

My health care rights

I have a right to:

Access

- Health care services and treatment that meets my needs

Safety

- Receive safe and high quality health care that meets national standards
- Be cared for in an environment that is safe and makes me feel safe

Respect

- Be treated as an individual, and with dignity and respect
- Have my culture, identity, beliefs and choices recognised and respected

Partnership

- Ask questions and be involved in open and honest communication
- Make decisions with my health care provider, to the extent that I choose and am able to
- Include the people that I want in planning and decision-making

Information

- Clear information about my condition, the possible benefits and risks of different tests and treatments, so I can give my informed consent
- Receive information about services, waiting times and costs
- Be given assistance, when I need it, to help me to understand and use health information
- Access my health information
- Be told if something has gone wrong during my health care, how it happened, how it may affect me and what is being done to make care safe

Privacy

- Have my personal privacy respected
- Have information about me and my health kept secure and confidential

Give feedback

- Provide feedback or make a complaint without it affecting the way that I am treated
- Have my concerns addressed in a transparent and timely way
- Share my experience and participate to improve the quality of care and health services

Health Care Rights

Jozef H.H.M. Dorscheidt, Jaap E. Doek

Health Care Rights:

Health Care Civil Rights Anna Kirkland, 2025 See the book summary below under Additional Info the system is telling me I can't add special character here That is not an appropriate response since there are no special characters in the book summary

Rights to Health Care Thomas J. Bole III, W.B. Bondeson, 2007-08-23 Human existence is marked by pain limitation disability disease suffering and death These facts of life and of death give ample grounds for characterizing much of the human condition as unfortunate A core philosophical question is whether the circumstances are in addition unfair or unjust in the sense of justifying claims on the resources time and abilities of others The temptation to use the languages of rights and of justice is und standable Faced with pain disability and death it seems natural to complain that someone should do something this is unfair or it just isn't fight that people should suffer this way Yet it is one thing to complain about the unfairness of another's actions and another thing to complain about the unfairness of biological or physical processes If no one is to blame for one's illness disability or death in what sense are one's unfortunate circumstances unfair or unjust How can claims against others for aid and support arise if no one has caused the unfortunate state of affairs To justify the languages of fights to health care or justice in health care requires showing why particular unfortunate circumstances are also unfair in the sense of demanding the labors of others It requires understanding as well the limits of property claims After all claims regarding justice in health care or about fights to health care limit the property fights of those whose resources will be used to provide care

The Pluralist Right to Health Care Michael Da Silva, 2021-12-02 Offering a new conception of the right to health care as a complex but morally justifiable and realistically achievable right this book helps resolve persistent problems with the idea of health rights

Autonomy and Human Rights in Health Care David N. Weisstub, Guillermo Díaz Pintos, 2007-12-20 Autonomy and Human Rights in Healthcare An International Perspective is a group of essays published in memory of David Thomasma one of the leading humanists in the field of bioethics during the twentieth century A pioneer in the field of multidisciplinary research having integrated major theological and philosophical traditions in the west with modern science Thomasma was a role model to the authors who have devoted essays to his major avenues of inquiry The authors represent many different countries and disciplines throughout the globe The volume deals with the pressing issue of how to ground a universal bioethics in the context of the conflicted world of combative cultures and perspectives

Children's Rights in Health Care Jozef H.H.M. Dorscheidt, Jaap E. Doek, 2018-11-26 While coordinating the University of Groningen's Honours College Winterschool Atelier entitled Children's Rights in Health Care the need to publish the contributions to this program was generally expressed and confirmed by its participants The Winterschool Atelier successfully organized in recent years has dealt with many issues concerning the legal position of minor persons born and unborn in the context of health care especially pediatric care These issues involve matters concerning pediatric treatment preventive care and predictive medicine medical research involving children incompetence and child autonomy a child's

psychological development parental responsibility and representation protective judicial measures child migration issues children's health rights enforcement as well as children's health interest monitoring and promotion During the program leading experts in the fields of law ethics medicine biology psychology and institutions such as the Dutch Child Hospital Foundation the Child Protection Board Save the Children and UNICEF shared their views on normative standards practical experiences significant developments challenging ideas silent dreams and inevitable realities As a result the Children's Rights in Health Care program provided opportunities for a profound dialogue between Honours College students and lecturing scholars on a wide range of topics involving children's health care interests This volume contains several analyses of health rights issues related to children The various chapters provide an overview of this captivating area and may be of special interest to lawyers health care professionals ethicists psychologists judicial institutions policy makers interest groups students and all others who are concerned with the children's rights perspective on health care

Protecting the rights of conscience of health care providers and a parent's right to know United States. Congress. House. Committee on Energy and Commerce. Subcommittee on Health, 2002

The Right to Health at the Public/Private Divide Colleen M. Flood, Aeyal Gross, 2014-04-28 A comparative study covering all continents this book explores the role of health rights in advancing greater equality through access to health care

Justice and Health Care Allen Buchanan, 2009-11-05 In this volume Allen Buchanan collects ten of his most influential essays on justice and healthcare and connects the concerns of bioethicists with those of political philosophers focusing not just on the question of which principles of justice in healthcare ought to be implemented but also on the question of the legitimacy of institutions through which they are implemented With an emphasis on the institutional implementation of justice in healthcare Buchanan pays special attention to the relationship between moral commitments and incentives The volume begins with an exploration of the difficulties of specifying the content of the right to healthcare and of identifying those agents and institutions that are obligated to help ensure that the right thus specified is realized and then progresses to an examination of the problems that arise in attempts to implement the right through appropriate institutions In the last two essays Buchanan pursues the central issues of justice in healthcare at the global level exploring the idea of healthcare as a human right and the problem of assigning responsibilities for ameliorating global health disparities Taken together the essays provide a unique and consistent position on a wide range of issues including conflicts of interest in clinical practice and the claims of medical professionalism the nature and justification for the right to health care the relationship between responsibility for healthcare and the nature of the healthcare system and the problem of global health disparities The result is an approach to justice in healthcare that will facilitate more productive interaction between the normative analysis of philosophers and the policy work of economists lawyers and political scientists

Just Health Norman Daniels, 2007-10-22 In this book by the award winning author of *Just Healthcare* Norman Daniels develops a comprehensive theory of justice for health that answers three key questions what is the special moral importance

of health When are health inequalities unjust How can we meet health needs fairly when we cannot meet them all Daniels theory has implications for national and global health policy can we meet health needs fairly in ageing societies Or protect health in the workplace while respecting individual liberty Or meet professional obligations and obligations of justice without conflict When is an effort to reduce health disparities or to set priorities in realising a human right to health fair What do richer healthier societies owe poorer sicker societies Just Health Meeting Health Needs Fairly explores the many ways that social justice is good for the health of populations in developed and developing countries International Health Law and Ethics André den Exter, 2009 This book contains a collection of treaty documents and soft law on health care rights and health ethics used in health law training programs Regional documents and explanatory reports on health care rights which are derived from international human rights law provide a way of unwrapping government obligations in health care making rights more specific accessible and judicially accountable In addition soft law declarations and medical ethics contribute to understanding the moral meaning of human rights in health care As such the principles and standards provide practical guidance for States when dealing with equal access to health care services the rights of patients biomedical research organ donation and transplantation genetics and public health The book s general comments and explanatory reports amplify the principles embodied in human rights treaties The authoritative interpretations clarify a European approach on a State s obligations concerning health care rights and ethics This volume is an initiative of the Erasmus Observatory on Health Law It will be a helpful guide for all trainers health care professionals and students interested in human rights issues in health care

Research Handbook on Human Rights Law and Health Elizabeth Wicks, Nataly Papadopoulou, 2025-09-10 This Research Handbook examines the many ways in which health engages human rights law It also explores current debates which challenge traditional perspectives of rights and identifies potential new directions in which human rights law might venture Elizabeth Wicks and Nataly Papadopoulou bring together renowned experts who pose important questions about the limits of human rights and the law more broadly as new threats and opportunities related to health emerge Health Care and Its Financing in the Single European Market Reiner Leidl, R. Leidl, 1998 Health care and its financing will not be harmonized within the European Union EU Therefore the differences between the health systems of the member states in a Single European Market are gaining in relevance The process of economic integration also effects health This book integrates economics law social political and health sciences in the analysis of health care issues in the EU It covers the development of health systems and policy in the community the markets for pharmaceuticals and for medical devices EU trends in hospital financing issues in the comparison of financing systems especially in the field of private expenditures reforms of health care financing in social security systems and national health services in the EU and cross border health care between EU member states The results feature an up to date overview on the European dimension of health care and its financing The book is relevant to experts in health care organizations policy industry and research Nursing Ethics Janie B. Butts, Karen Rich

(MN.),Karen L. Rich,2005 Based on the concept that compassionate relationships between nurses and patients form a vital element of humanistic nursing Nursing Ethics Across the Curriculum and Into Practice provides foundational knowledge about ethics to prepare nursing students for the moral issues they will experience daily Derived from theoretical foundations clinical evidence and case study this text is ideal for nursing students by providing decision making approaches and models rationale for decisions and management of care for various topics Addressing a wide array of nursing moral issues this text includes current scholarly literature related news briefs and research and legal findings regarding ethical issues

Improving Health Care Safety and Quality Judith Healy,2016-05-13 Responding to the public concern caused by recent hospital scandals and accounts of unintended harm to patients this author draws on her experience of analysing the health care systems of over a dozen countries and examines whether greater regulation has increased patient safety and health care quality The book adopts a new approach to mapping developments in health care systems in Europe North America and Australia and pieces together evidence of which regulatory strategies and mechanisms work well to ensure safer patient care It identifies the regulatory bodies the regulatory principles and the implementation strategies adopted to improve governance in health care systems and suggests a conceptual framework for responsive regulation The book will be of interest to government actors health care professionals and medico legal scholars **Health Care as a Social Good** David M. Craig,2014-09-10 David M Craig traveled across the United States to assess health care access delivery and finance in this country He interviewed religious hospital administrators and interfaith activists learning how they balance the values of economic efficiency and community accountability He met with conservatives liberals and moderates reviewing their ideas for market reform or support for the Affordable Care Act He discovered that health care in the US is not a private good or a public good Decades of public policy and philanthropic service have made health care a shared social good Health Care as a Social Good Religious Values and the American Democracy argues that as escalating health costs absorb more and more of family income and government budgets we need to take stock of the full range of health care values to create a different and more affordable community based health care system Transformation of that system is a national priority but Americans have failed to find a way to work together that bypasses our differences Craig insists that community engagement around the common religious conviction that healing is a shared responsibility can help us achieve this transformation one that will not only help us realize a new and better system but one that reflects the ideals of American democracy and the common good

Legal Aspects of Health Care Administration George D. Pozgar,2022-05-11 One of the most trusted resources on health care law Legal Aspects of Health Care Administration Fourteenth Edition is an ideal introduction to to the legal and ethical issues in the healthcare workplace exploring a wide range of health care topics from tort reform and healthcare ethics to patient rights and managed care Written in a comprehensible and engaging manner this indispensable text will carefully guide your students through the complex maze of the legal system and will serve them throughout their professional lives

With over 40 years of experience as an administrator consultant and surveyor across 650 hospitals author George D Pozgar provides a uniquely accessible tool for grasping the legal complexities of health care through an array of real life case studies precedent making court cases and key statistical data Case studies detailing real world legal issues in healthcare settings prepare students for the realities of healthcare administration Court cases help illustrate and explain both the origin of laws and policies as well as their current day applications in the healthcare field Discussion of past and current healthcare reform and policy changes provide context for the current legal issues in healthcare New coverage of COVID 19 including examples of COVID 19 related lawsuits Expanded coverage of Patient Consent Rights and Responsibilities now covered in two separate chapters Integrated and comprehensive coverage of current Human Resources topics in a single chapter that examines labor relations employment rights and responsibilities and more Navigate eBook access included with the printed text provides online or offline access to the digital text from a computer laptop or mobile device Undergraduate and graduate courses in healthcare ethics healthcare management healthcare law and ethics in Health Administration Nursing and Allied Health programs 2023 680 pages Health Care and EU Law Johan Willem van de Gronden, Erika Szyszczak, Ulla Neergaard, Markus Krajewski, 2011-05-18 The EU has only limited competence to regulate national health care systems but recent developments have shown that health care is not immune from the effects of EU law As Member States have increasingly experimented with new forms of funding and the delivery of health care and social welfare services health care issues have not escaped scrutiny from the EU internal market and from competition and procurement rules The market oriented EU rules now affect these national experiments as patients and health care providers turn to EU law to assert certain rights The recent debates on the draft Directive on Patients Rights further underline the importance but also the difficulty and controversy of allowing EU law to regulate health care The topicality of the range of issues related to health care and EU law was addressed in October 2009 at a conference held in Nijmegen The Netherlands The present volume contains inter alia the proceedings of this conference and invited essays This volume follows the publication of *The Changing Legal Framework for Services of General Interest in Europe Between Competition and Solidarity* Krajewski M et al eds 2009 T M C Asser Press The Hague and launches a new series *Legal Issues of Services of General Interest* The aim of the series is to sketch the framework for services of general interest in the EU and to explore the issues raised by developments related to these services The book is compulsory reading for everyone who is engaged in issues relating to health care and EU law Johan van de Gronden is Professor of European Law at the Law Faculty of the Radboud University Nijmegen the Netherlands Erika Szyszczak is a Jean Monnet Professor of European Law ad personam and Professor of European Competition and Labour Law at the University of Leicester UK Ulla Neergaard is Professor of EU law at the Law Faculty of the University of Copenhagen Denmark Markus Krajewski is Professor of International Public Law Faculty of Law University of Erlangen Nuremberg Germany *Just Health Care* Norman Daniels, 1985-08 Norman Daniels examines the medical policies and health

care dilemmas

Accountability And Responsibility In Health Care: Issues In Addressing An Emerging Global Challenge Bruce Rosen, Stephen M Shortell, Avi Israeli, 2012-03-16 Serious scholarly analyses of the types and roles of accountability in health care first appeared in the late 1980s That issue along with the related issue of responsibility in health care has continued to interest policymakers analysts and scholars ever since Indeed there has been a renewed surge of interest in recent years with growing attention to the notion of accountable care organizations in the US clinical audits in the UK and governance as stewardship in many other countries Accountability and responsibility in health care was also the theme of a major international conference organized by the Israel National Institute for Health Policy Research which was held in Jerusalem in 2009 This book is a collection of scholarly articles on the themes of accountability and responsibility in health care and seeks to be the premier book in that field It includes selected papers from the 2009 Jerusalem Conference analytic essays on how accountability and responsibility are playing out in eight different countries and reprints of some of the classic articles in the field The book will interest policymakers managers researchers and students and many of the ideas presented here will help shape the development of this field in the years ahead Some of these ideas have appeared in other forums the unique contribution of this volume is that it is the first to bring together so many different perspectives on accountability and responsibility in health care This volume will both acquaint readers with some of the latest thinking on accountability and responsibility in health care and will serve as a catalyst for future reflection research and writing in this area

OECD Reviews of Health Care Quality Caring for Quality in Health Lessons Learnt from 15 Reviews of Health Care Quality OECD, 2017-02-01 This book summarises the main challenges and good practices to support improvements in health care quality and to help ensure that the substantial resources devoted to health are being used effectively in supporting people to live healthier lives

Health Care Rights Introduction

In the digital age, access to information has become easier than ever before. The ability to download Health Care Rights has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Health Care Rights has opened up a world of possibilities. Downloading Health Care Rights provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Health Care Rights has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Health Care Rights. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Health Care Rights. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Health Care Rights, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to

distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Health Care Rights has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Health Care Rights Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality?
