Head Games Body Of Evidence:

Body of Evidence #7 Christopher Golden, Rick Hautala, 2001-02 It's quite a mystery isn't it I mean how do you burn someone to death in public and not have anyone notice Two people burst into flame burned alive in front of plenty of eyewitnesses with no obvious cause Spontaneous human combustion is a bizarre phenomenon but according to published accounts it happens Could that be what occurred here Or is it murder As Jenna Blake turns nineteen she is getting over a recent breakup and is rekindling an old flame Between her personal life and college she has enough on her hands The last thing she needs is another nasty little puzzle But the burn victims clothes weren't flammable the crime scenes reveal no evidence of arson and none of the various witnesses can provide anything resembling a clue In fact she and Slick are just beginning to re-evaluate their faith in rational scientific explanation when the fire claims another victim and an incredible explanation presents itself Even as they struggle with their discovery the danger hits far too close to home *Body of Evidence* Debra Webb, 2018-07-01 He'll do anything to protect this doctor's life in a novel of killer passion and suspense from a master storyteller Allison Brennan New York Times bestselling author ER doctor Marissa Frasier needs the best protection after she's wrongly suspected of her ex-husband's murder And rugged Colby Agency investigator Lacon Traynor is keeping her close 24/7 helping her find the truth and uncovering her most vulnerable passion But someone else wants Marissa for his own and is about to use their desire as one killer trap I absolutely love Debra Webb's writing the stories have such effortlessly smooth flow that makes them impossible to put down The tension sneaks up on you and keeps you on the edge and while the protagonists have depth and likable personalities the villains are eerily frightening and sinister Books Spoons
