Economic Reforms, Growth and Inequality in Latin America Gustavo Indart, 2019-06-04 Originally published in 2004 Growth income distribution and labour markets are issues of pivotal importance in the Latin American context Examining unique theoretical issues and the empirical evidence this book provides a critical analysis of the key elements of income distribution determinants labour market functions trade policies and their interrelations As the advance of globalization becomes seemingly unstoppable this book provides an important reappraisal of the impact of this new phenomenon and in particular the pernicious impact it may have on income growth and distribution The key objective of the volume is to integrate more fully the analysis of trade and labour market economists in order to better understand the labour market and income distribution implications of globalization and international integration Forty years after the early calls to appropriately investigate the micro foundations of macroeconomics the separation of the two at the policy level is more damaging than ever before particularly for developing regions this volume therefore makes an important contribution at the theoretical and policy levels by bringing together macroeconomic and microeconomic analyses

Black Swan: Economic Crises, Volume III Bernur Açıkgöz, 2024-12-26 This book continues the discussion from Volume I and Volume II on economic fiscal and financial crises in world history that have had a great impact on the entire world and the fiscal measures taken by governments to combat each crisis Such events are often described as Black Swans a concept introduced by economist and risk analyst Nassim Nicholas Taleb in the book *Fooled By Randomness* in 2001 in reference to events that were thought to be impossible but had a huge impact when they did happen Since the Great Depression of 1929 the greatest crisis of the 20th century there has been a second crisis in the 21st century with similar profound effects Liberalization of international capital movements and trade the existence of multinational companies the integration of international markets and financial movements and the country's economies are closely linked In the 21st century we are living in with the effect of globalization we can see that the markets have gradually become a Global Village therefore an event that occurs in any continent is now affecting all countries including Turkey in a very short time In this third volume besides the important 21st century crises such as the Global Financial Crisis and the European Debt Crisis that caused the world economy to buckle under its pressures the causes and results of the recent economic crises breaking out in Argentina Turkey and Venezuela where financial fragility is high and severe financial problems exist are examined in detail
