Elisabeth Kaiserin Wider Willen:

Sissi's World Maura E. Hametz, Heidi Schlipphacke, 2018-07-12 *Sissi's World* offers a transdisciplinary approach to the study of the Habsburg Empress Elisabeth of Austria. It investigates the myths, legends, and representations across literature, art, film, and other media of one of the most popular, revered, and misunderstood female figures in European cultural history. *Sissi's World* explores the cultural foundations for the endurance of the Sissi legends and the continuing fascination with the beautiful empress, a Bavarian duchess born in 1837, the longest serving Austrian empress and the queen of Hungary who died in 1898 at the hands of a crazed anarchist. Despite the continuing fascination with the beloved Sissi, the Habsburg empress, her impact and legacy have received scant attention from scholars. This collection will go beyond the popular biographical accounts, recountings of her mythic beauty, and scattered studies of her well-known eccentricities to offer transdisciplinary cultural perspectives across art, film, fashion, history, literature, and media. *The Limits of Loyalty* Laurence Cole, Daniel Unowsky, 2007-11-01 The overwhelming majority of historical work on the late Habsburg Monarchy has focused primarily on national movements and ethnic conflicts, with the result that too little attention has been devoted to the state and ruling dynasty. This volume is the first of its kind to concentrate on attempts by the imperial government to generate a dynastic oriented state patriotism in the multinational Habsburg Monarchy. It examines those forces in state and society which tended toward the promotion of state unity and loyalty towards the ruling house. These essays, all original contributions and written by an international group of historians, provide a critical examination of the phenomenon of dynastic patriotism and offer a richly nuanced treatment of the multinational empire in its final phase. **The Courtesan** Alexandra Curry, 2016-09-06 A timeless novel inspired by the legendary real life Chinese courtesan Sai Jinhua, an extraordinary woman who bridged two worlds in the twilight decades of the Qing dynasty, a tumultuous era of East meets West. The year is 1881. Seven year old Jinhua is left an orphan, alone and unprotected, after her mandarin father's summary execution for the crime of speaking the truth. For seven silver coins, she is sold to a brothel keeper and subjected to the worst of human nature. When an elegant but troubled scholar takes Jinhua as his concubine, she enters the close world of his jealous first wife. Yet it is Jinhua who accompanies him as emissary to the foreign devil nations of Prussia, Austria, Hungary, and Russia, on an exotic journey to Vienna. As he struggles to play his part in China's early blundering diplomatic engagement with the Western world, Jinhua's eyes and heart are opened to the irresistible possibilities of a place that is mesmerizing and strange, where she will struggle against the constraints of tradition and her husband's authority and seek to find Great Love. Sai Jinhua is an altered woman when she returns to a changed and changing China, where a dangerous clash of cultures pits East against West. As the Boxer Rebellion brews and finally breaks, Jinhua's Western sympathies will threaten not only her own survival but the survival of those who are most dear to her. An authentic and beautifully written portrait of China's relationship with the West, the story of the incredible Sai Jinhua, told the way it might have been, is not to be forgotten. **Death by Fame** Andrew

From Peoples Into Nations John Connolly,2022-01-25 This book is a history of East Central Europe since the late eighteenth century the region of Europe between German central Europe and Russia in the East Connolly argues the region for which it is frequently hard to define exact boundaries and which is sometimes treated country by country in a way seemingly separate from the broader trends of European history was one of shared experience despite most of the peoples being divided by linguistic geographic and political barriers Beginning in the 1780s an unwitting Habsburg monarch Joseph II decreed that his subjects would use only German as he hoped to mold a common nationality using German over the disparate subjects Instead he unleashed the energies and struggle for the emergence of new nations that pitted small peoples armed with an idea against empires The author argues that the underlying national self assertion which emerged under imperial rule in the eighteen and nineteenth centuries shows deep connections to subsequent histories

to the creation of nation states of the regions after World War I the failure of democratic rule in these states during the interwar years the submersion of the region under Nazi then Soviet rule after 1939 and to the reinvention of sovereign states and then the break up of two of them after 1989 The book interconnects major themes and country histories for first time chronicling this diverse region over many generations from the time of Joseph through democratic and socialist revolutions genocide and Stalinism through civil society movements struggling for liberal democracy into our own day when illiberal politicians come to power by exploiting very old fears
