Activating Your Healing Energies -- Physical, Mental, Spiritual Ed Leary, 2011-07-25 Our Energy Spectrum Whenever I have a problem to solve I know that both the problem and the solution are constructed from energy If I really thought about it I would probably conclude that all of my problems while on this planet earth were created by human energies This is especially true of our health Whenever I look for a solution I invariably begin with physical symptoms and arrive mostly at a physical solution I know that we all have energies that are not physical We have energies of a higher vibration with varying polarities that manifest as thought emotion subconscious impressions and even spiritual impressions All of these energies are required to promote true holistic healing The healing energies that Im referring to dont merely suppress symptoms either as the general populations seem to prefer Healing energies must treat the whole person both physical and subtle so that healing can be more permanent and more satisfying In order to accomplish this however a change of viewpoint a change of attitude or even a change in beliefs is often required In addition no healing is possible without an understanding of the laws that govern the physical as well as the more subtle realms of mind and Spirit Violation of these laws is the main reason that we get sick suffer and die Therefore those ancient barriers that our institutions have constructed between science psychology and religion must come down Then and only then will we understand what laws we violated that made us sick and what we must do to get well Ed Leary
