Sellers, PHD, 2023-04-18 A galvanizing call to end family based anti female violence shaming and shunning stories and practices for healing from Family Mobbing Family Mobbing is a strategic process of power and control When daughters are mobbed they're not just shunned attacked or slandered they're also subjugated by a system of family rules that reinforces patriarchal oppression What makes

mobbing so insidious and so under reported is that here family itself is the site of violence trauma and shame Family violence against girls and women is still legal even in America and even now Across cultures girls and women may be shunned or shamed emotionally mistreated or physically attacked by their families to maintain status social conventions and the family's own standing within their community Family Mobbing tactics can include slander gossip rejection beatings anti Queer violence and even honor killings child marriages and forced abortion Author Stephanie Sellers herself a survivor explores the global phenomenon of Family Mobbing revealing the secrets and patterns that play out behind closed doors and remain unseen unacknowledged and unaddressed She discusses Why families and communities alienate members of their groups Why women girls and LGBTQIA2S people are at higher risk of mobbing The ramifications of raising daughters to be submissive How and why mothers and grandmothers perpetuate cycles of Family Mobbing against their daughters How to move on after being mobbed shunned or shamed Firsthand accounts from people all over the world who were mobbed by their families How different religious worldviews inform the practice and perpetuation of Family Mobbing Sellers offers stories definitions and solutions to help women girls and people of all genders who have been mobbed by their families She remembers and honors vast ancient traditions that recognize female sanctity and personhood as paths forward to healing with a focus on the practices and worldviews of Mother first cultures that can illuminate the path toward honoring valuing and respecting daughters

Healing the Masculine Soul Gordon Dalbey, 2003-09-09 In his groundbreaking book fifteen years ago Gordon Dalbey

identified the fact that men's souls have been torn between strength and sensitivity. Today the situation is even worse. The politically correct crowd cries out for men to be more sensitive to tame their masculine nature. On the opposing side the media bombards men with macho images of violence and lust. Is it any wonder men are left bewildered about who they should be? In this newly revised and updated edition of *Healing the Masculine Soul*, Dalbey claims that there's hope for restoration, hope for healing because Christ has come to heal us. God is calling men out to a relationship with Himself and calling them out to authentic manhood. Our task is not to curse our manhood but to redeem it. He writes Gordon Dalbey's refreshing comprehensive picture of God's design for the masculine soul dares men to be as God created them to be, not as society demands. Dalbey tackles the tough issues including work, sexuality, marriage, and fatherhood. Book includes Study Guide.
