Elizabeth Dole:

Elizabeth Hanford Dole Molly M. Wertheimer, Nichola D. Gutgold, 2004-12-30 As a politician what you say and how you say it is almost as important as what you do Political careers are made based not only on substantive achievements but also on style presentation speeches and debates Dole is no exception After a career in government service spanning six presidents from Lyndon B Johnson to George H W Bush she became widely recognized as a leading Republican politician in her own right after her 1996 speech at the GOP convention In 1999 she spent six months campaigning for president before dropping out of the race due to a lack of adequate funds and in 2002 she was elected U S Senator from North Carolina In this biography of Dole the authors show how she has been able to advance the causes she cares about as well as her political career through her consummate skills as a public speaker Dole's career included service in two cabinets as Secretary of Transportation Reagan and Secretary of Labor Bush and she also served as president of the American Red Cross The authors quote liberally from her speeches and interviews to illustrate the events of her political career and to place her choices personal career and political in the context of the times and places in which she grew up and came of age Her trajectory from Southern belle debutante to Harvard Law School student and from political wife to presidential candidate and U S senator is fascinating and the deftness with which she has been able to deflect the criticisms thrown her way is instructive for women of both political parties and for politicians of both genders Elizabeth Dole Eileen Lucas, 1998 This is a biography of Elizabeth Hanford Dole who served as Secretary of Transportation and is now president of the American Red Cross

We Gather Together Neil J. Young, 2015-10-01 Tracing the interactions among evangelicals Catholics and Mormons from the 1950s to the present day *We Gather Together* recasts the story of the emergence of the Religious Right showing that it was not a brilliant political strategy of compromise and coalition building hatched on the eve of a history altering election Rather it was the latest iteration of a much longer religious debate that had been going on for decades Evangelicals Catholics and Mormons found common cause and pursued similar ends in debates about abortion school prayer the Equal Rights Amendment and tax exemptions for religious schools but they were far from a unified bloc cracks in the alliance shaped the movement from the very beginning This provocative book will reshape our understanding of the most important religious and political movement of the last 30 years [US Politics, Propaganda and the Afghan Mujahedeen: Domestic Politics and the Afghan War](#) Jacqueline Fitzgibbon, 2020-04-02 Influential fundraising groups and senators in the US made enormous efforts in the First Afghan War to present the Mujahedeen as freedom fighters even while the CIA secretly armed them with surface to air missiles and other weapons A mass propaganda effort was launched aimed at portraying parts of Afghanistan as victims of communist aggression As we know now many of those groups that were armed became the seedbeds for organisations like Al Qaeda Dr Jacqueline Fitzgibbon through a forensic investigation of the American PR of the period argues that this militarised and fractured Afghan society for a generation partly resulting in the mess today This book will look specifically at the American efforts to suppress any reports which showed these forces as anti western or anti American values and instead to portray the arming of partisan groups often an extremely dangerous course of action as an example of American values in action *Telling Political Lives* Brenda DeVore Marshall, Molly A. Mayhead, 2008-06-24 This book investigates the autobiographical writings of Barbara Jordan Patricia Schroeder Geraldine Ferraro Elizabeth Dole Wilma Mankiller Hillary Rodham Clinton Madeleine Albright and Christine Todd Whitman These eight women represent the diversity that permeates the cultural backgrounds life adventures and ideologies women bring to the political table From differences in race class and geographic location to variations in personal and family experiences religious beliefs and political ideology these women illustrate many of the divergent standpoints from which women craft their lives in the United States Each essay focuses on the autobiographical text as political discourse and therefore as an appropriate site for the rhetorical construction of a personal and civic self situated within local and national political communities The collection examines issues such as the intersection between the politicization of the private and the personalization of the public evident in the women s narratives the description of U S politics the women provide in their writings the ways in which the women s personal stories craft arguments about their political ideologies the strategies these women leaders employ in navigating the gendered double binds of politics and the manner in which the women s discourse serves to encourage instruct and empower future women leaders The analyses embody and explicate the political and rhetorical strategies these leaders employ in their efforts to act on their convictions highlight the need for and reality of women s involvement in all

The Political Consequences of Motherhood Jill Greenlee, 2014-05-08 From civically and politically engaged women linking their identity as mothers to their fight for prohibition public sanitation and protective labor laws to the general call to arms of mama grizzlies issued by Sarah Palin in 2010 American political activists and candidates have used motherhood to rally women's interest support and participation throughout American history Politicized motherhood persists and motherhood continues to inspire women's participation and direct their concerns In *The Political Consequences of Motherhood* Jill S Greenlee investigates the complex relationship between motherhood and women's political attitudes Combining a historical overview of the ways motherhood has been used for political purposes with recent political opinion surveys and individual level analysis she explains how and when motherhood shapes women's thoughts and preferences Greenlee argues that two mechanisms account for the durability of motherhood politics First women experience attitudinal shifts when they become mothers Second mother is a broad based identity widely shared and ideologically unconstrained that lends itself to appeals across the political spectrum to build support for candidates and policy issues

Vigil,2019-01-23 In 1776 when Abigail Adams implored her husband to Remember the Ladies John Adams scoffed declaring We know better than to repeal our masculine system More than two hundred years later American women continue to struggle against the idea that they are simply vassal extensions of their husbands a notion that is acutely enacted in presidential campaigns An examination of how the spouses of recent presidential candidates have presented themselves and been perceived on the campaign trail Moms in Chief reveals the ways in which the age old rhetoric of republican motherhood maintains its hold on the public portrayal of womanhood in American politics and constrains American women s status as empowered autonomous citizens The rhetoric of republican motherhood describes the ostensibly ideal female patriot as domestically focused self sacrificial deferential and defined by her relationship to others particularly her husband Moms in Chief combines the study of history gender communication and politics to show how the spouses of the major parties presidential nominees from 1992 to 2016 at times fulfilled at other times flouted but at all times were handicapped by this stereotype From Barbara Bush as dynastic mother to Michelle Obama as Mom in Chief from Laura Bush as all American wife to Melania Trump as model immigrant from Teresa Heinz Kerry as assertive heiress to Bill Clinton as past president and prospective first gentleman Tammy R Vigil explores the function of presidential consorts in their spouses campaigns and she scrutinizes how their portrayal by opponents the press and themselves has challenged or reinforced perceptions of the role of gender and the place of women in American political life In the unofficial contest between candidates spouses there are

winners and losers What is at stake Vigil s research suggests is the very definition of women as American citizens and political actors
