Thaden, 2013-10-28 This is the first full length study to focus specifically on representations of motherhood in fiction by such Victorian writers as Elizabeth Gaskell Margaret Oliphant Caroline

Norton and Ellen Price Wood These authors presented an idealized view of motherhood as part of a campaign to gain social and legal status for mothering in a society in which married women were not legal entities and children born in wedlock were the inalienable property of their fathers These writers used dead mother plots which reversed New Testament parables so that the mother plays the leading role and maternal circle plots which portray adult daughters and their mothers raising children outside marriage This fiction which showed how children benefit from good mothering was instrumental in married mothers eventually obtaining equal parental rights **The Arnoldian** ,1984 Discourses of Ageing in Fiction and Feminism J. King,2012-11-13 This book explores the way older women are represented in society Through close readings of novels by major 20th century novelists compared with the more dominant representations of female ageing to be found in popular culture it suggests that they offer a feminist understanding of the invisible woman sometimes lacking in feminism itself Right at Last Elizabeth Cleghorn Gaskell,1915 *Making Social Knowledge in the Victorian City* Martin Hewitt,2019-07-02 This study explores the ecology of knowledge of urban Britain in the Victorian period and seeks to examine the way in which Victorians comprehended the nature of their urban society through an exploration of the history of Victorian Manchester and two specific case studies on the fiction of Elizabeth Gaskell and the campaigns for educational extension which emerged out of the city It argues that crucial to the Victorians approaches was the visiting mode as a particular discursive formation including its institutional foundations its characteristic modes and assumptions and the texts which exemplify it Recognition of the importance of the visiting mode it is argued offers a fundamental challenge to established Foucauldian interpretations of nineteenth century society and culture and provides an important corrective to recent scholarship of nineteenth century technologies of knowing **Best Short Stories** Martha Foley,Edward Joseph O'Brien,1919 *Dickens and the Short Story* Deborah A. Thomas,2016-11-11 At the height of his career writing short stories provided Dickens with a release from the formal constraints of his novels and gave free reign to his creative imagination Ranging from flights of fancy to literary masterpieces Dickens s short stories contained artistic experiments that inspired fuller developments in his novels Yet the short stories have been all but overlooked in critical discussions Deborah A Thomas focuses directly on this body of work tracing three stages of development In the early stage until 1840 Dickens produced numerous short stories culminating in his experience with the abortive Master Humphrey s Clock In the following ten years he restricted his writing of short stories to the five Christmas Books but refined his theories about the value of the genre in the context of his work In the third stage 1850 1868 Dickens again turned actively to the writing of short stories many of them the Christmas Stories appearing in the weeklies Household Words and All the Year Round which Dickens edited successively from 1850 to 1869 and from 1859 until his death in 1870 The author concentrates primarily upon the more notable stories drawing for a perspective upon Dickens own concept of fancy In an increasingly factual age Dickens attracted to the unusual and the unknown found the short story a form in which he could indulge his high degree of fantasy and

explore the hidden corners of the mind Dickens fascination with psychological abnormality and the supernatural reflected in his novels reveals itself even more intriguingly in his short stories In Thomas s analysis Dickens short stories appear as an important key to understanding the novels while proving worthy in themselves of critical attention Essential to a thorough study of Dickens her book sheds light upon previously obscure facets of his developing artistry **Four Short Stories** Elizabeth Cleghorn Gaskell,1983 **The Prostitute's Body** Nina Attwood,2015-10-06 Attwood examines Victorian attitudes to prostitution across a number of sources medical literary pornographic *The Best Short Stories of ... and the Yearbook of the American Short Story* ,1919 Four Plays Aristophanes,1912 **The Flesh Made Word** Helena Michie,1990 Examining the works of such Victorian writers as the Brontes Dickens Eliot and Hardy this study discusses codes and taboos about the female body and explores how female sexuality was represented in Victorian literary and non literary genres such as painting etiquette books and pornography **Gender, Power and the Unitarians in England, 1760-1860** Ruth Watts,2014-06-06 This new study explores the role the Unitarians played in female emancipation Many leading figures of the late eighteenth and early nineteenth centuries were Unitarian or were heavily influenced by Unitarian ideas including Mary Wollstonecraft Elizabeth Gaskell George Eliot and Florence Nightingale Ruth Watts examines how far they were successful in challenging the ideas and social conventions affecting women In the process she reveals the complex relationship between religion gender class and education and her study will be essential reading for those studying the origins of the feminist movement nineteenth century gender history religious history or the history of education
