Hayati My Life:

Hayati, My Life miriam cooke,2000-11 Experiences of three generations of Palestinian women whose lives are torn apart by war rape and dispossession and poverty Jacket **Growing Up in an Egyptian Village** H.M. Ammar,2013-09-05 This is Volume IV of eighteen in a series on the Sociology of Development Originally published in 1954 this text stems from years of field work in the village in Silwa Province of Aswan Egypt which has a homogenous social structure and economic life Although quite isolated geographically it has not been unaffected by social change and part of the book deals with the impact of a modern system of schooling on the outlook and activities of the villagers *Sayyid Qutb's Radical Islamism and the Comparative Political Theology* Dragos Stoica,2025-02-15 Sayyid Qutb s Radical Islamism and The Comparative Political Theology argues that Sayyid Qutb s radical critique of secular modernity seen as a product of a great theft of sovereignty that usurps the monopoly of God over the entire world of creation is not idiosyncratic or incoherent but a quintessential expression and an extreme type of a specific tradition of political theology that until now has been exclusively the province of the Western thought Dragos Stoica claims that Sayyid Qutb s political theology of Hakimiyyah God s Sovereignty is better understood by integrating it in a wider context of the antimodern political theology Thus throughout this book he compares Qutb s critique of modernity with the Pakistani Islamist thinker Abu al A la Mawdudi 1903 1979 the Spanish Catholic counter revolutionary political theologian Juan Donoso Cort s 1809 1853 as well as the Protestant political theologians Abraham Kuyper 1837 1920 and Rousas J Rushdoony 1916 2001 This book employs a family resemblance cross cultural comparative method and applies a cross disciplinary analytical model that combines comparative political theology with critical discourse analysis Employing these analytical instruments this book compares Qutb and his counterparts via the category of anti modern political theology more precisely through a set of shared antitheses organized around the master concept of God s Sovereignty The ultimate objective is to augment the understanding of the Qutbian critique of secular modernity as an essential dimension of anti modern political theology Thus by recasting Sayyid Qutb as an essential Muslim political theologian of God s Sovereignty placed within a larger cross cultural paradigm this book contributes as well to the necessary process of decolonization of political theology The Literary Imagination in Israel-Palestine H. Cohen,2016-04-30 This book presents a cutting edge critical analysis of the trope of miscegenation and its biopolitical implications in contemporary Palestinian and Israeli literature poetry and discourse The relationship between nationalism and demographics are examined through the narrative and poetic intrigue of intimacy between Arabs and Jews drawing from a range of theoretical perspectives including public sphere theory orientalism and critical race studies Revisiting the controversial Brazilian writer Gilberto Freyre who championed miscegenation in his revisionary history of Brazil the book deploys a comparative investigation of Palestinian and Israeli writers preoccupation with the mixed romance Author Hella Bloom Cohen offers new interpretations of works by Mahmoud Darwish A B Yehoshua Orly Castel Bloom Nathalie Handal and Rula Jebreal among

In The Shadows of Glories Past John W. Livingston, 2018-02-01 The title of this volume implies two things the greatness of the scientific tradition that Muslims had lost and the power of the West in whose threatening shadow reformers now labored to modernize in order to defend themselves against those very powers they were taking as models Copernicus and Darwin were the names that dominated the debate on science whose arguments and rebuttals were published mainly in the religious and secular journals in Cairo and Beirut from the 1870s Analysis and interpretation of this literature shows the hope that Arab reformers had of duplicating the Japanese success followed by the despair when success was denied A cultural malaise festered from generations of despair defeat and foreign occupation and this feeling transmogrified after 1967 to a psychosis in a significant number of secular writers educators and religious reformers The great debate on assimilating science was turned inward where defensive mechanisms of denial spun out perversions of science the Quran becoming a thesaurus of science and a more extreme derivative of that something called Islamic Science arising as an alternate science that was to be in harmony with the Quran Shari'a and Muslim belief This volume reveals the undermining effect of European imperialism on western oriented religious reformers and secular intellectuals for whom science and political reform went together and concludes

with a chapter on the state of science in contemporary Muslim societies and the efforts to institutionalize science before the upheavals of 2011 so as to bring to life an authentic and indigenous culture that would sustain scientific study and research as autonomous pursuits

Struggling to come to terms with taboos concerning her maturing body, the young Nawal's writing reveals the makings of a revolutionary spirit and relentlessly analytical mind.
