Women's Poetry and Religion in Victorian England Cynthia Scheinberg, 2002-05-30 Victorian women poets lived in a time when religion was a vital aspect of their identities Cynthia Scheinberg examines Anglo Jewish Grace Aguilar and Amy Levy and Christian Elizabeth Barrett Browning and Christina Rossetti women poets and argues that there are important connections between the discourses of nineteenth century poetry gender and religious identity Further Scheinberg argues that Jewish and Christian women poets had a special interest in Jewish discourse calling on images from Judaism and the Hebrew Scriptures their poetry created complex arguments about the relationships between Jewish and female artistic identity She suggests that Jewish and Christian women used poetry as a site for creative and original theological interpretation and that they entered into dialogue through their poetry about their own and each other's religious and artistic identities This book's interdisciplinary methodology calls on poetics religious studies feminist literary criticism and little read Anglo Jewish primary sources **The Other East and Nineteenth-Century British Literature** T. McLean, 2011-11-30 The

Polish exile and the Russian villain were familiar figures in nineteenth century British culture This book restores the significance of Eastern Europe to nineteenth century British literature offering new readings of Blake's Europe Byron's Mazeppa and Eliot's Middlemarch and recovering influential works by Thomas Campbell and Jane Porter Unfolding the South Alison Chapman, Jane Stabler, 2003-06-28 A radically new version of Anglo Italian cultural relations in the late Romantic and Victorian periods that corrects traditional male centred accounts **Allegories of One's Own Mind** David G. Riede, 2005 Perhaps because major Victorians like Thomas Carlyle and Matthew Arnold proscribed Romantic melancholy as morbidly diseased and unsuitable for poetic expression critics have neglected or understated the central importance of melancholy in Victorian poetry Allegories of One's Own Mind re directs our attention to a mode that Arnold was rejecting as morbid but also acknowledging when he disparaged the widely current idea that the highest ambition of poetry should be to present an allegory of the poet's own mind This book shows how early Victorian poets suffered from and railed against what they perceived to be a disabling post Wordsworthian melancholy we might refer to it as depression and yet benefited from this self absorbed or love obsessed state which ironically made them more productive David G Riede argues that the

dominant thematic and formal concerns of the age in fact are embodied in the ambivalence of Carlyle Arnold and others who pitted a Victorian ideology of duty rationality and high moral character against a still compelling Romantic cultivation of the deep self intuited as melancholy Such ambivalence in fact is in itself constitutive of melancholy long understood as the product of conscience raging against inchoate desire and it constitutes the mood of the age s most important poetry represented here in the major works of Alfred Tennyson Elizabeth Barrett Browning and even in the notoriously optimistic Robert Browning David G Riede is professor of English at The Ohio State University
