*"Come Out My People!"* Wes Howard-Brook,2010 A compelling view of two competing religious visions one of creation and the other of empire that run throughout the Bible A remarkable offering for those who care about the interface of power and faith with all the threats and seductions that go with it As I read I felt overwhelmed both by the mass of data and by the cunning of interpretation I could not put it down and expect to continue to be instructed by it Walter Brueggemann

Howard Brook undertakes what few dare anymore an introductory primer for the whole Bible This book invites disciples to connect the dots in order to recover our ancient anti imperial identity and to embrace a radical faith and practice that are personal and politica
