**Cultural Psychology of Musical Experience** Sven Hroar Klempe, 2016-05-01 This book forms a basis and a starting point for a closer dialogue between musicologists anthropologists and psychologists to achieve a better understanding of the cultural psychology of musical experience This is done by arranging a meeting point or an arena in which different aspects of psychology and musicology touch and encounters each other due to how the two fields might be defined today In line with this the book consists of a group of scholars that have their feet solidly grounded in psychology social science or musicology but at the same time have a certain interest in uniting them On this basis it is divided into five parts which investigates musical sensations musical experiences musical transformations musical fundamentals and the notion of a cultural psychology of music Thus another aim of this book is to prepare the basis for a further growth of a cultural psychology that is able to include the experiences of music as a basis for understanding the ordinary human life Thus this book should be of interest for those who want to investigate the mysterious intersection between music and psychology

**ENDORSEMENTS** Near a century ago Alfred North Whitehead a philosopher sensitive to the natural vitality of human intelligence warned against the restriction of awareness by products of logical discernment This book makes a bold and much needed effort to recover an appreciation of the creative agency in music of all kinds which supports mastery of all domains of cultural intelligence including language and artificial intelligence We need to replace a rational psychology of musical form with appreciation of impulses of musicality in the life of every human society From birth and before a human mind is eager to share the rhythms and tones of awareness with feeling in body movement elaborated in song instrumental performance or dance The scholastic disciplines of psychology anthropology musicology and ethnomusicology separated by artificial conventions need to recover this common ground by a project that aims at

assembling disciplines that have been separated and developed individually for almost hundred years to achieve a better understanding of the cultural psychology of musical experience This collection of papers boldly meets this challenge with skillful respect for the complicated history of our understanding Colwyn Trevarthen Professor Emeritus of Child Psychology and Psychobiology School of Philosophy Psychology and Language Sciences The University of Edinburgh This book is an important marker in the next wave of interdisciplinary socio musical study Culture individual experience and social forces converge here and are addressed and sometimes redressed through musical means Bravo Tia DeNora Professor Sociology Philosophy Anthropology SPA Exeter University EX4 4RJ UK Klempe has crafted a fascinating collection of discussions that is accessible and inspiring Both students and experts will find this book invaluable Fathali Moghaddam Professor of Psychology Director of the Interdisciplinary Program in Cognitive Science Georgetown University
