Keener, 2011-11-01 Christianity Today 2013 Book Award Winner Winner of The Foundation for Pentecostal Scholarship's 2012 Award of Excellence 2011 Book of the Year Christianbook.com's Academic Blog Most modern prejudice against biblical miracle reports depends on David Hume's argument that uniform human experience precluded miracles. Yet current research shows that human experience is far from uniform. In fact, hundreds of millions of people today claim to have experienced miracles. New Testament scholar Craig Keener argues that it is time to rethink Hume's argument in light of the contemporary evidence available to us. This wide-ranging and meticulously researched two-volume study presents the most thorough current defense of the credibility of the miracle reports in the Gospels and Acts. Drawing on claims from a range of global cultures and taking a multidisciplinary approach to the topic, Keener suggests that many miracle accounts throughout history and from contemporary times are best explained as genuine divine acts lending credence to the biblical miracle reports. **Healing Lessons** Sidney Winawer, 1999-04-21 Dr. Sidney J. Together, the couple explored complementary and alternative treatments. *Healing Lessons* is a testament to the strength of love and the story of a doctor's transformation: the new treatments he embraced and the lessons he learned on the opposite side of the doctor-patient relationship. **Spiritual Art and Art Education** Janis Lander, 2013-12-17 This book is a study of contemporary spirituality as it is practiced in the world today, characterized by its secular and inclusive nature and applied to art and art education.
