Moonlit Magic and Desire Annie Moreno, 2025-09-25 When marine biologist Dr Lyra Chen discovers sea creatures that shouldn't exist in her research samples she thinks stress from her recent divorce is making her see things But the impossible specimens are just the beginning of a journey that will shatter everything she believes about reality and

herself Kai Nightshade appears in her life like a storm given human form carrying secrets that span centuries and eyes that hold the depth of tempests He claims she s awakening to abilities that transcend human understanding that she s something called a Phase Walker one of the rare beings who can traverse the barriers between dimensions But Lyra is a scientist She deals in facts not fairy tales Until the night she accidentally steps between worlds Eight mystical realms exist parallel to our own each governed by different laws of magic and consciousness The Forge Realm burns with dragon fire and molten metal The Deep Realm hides ancient cities beneath impossible oceans The Storm Realm crackles with lightning beings who dance through eternal tempests And in the spaces between them all something hungry waits in the darkness As Lyra s powers grow so does the danger Government agents hunt Phase Walkers for experimentation Shadow entities feed on the energy released when dimensional barriers collapse And behind it all a cosmic conspiracy has been manipulating human consciousness for millennia trapping awareness in cycles of limitation and fear The barriers between realms are failing In seven days reality will converge into something unrecognizable Lyra must choose between the safety of her human limitations and the terrifying responsibility of unlimited power Between the comfortable lies that have defined her existence and the cosmic truths that could save or destroy everything she s ever loved But the greatest revelation awaits Lyra isn t just awakening to her abilities She s remembering what she chose to forget when consciousness first fragmented itself eons ago creating the illusion of separation to escape the overwhelming intensity of unlimited existence With Kai at her side a being who has waited centuries for her to remember their connection Lyra must discover whether love can transcend every limitation placed on consciousness itself Whether two souls can become unlimited awareness without losing what makes their individual perspectives precious The fate of existence hangs in the balance And the key to salvation lies not in power or magic but in love that grows stronger through connection rather than being diminished by it Some boundaries were made to be broken Some loves transcend the laws of reality itself And some choices reshape the fundamental nature of what it means to be conscious A sweeping romantasy epic that explores the cosmic power of love the illusion of limitation and the courage required to become everything consciousness was meant to be **Saved, Delivered, and Healed** Tony Richie, 2022-08-30
