**Frank Stricker**

## **Hazardous To Our Wealth Economic Policies In The 1980s:**

*Hazardous to Our Wealth* Frank Ackerman, 1984 This clear readable primer on the economic debates of the 1980s is an invaluable tool for those seeking to understand the supply side military Keynesian and monetary policies of the Reagan era and their continuing influence today Its call for putting people before profits is a compelling rejoinder to the neo Reaganism of the Clinton administration

*Hazardous to Our Wealth* Frank Ackerman, 1984 This clear readable primer is an invaluable tool for those seeking to understand the supply side military Keynesian and monetary policies of the Reagan era and their continuing influence today Its call for putting people before profits is a compelling rejoinder to the neo Reaganism of the Clinton administration

**Neoliberal Economic Policy and the Rise of Right-Wing Populism** John Komlos, 2024-12-28 This edited volume explores and makes explicit the links between neoliberal economic policies and right wing ideology The book focuses on the case of the US while situating these trends in the global political economy The book brings together contributions from an interdisciplinary perspective integrating economics political science and sociology to examine the connections between the economic precarity generated by neoliberalism and the rise of the far right The book argues that the creation of a flawed capitalist system has left a vacuum in policymakers ability to understand the impact of economic policies on human welfare and mental health and can be directly linked to a right wing populist movement driven by the frustrations associated with the transition from an industrial to a post industrial economy Chapters consider the history of neoliberalism and comparative studies of socio economic conditions before tackling specific issues associated with neoliberal policy such as the demise of unions the decline in manufacturing jobs the gig economy trickle down economics income inequality and the rise of elites in America This book will be of interest to a broad range of readers including those in politics economics sociology industrial organization and labour studies

**Why America Lost the War on Poverty--And How to Win It** Frank Stricker, 2011-02-01 In a provocative assessment of American poverty and policy from 1950 to the present Frank Stricker examines an era that has seen serious discussion about the causes of poverty and unemployment Analyzing the War on Poverty theories of the culture of poverty and the underclass the effects of Reaganomics and the 1996 welfare reform Stricker demonstrates that most antipoverty approaches are futile without the presence or creation of good jobs Stricker notes that since the 1970s U S poverty levels have remained at or above 11% despite training programs and periods of economic growth The creation of jobs has continued to lag behind the need for them Stricker argues that a serious public debate is needed about the job situation social programs must be redesigned a national health care program must be developed and economic inequality must be addressed He urges all sides to be honest if we don t want to eliminate poverty then we should say so But if we do want to reduce poverty significantly he says we must expand decent jobs and government income programs redirecting national resources away from the rich and toward those with low incomes *Why America Lost the War on Poverty And How to Win It* is sure to prompt much needed debate on how to move forward

Understanding the

Nature of Poverty in Urban America James Jennings, 1994-08-23 This book is designed to help readers navigate through the vast and rapidly growing literature on poverty in urban America The major themes topics debates and issues are examined through an analysis of eight basic questions about the nature and problem of urban poverty What is poverty and how is it measured What kinds of national policies have been utilized to manage poverty What are the major characteristics and trends associated with poverty in America and how are race and ethnicity reflected in these trends What are the major explanations for persistent poverty in the United States What are the major characteristics and themes reflected in the American welfare system and anti poverty policies How is the underclass defined and explained How have the poor utilized political mobilization to fight poverty in the United States How does social welfare policy directed at poverty in America compare to social welfare systems in other countries After analyzing these issues Jennings concludes with a brief overview of how public discussions related to poverty in the 1990s are similar to such debates in earlier periods Essential reading for urban policy makers social scientists and students of contemporary American urban concerns      **The Assault on Labor** Sandra L. Albrecht, 2016-12-20 The Assault on Labor details the 1986 Independent Federation of Flight Attendants IFFA strike against Trans World Airlines TWA one of the most dramatic instances of the heightened labor conflict in the 1980s Using extensive court union and company documents The Assault on Labor shows how the expanded use of permanent replacements in labor disputes has fundamentally altered workers legal right to strike Set within one of the biggest corporate raids of the time it was a strike of a predominantly female labor force that garnered respect throughout the labor movement for its solidarity and determination Faced with the permanent replacement of over 5000 strikers IFFA waged a three year struggle to return all workers to the line mobilizing political economic and legal actions to secure their jobs and survive as a union Despite critical successes in the courts in the aftermath of the strike the Supreme Court would render a decision that further strengthened permanent replacements Since the 1980s labor s major form of protest the right to strike has all but disappeared      Objectivity and the Silence of Reason George McCarthy, 2019-01-22 Issues important to the philosophy of social science are widely discussed in the American academy today Some social scientists resist the very idea of a debate on general issues They continue to focus on behaviorist and positivist criteria and the concepts methods and theories appropriate to a particular and narrow form of scientific inquiry McCarthy argues that a new and valuable perspective may be gained on these questions through a return to philosophical debates surrounding the origins and development of nineteenth and twentieth century German sociology In Objectivity and the Silence of Reason he focuses on two key figures Max Weber and Jurrgen Habermas reopening the vibrant and rich intellectual dispute about knowledge and truth in epistemology and concept formation logic of analysis and methodology in the social sciences He uses this debate to explore the forms of objectivity in everyday experience and science and the relations between science ethics and politics McCarthy analyzes the tension in Weber s work between his early methodological writings with their emphasis on interpretive science

subjective intentionality cultural and historical meaning and the later works that emphasize issues of explanatory science natural causality social prediction and nomological law While arguing for a value free science Weber was highly critical of the disenchanted and meaningless world of technical reason and rejected positivist objectivity McCarthy shows how Habermas attempted to resolve tensions in Weber's work by clarifying the relationship between the methods of subjective interpretation and objective causality Habermas believes that social science cannot be silent in the face of alienation false consciousness and the oppression of technological and administrative rationality and must adopt methodologies connected to the broader ethical and political questions of the day Drawing deeply on the Kantian and neo Kantian tradition that contributed to the development of Weber's method Objectivity and the Silence of Reason demonstrates the crucial integration of philosophy and sociology in German intellectual culture It elucidates the complexities of the development of modern social science The book will be of interest to sociologists philosophers and intellectual historians

**Foundations of Real-World Economics** John Komlos, 2023-03-20 The 2008 financial crisis the rise of Trumpism and the other populist movements which have followed in their wake have grown out of the frustrations of those hurt by the economic policies advocated by conventional economists for generations Despite this textbooks remain frozen in time continuing to uphold traditional policies as though nothing has happened Foundations of Real World Economics demonstrates how misleading it can be to apply oversimplified models of perfect competition to the real world The math works well on college blackboards but not so well on the Main Streets of America This volume explores the realities of oligopolies the real impact of the minimum wage the double edged sword of free trade and other ways in which powerful institutions cause distortions in mainstream models Bringing together the work of key scholars like Kahneman Minsky and Schumpeter this textbook takes into consideration the inefficiencies that arise when the perfectly competitive model is applied to the real world dominated by multinational oligopolies The third edition has been updated throughout bringing in new material on the financial crises the rise of populism racism inequality climate change and the Covid 19 pandemic A must have for students studying the principles of economics as well as micro and macroeconomics this textbook redresses the existing imbalance in economic teaching as John Komlos focuses on the paradigm of humanistic economics

**American Economic Policy in the 1980s** Martin Feldstein, 2007-12-01 Destined to become the standard guide to the economic policy of the United States during the Reagan era this book provides an authoritative record of the economic reforms of the 1980s In his introduction Martin Feldstein provides compelling analysis of policies with which he was closely involved as chairman of the Council of Economic Advisers during the Reagan administration monetary and exchange rate policy tax policy and budget issues Other leading economists and policymakers examine a variety of domestic and international issues including monetary and exchange rate policy regulation and antitrust as well as trade tax and budget policies The contributors to this volume are Alberto Alesina Phillip Areeda Elizabeth Bailey William F Baxter C Fred Bergsten James Burnley Geoffrey Carliner Christopher DeMuth

Douglas W Elmendorf Thomas O Enders Martin Feldstein Jeffrey A Frankel Don Fullerton William M Isaac Paul L Joskow Paul Krugman Robert E Litan Russell B Long Michael Mussa William A Niskanen Roger G Noll Lionel H Olmer Rudolph Penner William Poole James M Poterba Harry M Reasoner William R Rhodes J David Richardson Charles Schultze Paula Stern David Stockman William Taylor James Tobin W Kip Viscusi Paul A Volcker Charles E Walker David A Wise and Richard G Woodbury

*Ethics and Liberation* Charles L. Kammer, 2002-12-26 The introduction to the nature and purpose of Christian ethics presents an ethical theory consistent with the fundamental insights of the Christian tradition Ethics and Liberation outlines an ethic which provides guidelines for responsible stands on contemporary issues be they personal or socio political Exploring both the strengths and weaknesses of traditional Christian ethics Kammer proposes going beyond them to an ethic of theonomous responsibility one based on the precepts of liberation theology Stressing the socio political dimension of ethics Kammer follows the threads of Christian tradition that led to an emphasis on personal salvation and a neglect of social issues Finally he traces the path from Christian realism through liberation theology Ethics and Liberation concludes with a discussion of two serious test cases in contemporary moral issues the distribution of health care and nuclear disarmament

Accumulation and Power Richard B. DuBoff, 2016-07-22 Accumulation and Power analyses America s economic development across three great waves of economic expansion the Grand Traverse 1850 1900 the New Era 1916 1929 and the Great Postwar Boom 1945 1972 Drawing on the work of Keynes Schumpeter Marx it departs radically from the new economic history model focusing instead on capitalist decision making and its social consequences It argues that the accumulation process is far more important than competitive markets in explaining resource allocation and growth This innovative book is essential reading for all students and scholars of American economic history

*Race and the Politics of Fear* J. Noel Hubler, 2025-05-16 Race and the Politics of Fear is a study of the role of race in American political history It takes a novel approach by using Aristotle s theory of the mixed regime to analyze the American system Aristotle s mixed regime containing elements of oligarchy and democracy was well known to the Founders who used it to design the Constitution Accordingly American political history has unfolded as a struggle between oligarchic and democratic forces Oligarchs have frequently used race to divide the people and maintain power This book traces the oligarchic construction of race from its creation in the Colonial period and through a study of four major figures James Madison helped formulate the Constitution to provide protection for the Southern oligarchies and was a founder of the Democratic Republican party dominated by Southern interests John C Calhoun s theory of the concurrent majority provided a blueprint for the South s political strategy in the Jim Crow era Ben Tillman redefined race primarily as a feeling as an excuse for the South s violent oppression of the black community Ronald Reagan retooled the traditional racist myths and made them palatable to a national audience Readable yet extensively documented it is appropriate for general audiences and scholars

**Reintroducing Macroeconomics** Steven Mark Cohn, 2015-01-28 This lively introduction to heterodox economics

provides a balanced critique of the standard introductory macroeconomic curriculum In clear and accessible prose it explains many of the key principles that underlie a variety of alternative theoretical perspectives including institutionalist economics radical economics Post Keynesian economics feminist economics ecological economics Marxist economics social economics and socioeconomics Because the book s structure parallels the chapters and subject matter presented in a typical introductory macroeconomics textbook Reintroducing Macroeconomics provides readers with a running commentary on the standard approach while simultaneously introducing them to a broader range of ideas about the causes and appropriate policy responses to a wide range of common economic problems Although designed primarily as a companion volume for students in introductory economics courses the book can also be used effectively for more targeted applications that highlight a particular economic issue or approach It will be of particular interest to students in related disciplines such as American Studies anthropology black studies environmental studies gender studies history political science and sociology who may be required to take introductory economics classes and who are interested in gaining an alternative perspective By demonstrating the vitality and common ground underlying a broad spectrum of heterodox approaches Reintroducing Macroeconomics brings alternative perspectives into the classroom in an accessible way that empowers students to think about the economy in new and exciting ways The text includes end of chapter study questions as well as a detailed note to instructors

**American Unemployment** Frank Stricker,2020-06-08 The history of unemployment and concepts surrounding it remain a mystery to many Americans Frank Stricker believes we need to understand this essential thread in our shared past American Unemployment is an introduction for everyone that takes aim at misinformation willful deceptions and popular myths to set the record straight Workers do not normally choose to be unemployed In our current system persistent unemployment is not an aberration It is much more common than full employment and the outcome of elite policy choices Labor surpluses propped up by flawed unemployment numbers have helped to keep real wages stagnant for more than forty years Prior to the New Deal and the era of big government laissez faire policies repeatedly led to depressions with heavy even catastrophic job losses Undercounting the unemployed sabotages the creation of government job programs that can lead to more high paying jobs and full employment Written for non economists American Unemployment is a history and primer on vital economic topics that also provides a roadmap to better jobs and economic security

**Social Security in the 21st Century** Eric R. Kingson,1997 Members of the National Academy of Social Insurance explain basic facts and offer an understanding of the complexities surrounding Social Security for educators students journalists policymakers and the general public After a historical and conceptual overview section chapters address commonly asked questions about Social Security considering issues such as means testing and the economic role of trust funds Other sections examine institutional and administrative issues and offer alternative perspectives Annotation copyright by Book News Inc Portland OR *US Capitalist Development Since 1776* Douglas Dowd,2016-09-16 First Published in 1994 This comprehensive work views U S

history through the analytical framework of the capitalist process The highlights of the book are it weaves together economic history with the history of economic ideas to give a new perspective on the contemporary connections between the economic and social processes provides an analytical and historical explanation of capitalism as a socioeconomic system discusses the past and present functioning of the business system as a system of power with emphasis on the 1970s 1980s and the stagnation of the 1990s analyses the relationship between structures of income wealth and power and class color and gender and critically looks at the development and nature of the capitalist state      Propaganda and the Public Mind Noam Chomsky, 2015-09-20 First published in 2001 Propaganda and the Public Mind constitutes a series of discussions with the journalist David Barsamian and is the perfect complement to Chomsky's major works of media study such as Manufacturing Consent and Necessary Illusions Events discussed in detail are the so called Battle of Seattle protests against the World Trade Organisation US involvement in East Timor and the beginning of the movement towards a second Iraq War as well as timeless explorations of Chomsky's political friends and influences such as the Pakistani scholar Iqbal Ahmad This book is an invitation to take part in a conversation with one of the great minds of our time      **Toxic Economic Theory, Fraudulent Accounting Standards, and the Bankruptcy of Economic Policy** A. Rayman, 2016-04-30 Exposes two fundamental theoretical errors responsible for the bankruptcy of modern economic policy Toxic economic theory originates from its misconceived division into separate micro and macro compartments It is responsible for fraudulent accounting standards a dysfunctional system of taxation and totally bankrupt macroeconomic policy      The Politics of Power Ira Katznelson, Mark Kesselman, 1987      **The Dixification of America** Stephen D. Cummings, 1998-08-11 In mid July 1997 just as the Dow Jones Industrial Average broke 8 000 the federal government announced that personal bankruptcies were at an all time high and Second Harvest the largest food bank network in America reported increased demand at half of its distribution centers But this paradox is not new Throughout the last decade economists have extolled the virtues and successes of the U S economy while plants have closed companies have downsized and those who remain are fearful about their jobs Contrary to popular opinion the free spending liberals have not driven this country to its current level of economic anxiety it is in fact the conservatives Current economic policy Cummings argues is the product of a union between conservative Republican and conservative Southern economic policy a union that began in the late 1960s Before the 1960s the Southern economy operated as a conservative economic incubator isolated from the rest of the country and conservative Republicans had to contend with both Democrats and liberal Republicans After 1969 with Republicans in the White House and with the help of Wallace supporters and later Reagan Democrats Southern conservative economic policy combined with Republican policy and was gradually exported to the rest of the country This collaboration and its growing political influence culminated in the Republican control of Congress in the 1990s Over the decades the South has become more Republican and Southern leaders have had an increasing influence in the Republican Party and in economic policy as a whole The conservative policy

initiatives from this political union have led to some of the same economic problems that have plagued the South since Reconstruction and fostered by conservative Republicans in the 1920s ushered in the Great Depression Current policies argues Cummings are leading the country into a similar trap

## **Hazardous To Our Wealth Economic Policies In The 1980s Introduction**

Hazardous To Our Wealth Economic Policies In The 1980s Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Hazardous To Our Wealth Economic Policies In The 1980s Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Hazardous To Our Wealth Economic Policies In The 1980s : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Hazardous To Our Wealth Economic Policies In The 1980s : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Hazardous To Our Wealth Economic Policies In The 1980s Offers a diverse range of free eBooks across various genres. Hazardous To Our Wealth Economic Policies In The 1980s Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Hazardous To Our Wealth Economic Policies In The 1980s Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Hazardous To Our Wealth Economic Policies In The 1980s, especially related to Hazardous To Our Wealth Economic Policies In The 1980s, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Hazardous To Our Wealth Economic Policies In The 1980s, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Hazardous To Our Wealth Economic Policies In The 1980s books or magazines might include. Look for these in online stores or libraries. Remember that while Hazardous To Our Wealth Economic Policies In The 1980s, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Hazardous To Our Wealth Economic Policies In The 1980s eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Hazardous To Our Wealth Economic Policies In The 1980s full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Hazardous To Our Wealth Economic Policies In The 1980s eBooks, including some popular titles.

## **FAQs About Hazardous To Our Wealth Economic Policies In The 1980s Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Hazardous To Our Wealth Economic Policies In The 1980s is one of the best book in our library for free trial. We provide copy of Hazardous To Our Wealth Economic Policies In The 1980s in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Hazardous To Our Wealth Economic Policies In The 1980s. Where to download Hazardous To Our Wealth Economic Policies In The 1980s online for free? Are you looking for Hazardous To Our Wealth Economic Policies In The 1980s PDF? This is definitely going to save you time and cash in something you should think about.
