He Was Always There:

WE MUST HEAR ALL THE STORIES Chief Nnamdi A. Ekenna, 2014-07-16 From an innocuous encounter in an airplane to discourses of the enrichment of the only philosophy his own father handed down to him through issues of concern for dereliction of education to building a wholesome and homogeneous community He highlights issues through his own journey through life and the numerous recordation of those he had made and shared in a span of close to two decades blending fun and earnest graveness without being preachy or sanctimonious Drawing from the *Desiderata* and his favorite prayer Good Morning God he uses an engaging discourse form to deliver the message that our stories individually and collectively written or unwritten is the culminant of the world's story In this book he shows that inspiration is not farfetched and that from effecting liveability in our immediate surrounding we can shape our story to effect points of contact and communication that will eventually give the world story the great Story a chance to develop Zakrzewski v. Mae's Seed Time and Harvest is an autobiographical guide to personal development and growth through faith and love. The author Mae explores poverty, instability, neglect, abuse, AND God not only allowing all of it but using it for His purpose knowing the outcome. In Romans Chapter 8 Verse 28 it clearly states, "And we know that in ALL things God works for the good of those who love him, who have been called according to His purpose." When it comes to this thing called life, we all fall short. Lily Mae's Seed Time and Harvest proves that no one has been through or done too much for God's grace as long as we're willing to be the vessel He called us to be.

The dead refuse to stay dead. The Reaper is here to put them down. As winter sets in and America's survivors struggle to rebuild a semblance of civilization, terrifying new enemies are gathering both in the lawless badlands and within the walls of the safe zone. Most fearsome of all is the King of the Dead. His zombified troupe of sideshow curiosities is but a fraction of his growing pack. The Reaper's quest to safeguard the humans he has befriended places him on the trail of these feral undead. But he is sorely unprepared for the return of the zombie transformed by his own flesh, the Omega, a fiend driven by something more sinister than any virus. Meanwhile, Death's questions about his origin haunt him, and he is close to the answers, but the worst of both the living and the dead are rising in his path, and he'll have to cut them all down to reach the cosmic endgame.

And the closer Mona gets to her mother's past, the more she understands that the people of Wink are very, very different.
