

Health Care Of The Elderly

Regula Robnett, Walter Chop

Health Care Of The Elderly:

Health Care of the Aged Abraham Monk, 1990 Focusing on the need for developing new service delivery models for the aged Health Care of the Aged examines fiscal political and social criteria influencing this challenge of the 1990s From various perspectives this new book will help shape the direction for elderly health care program development and implementation With an emphasis on greater long term care in either home community or institutional settings this important book will increase the understanding for a comprehensive effective policy designed to carry the growing number of elderly through this decade and into the next

Retooling for an Aging America Institute of Medicine, Board on Health Care Services, Committee on the Future Health Care Workforce for Older Americans, 2008-09-27 As the first of the nation's 78 million baby boomers begin reaching age 65 in 2011 they will face a health care workforce that is too small and woefully unprepared to meet their specific health needs Retooling for an Aging America calls for bold initiatives starting immediately to train all health care providers in the basics of geriatric care and to prepare family members and other informal caregivers who currently receive little or no training in how to tend to their aging loved ones The book also recommends that Medicare Medicaid and other health plans pay higher rates to boost recruitment and retention of geriatric specialists and care aides Educators and health professional groups can use Retooling for an Aging America to institute or increase formal education and training in geriatrics Consumer groups can use the book to advocate for improving the care for older adults Health care professional and occupational groups can use it to improve the quality of health care jobs

Social Work in Geriatric Home Health Care Lucille Rosengarten, 2020-07-24 Explore how community based networks can effectively meet the needs and problems of sick elderly people and their caregivers Social Work in Geriatric Home Health Care The Blending of Traditional Practice with Cooperative Strategies explores how social workers aides nurses administrators and policy makers can cooperatively work by maintaining appropriate health records in order to keep the elderly living at home Based on the author's twenty five years of social work experience in geriatric home care case management this book explores improved ways to organize home health care by use of cooperative strategies in order to assist older individuals in living independent lives at home Complete with informative case studies and interviews you will explore useful examples of geriatric social work practice through Concerned Home Managers for the Elderly COHME a nonprofit licensed home health care agency Social Work in Geriatric Home Health Care examines many crucial geriatric care and case management issues of concern to geriatric social workers including offering meaningful and fulfilling work as a home health care aide providing high quality training and ongoing education for home care aides creating a cooperative environment by encouraging staff social workers and nurses to share expertise with the case management coordinators who are responsible for placing the geriatric patient at home or in a special care facility involving the client in the management of his or her own health care creating concise one page reports for each home visit by using a One Sheet to help you extract case assessments and plans for your geriatric

client in a readily accessible format dealing with state regulatory authorities and the general trend in home health care to place the elderly in nursing homes paying careful attention to financial and administrative problems within your organization while striving to remain true to your original mission of providing at home care

Social Work in Geriatric Home Health Care will help you explore a different way of organizing home health care for the sick and elderly at a time when the percentage of people over sixty five who will require care is rapidly increasing This important book works to improve the case management of geriatric people and challenges home health care workers and legislators to become more progressive in their thinking about the direction in which geriatric health care should move at the turn of the century With this vital book you will gain insight into organized and cooperative methods of providing home health care for the elderly and find improved methods for managing your geriatric cases to give your clients optimum care

Managing Health Care for the Elderly Cynthia Longseth Polich,1993

Health Care and the Elderly C. Carl Pegels,1980

Health Care for the Elderly Kathleen G. Andreoli,Leigh A. Musser,Stanley J. Reiser,2014-04-04
