Eliminate Your Sdb's Self Defeating Behaviors:

Eliminate Your SDBs Jonathan Mack Chamberlain, 1978 **Eliminating Self-defeating Behaviors System** James E. Cerio, James F. LaCalle, James P. Murtha, 1986 This book takes a cognitive behavioral approach to help readers learn a strategy for eliminating their self defeating behaviors It allows readers to move logically through a complete system for eliminating such behaviors Unit 1 presents an introduction to the book and explains how to use it It is recommended that readers read the text and attempt the activities from Units 2 through 6 in the order in which they are presented Suggestions are given for use of the book by individuals participants in Eliminating Self Defeating Behaviors ESDB System workshops students counselors and trainers of employees in business and industry For ESDB workshops a six session workshop schedule is recommended Unit 2 deals with the SDB self defeating behaviors circle Unit 3 describes the Thoughts Exit Unit 4 explains the Actions Exit and Unit 5 discusses the Feelings Exit The final unit directs the reader toward self enhancing behaviors ESDB strategies are reviewed ESDB strategies for self enhancing behavior are identified and places where readers can turn for help are provided Throughout each unit sample activities are presented as they have been completed by two fictitious people who have tried to eliminate their self defeating behaviors by using the book These sample activities follow each activity that the reader is to complete and are presented as models or examples NB *Army Organizational Effectiveness Journal* , 1983 *The Therapist's Notebook Volume 3* Catherine Ford Sori, Lorna L. Hecker, 2008-06-10 The Therapist's Notebook Volume 3 includes clinician field tested activities for therapists who work with individuals children and adolescents couples families and groups The reproducible handouts are designed to be practical and useful for the clinician and cover the most salient topics that counselors are likely to encounter in their practices with various theoretical approaches Each chapter includes a Reading and Resources for the Professional section that guides readers toward useful books videos or websites that will further enhance their understanding of the chapter contents This book is an excellent tool for both experienced and novice counselors for increasing therapeutic effectiveness **Anything but Straight** Wayne Besen, 2012-07-26 The real story behind ex gay ministries and reparative therapy Nationally known activist Wayne Besen spent four years examining the phenomenon of ex gay ministries and reparative therapies interviewing leaders attending conferences and visiting ministries undercover as he accumulated hundreds of hours of research The result is Anything but Straight Unmasking the Scandals and Lies Behind the Ex Gay Myth a groundbreaking exposé of the controversial movement that's revered by independent religious groups and reviled by gay and lesbian organizations The book presents a historical perspective on the dispute examining ex gay groups such as Love In Action Exodus International Homosexuals Anonymous and profiling a cast of characters that includes Pat Robertson the Rev Jerry Falwell ex gay poster boy John Paulk National Association of Research and Therapy of Homosexuality activist Richard Cohen and psychiatrist Dr Robert Spitzer An in depth well researched and historically significant account Anything but Straight is full of startling facts and alarming surprises The

original content and novel material in the book includes a first ever comprehensive history of the ex gay ministries and reparative therapy the inside story of the night the author photographed ex gay poster boy John Paulk inside a gay bar the author s discovery that Anne Paulk lied about being a lesbian and has admitted to having a strong attraction to men BEFORE she became ex gay previously undisclosed bizarre techniques used by the ex gay ministries and reparative therapists the author s exclusive in depth interviews with leading ex gay leadersthey disclose their deepest secrets hidden desires and true motivations an extraordinary new study that shows that most ex gay leaders have suffered from substance abuse or severe emotional problemswhile many ex gay leaders claim they were unhappy being gay this report helps prove that their dissatisfactions came not from their homosexuality but from poor life choices and irresponsible behavior new revelations that one of the nation s leading reparative therapists hailed from a secretive cult that was scandalized for practicing nude therapy From the author Through my extensive experience I have learned that the extraordinary claims made by the ex gay groups are without merit and the efficacy of their programs is dubious at best and harmful at worst One frequent question I get is Why can t gay activists simply leave ex gay groups alone and let them go about their business This is exactly what happened for nearly three decades while ex gay groups labored in near anonymity But all this recently changed when the ex gay groups intricately aligned themselves with the anti gay political agenda of the Religious Right With ex gays added to their arsenal the Right could disingenuously claim to love gay people and offer them hope for change while simultaneously fighting for punitive legislation Their insidious message Since gays and lesbians can change there is no need for laws that protect them against arbitrary prejudice Anything but Straight Unmasking the Scandals and Lies Behind the Ex Gay Myth is an essential read for activists on both sides of the ex gay fence family members of gays and lesbians Gay Bisexual Lesbian and Transgender church members psychiatric and social science professionals and anyone who has dealt with coming out issues An appendix of resources and a helpful bibliography make it easy to find additional information on this fascinating topic
