Healing The Pain:

Divine Healing Transforming Pain into Personal Power Vonne Solis, 2018-11-02 Realizing the potential you have to awaken to your power as an enlightened being is central to authentic healing There is a significant distinction between superficially healing wounds and authentically healing If you feel ready to surrender all pain and struggle Divine Healing is a must read Delivered as both a story and a practice the author compassionately shares her journey to become whole after the suicide of her daughter in 2005 Though written in the context of the parental grief experience Divine Healing is intended for anyone who desires authentic healing Each chapter a journey in itself reminds us of the eternal truths that teach that all healing is possible despite the origin of any pain The lessons while not confined to only one experience in pain reach into the core root of all suffering and will guide anyone through any difficulty to find peace and joy Not only will you develop a richer understanding of suffering and healing including viewing loss and grief differently but by learning to work with the angels you will reclaim your power as the authentic being you already are You will learn to honor all of your hurtful experiences and trust in your ability to become whole on your own terms Realizing you are the catalyst for your own powerful transformation Divine Healing inspires you to courageously want more for your life and teaches you how to continually manifest the life you were meant to find and enjoy through a realistic heartfelt practice

answers for pain sufferers as well as practitioners **Mindful Movement: Heal Your Back Pain with BAM Therapy** Dr. David Tannenbaum D.C., Risa Sheppard, 2023-08-01 Today the number one ailment affecting Americans is back pain which impacts more than 80 percent of the population. An additional 70 million adults also suffer from arthritis and joint inflammation. While traditional medicine treats these common aches and discomforts as mechanical problems to be cured by mechanical means, little to nothing is done to alleviate the stress at the root of the issues. Risa Sheppard and Dr. David Tannenbaum's *Mindful Movement: Heal Your Back Pain with BAM Therapy* is a book for those living with chronic musculoskeletal pain and related ailments. It offers essential information on the back along with spiritual wisdom and Pilates movements for alleviating and healing back pain. The authors have poured over seventy years of combined experience in healing into *Mindful Movement* along with cutting edge medical research that supports Body and Mind Therapy (BAM). In this book, Risa and David present guidelines on how to incorporate spiritual mentalities and gentle exercise therapy for those who seek to heal their body naturally without resorting to drugs or invasive surgeries. They believe that constricted minds create constricted bodies and in turn, open minds create open, fluid, free moving bodies. *Mindful Movement* helps readers do the following: Understand the connection between emotional stress and physical pain; Identify the source of pain; Alleviate pain from the body; Replace drug therapy with gentle healing techniques; Manage sanity in the face of stressful experiences. I know that your new book, written with Dr. Tannenbaum, *Mindful Movement* will help so many. Reba McEntire, country singer, songwriter, and actress, I am so glad that Dr. Tannenbaum has teamed with Risa Sheppard to give us *Mindful Movement*. I urge you to read their book. Millions of people suffer from some form of chronic pain, whether it be physical, emotional, or existential, and this discomfort silently drains too many of us of our highest potential and our power. Living in a state of unending pain pushes people to the margins of their own lives and robs them of direct access to their most authentic, essential, worthy selves. Pain ironically renders too many beautiful voices mute; it cripples the body, leaving too many dancing souls lost. And nobody knows this better than Peter Bedard. One night, seventeen year old dancer Peter Bedard died in a traffic accident. The white bearded messenger waiting at the gate of heaven sent him back to Earth with a task to help others heal. After a decade of debilitating physical and

emotional suffering Peter uncovered an empowered new way of healing chronic pain without medicine convergence healing In his groundbreaking approach Bedard invites us to look at our pain as the greatest source of wisdom we will ever have Instead of medicating it trying to break with it or somehow outwit it he invites us to surrender to our pain so that we may finally integrate our losses our transitions our heartaches and our mortality and make peace with the everlasting truth of who uniquely we truly are Through the author s own near death experience and other compelling stories and case studies Convergence Healing offers a whole new body mind paradigm for those interested in living a balanced well integrated life
