised among luminaries such as Thoreau, Emerson, and the Beecher family, Julian became a promising novelist in his twenties, but his writing soon devolved into mediocrity. What talent the young Hawthorne had was spent chasing across the changing literary and publishing landscapes of the period in search of a paycheck, writing everything from potboilers to ad copy. Julian was consistently short of funds because, as biographer Gary Scharnhorst is the first to reveal, he was supporting two households: his wife in one and a longtime mistress in the other. The younger Hawthorne's name and work ethic gave him influence in spite of his haphazard writing. Julian helped to found *Cosmopolitan* and *Collier's Weekly*. As a Hearst stringer, he covered some of the era's most important events: McKinley's assassination, the Galveston hurricane, and the Spanish American War, among others. When Julian died at age 87, he had written millions of words and more than 3,000 pieces, outpublishing his father by a ratio of twenty to one. Gary Scharnhorst, after his own long career including works on Mark Twain, Oscar Wilde, and other famous writers, became fascinated by the leaps and falls of Julian Hawthorne. This biography shows why.

Literature and the Rise of the Interview

Rebecca Roach, 2018-11-15 Today interviews proliferate everywhere in newspapers on television and in anthologies as a method they are a major tool of medicine the law the social sciences oral history projects and journalism and in the book trade interviews with authors are a major promotional device We live in an interview society How did this happen What is it about the interview form that we find so appealing and horrifying Are we all just gossips or is there something more to it What are the implications of our reliance on this bizarre dynamic for publicity subjectivity and democracy Literature and the Rise of the Interview addresses these questions from the perspective of literary culture The book traces the ways in which the interview form has been conceived and deployed by writers and interviewing has been understood as a literary critical practice It excavates what we might call a poetics of the interview form and practice In so doing it covers 150 years and four continents It includes a diverse rostrum of well known writers such as Henry James T S Eliot Ezra Pound Djuna Barnes William Burroughs Philip Roth J M Coetzee and Toni Morrison while reintroducing some individuals that history has forgotten such as Betty Ross Queen of Interviewers and Julian Hawthorne Nathaniel's profligate son Together these stories expose the interview's position in the literary imagination and consider what this might tell us about conceptions of literature authorship and reading communities in modernity

Hawthorne in Concord

Philip McFarland, 2018-09-01 A richly textured account of the writer's three sojourns in New England illuminates Hawthorne's art and the intellectual ferment originating in that small bucolic town Publishers Weekly On his wedding day in 1842 Nathaniel Hawthorne escorted his new wife Sophia to their first home the Old Manse in Concord Massachusetts There enriched by friendships with Thoreau and Emerson he enjoyed an idyllic time But three years later unable to make enough money from his writing he returned ingloriously with his wife and infant daughter to live in his mother's home in Salem In 1853 Hawthorne moved back to Concord now the renowned author of The Scarlet Letter and The House of the Seven Gables Eager to resume writing fiction at the scene of his earlier happiness he assembled a biography of his college friend Franklin Pierce who was running for president When Pierce won the election Hawthorne was appointed the lucrative post of consul in Liverpool Coming home from Europe in 1860

Hawthorne settled down in Concord once more He tried to take up writing one last time but deteriorating health found him withdrawing into private life In Hawthorne in Concord acclaimed historian Philip McFarland paints a revealing portrait of this well loved American author during three distinct periods of his life spent in the bucolic village of Concord Massachusetts I don't know when I have read a book as satisfying as Hawthorne in Concord David Herbert Donald Elizabeth Manning Hawthorne Elizabeth Manning Hawthorne, 2006 An annotated selection of unpublished letters by Nathaniel Hawthorne's sister Retrieved from seven different libraries this corpus of letters was preserved by the Manning family chiefly for their value as records of Nathaniel Hawthorne's life and work but they ironically also illuminate the life and mind of a fascinating
