ethics or healthcare ethics and law courses in health care management nursing health sciences medicine and more 2026 300 pages An Evidence-based Approach to the Treatment and Care of the Older Adult with Cancer Diane G. Cope, Anne M. Reb, 2006 Description The book offers a comprehensive overview of the treatment and care of the older adult with cancer The evidence based practice approach is timely and provides the foundation for nursing practice that is the expected standard of care The use of the case study at the end of each chapter assists the reader in the synthesis and application of the information The book addresses every aspect of the care and treatment of not only the cancer patient but also the family The chapter on complementary therapy is a bonus Purpose The purpose is to focus on the unique aspects of treatment and care that the older adult with cancer requires Addressing the older adult with cancer is of paramount importance to not only the health of the individual but of the family community and society The book meets the author's objectives Audience This is written for all healthcare providers The authors have written a book that can be used by geriatric oncology nurses but it is appropriate for the multidisciplinary team that provides care to the older adult with cancer The authors have the professional background with applicable experience to edit this book Features This book covers more than the care and treatment of cancer in the older adult It provides necessary background information that demonstrates the impact of cancer on the older patient and their significant others The assessment information is useful for both experienced and novice nurses The use of chapter case studies enables healthcare providers to apply the chapter content The use of an evidence based practice approach to delivering healthcare is essential The information allows nurses to use the findings from reviewed research literature in providing the best care for their patients in an efficient manner that also considers patient preferences the risks and the benefits of treatment or lack thereof Assessment This book provides guidance to novice to expert nurses in the treatment and care of the older adult cancer patient using a holistic approach The chapters are well written by authors who are experts in their field The Cochrane Guidelines are considered the gold standard for evaluating research that impacts treatment selection and care of all patients Their use in the reference materials lends credibility to the information that is presented in the book Publisher *Toward a Moral Horizon* Patricia Rodney, Janet L. Storch, Rosalie Catherine Starzomski, 2004 A Canadian nursing ethics book written specifically for study at an advanced level Back cover **New Titles in Bioethics** , 1997 Healthcare Ethics in a Diverse Society Michael C. Brannigan, Judith A. Boss, 2001 This text reader performs two tasks First it provides a sound comprehensive introduction to the field of conventional Western medical ethics second it introduces readers to cross cultural perspectives related to these or similar issues *Genetics and Ethics* Gerard Magill, 2004 Publisher description The sixteen original essays in this book provide a critical guide to many ethical issues at the heart of genetics technology and our genetics future Drawing on fields ranging from medicine and law to religion health policy and biotechnology the essays address the core topics at the heart of current debates legal policy and business dimensions of the genetics revolution cultural and social implications of genetics and practical and clinical issues

The essays serve as authoritative guides to current concerns in a wide range of areas from the impact of genetics on aging and long term care to the ethics of pharmacogenetics prenatal screening and research with children An epilogue connects ethics discourse to debates on embryonic stem cell research and therapeutic cloning **Professional Ethics** ,1999 **The Human Development Hoax** C. Ward Kischer,Dianne Nutwell Irving,1997 **The Journal of Clinical Ethics** ,1999

Listening to the Whispers Christine Sorrell Dinkins,Jeanne Merkle Sorrell,2006-05-30 Listening to the Whispers gives voice to scholars in philosophy medical anthropology physical therapy and nursing helping readers re think ethics across the disciplines in the context of today s healthcare system Diverse voices often unheard challenge readers to enlarge the circle of their ethical concerns and look for hidden pathways toward new understandings of ethics Essays range from a focus on the context of corporatization and managed care environments to a call for questioning the fundamental values of society as these values silently affect many others in healthcare Each chapter is followed by a brief essay that highlights issues useful for scholarly research and classroom discussion The conversations of interpretive research in healthcare contained in this volume encourage readers to re think ethics in ways that will help to create an ethical healthcare system with a future of new possibilities Outstanding Academic Title Choice Magazine
