Account of Plummer's development as a hunter from boyhood exploits with lurcher and terrier to adulthood with many interesting digressions Includes chapters on cock fighting and bird catching cooking and eating badgers foxes and rats hawks and hawking Although Plummer often comes across as bonkers many of his apparently eccentric actions such as badger eating or covering himself with a concoction of badger grease and herbs were experiments to establish the plausibility of claims made by other writers Being perpetually surrounded by people incapable of sharing this pioneering spirit of enquiry seems the source of his restlessness and the driving force behind the hundreds of books he wrote in his lifetime This is not to say that Plummer did not have deep problems as he himself describes in Hancock's *My Life with Lurchers* *Beyond Desert Walls* Ken Lamberton, 2015-11-01

From the upper bunk where I write a narrow window allows me a southern exposure of the desert beyond this prison Saguaro cacti residents here long before this rude concrete pueblo fill the upper part of my frame If I could open the window and reach out across the razed ground sand traps and shining perimeter fence I might touch their fluted sides their glaucous and waxen skins For some people even prison cannot shut out the natural world A teacher and family man incarcerated in Arizona State Prison the result of a transgression that would cost him a dozen years of his life Ken Lamberton can see beyond his desert walls In essays that focus on the natural history of the region and on his own personal experiences with desert places the author of the Burroughs Medal winning book *Wilderness and Razor Wire* takes readers along as he revisits the Southwest he knew when he was free and as he makes an inner journey

toward self awareness Whether considering the seemingly eternal cacti or the desolate beauty of the Pinacate he draws on sharp powers of observation to re create what lies beyond his six by eight cell and to contemplate the thoughts that haunt his mind as tenaciously as the kissing bugs that haunt his sleep Ranging from prehistoric ruins on the Colorado Plateau to the shores of the Sea of Cortez these writings were begun before Wilderness and Razor Wire and serve as a prequel to it They seamlessly interweave natural and personal history as Lamberton explores caves canyons and dry ponds evoking the mysteries and rhythms of desert life that elude even the most careful observers He offers new ways of thinking about how we relate to the natural world and about the links between those relationships and the ones we forge with other people With the assurance of a gifted writer he seeks to make sense of his own place in life crafting words to come to terms with an insanity of his own making to look inside himself and understand his passions and flaws Whether considering rattlesnakes of the hellish summer desert or the fellow inmates of his own personal hell Lamberton finds meaningful connections to his crime and his place to the people who remained in his life and those who didn't But what he reveals in *Beyond Desert Walls* ultimately arises from language itself a deep and perhaps even frightening understanding of a singular human nature
