*Healing Psoriasis* John O. A. Pagano, 2008-10-20 The drug free program that really works P 1 of cover **A Natural Drug Free Psoriasis Treatment** J.D. Rockefeller, 2015-10-03 Psoriasis is a life changing problem that can severely impact your standard of living Around seven point five billion people in the United States alone deal with it on a daily basis Those inflicted miss out on exciting social activities such as swimming because of the irritation and embarrassment Individuals with psoriasis can have mild or severe psoriasis and while mild cases aren t as nearly as bad they still have to put up with it every day The individuals with the severe irritation have to not only have to deal with the unsightly rough patches but they also have to put up with the excessive tenderness and sensitivity Those who get psoriasis can get it on their hands feet and nails and all those areas are high traffic and it can become very uncomfortable There is also cases where psoriasis connects with arthritis and that again can be more than miserable Psoriasis is also much like atopic dermatitis eczema which is another painful and unappealing condition that no one should ever have to live with Real people have to deal with these issues and there is no reason they should have too A person also should not feel like they have to pay large amounts of money to be pumped full of prescription drugs to heal themselves The symptoms and promising but unsuccessful treatments can be very stressful and anyone with psoriasis knows that the day to day stress can just cause more inflammation and a larger

breakout An individual can try eating better less acidic foods and avoid the other types that cause the irritation to become even worse They can also drink specific teas and use special creams to help aid and speed up the healing process by helping the skin heal from the inside out Regular medicine will try to convince you to take these medications but it is not your only option There are steps you can take to help your immune system and detoxify to relieve the stress placed on your integumentary system What I can tell you besides other methods is that this one may or may not work and we will go through the steps to dissect the program so you have a more in depth knowledge before you make a decision This program says you just have to detoxify your body and take care of yourself It also says you don't have to fill your head with worries of reoccurrence and then you get to be more than satisfied knowing that your skin is more than beautifully clear and your struggle with psoriasis is finally over As long as you stick with the process and be completely committed it is supposed to work for you Even if you don't do your best the first time there is nothing in the way of trying again and achieving amazing results Anyways that's what the program promises over and over again and there is a logic behind it because of all the factors that play into this chronic condition So let's get started *Heal Your Psoriasis and Look Great* Jon T.
