Ena Destinova:

A Chorus of Detectives Barbara Paul,2016-03-15 The stars of the Metropolitan Opera search for a crazed killer who plans to bring the company down They find the tenor dangling from a water pipe hanging by his own suspenders His corpse is still warm Naturally the opera s manager doesn t stop the production A dead chorus tenor isn t enough to close them down and the show must go on But there are 139 singers left in the chorus and someone intends to kill them all Poisoning strangling and rigged trapdoors are just a few of the methods at the killer s disposal The opera posts guards backstage but the slayings continue forcing the Met s two fading stars Enrico Caruso and Geraldine Farrar to band together and save the opera they love so much A Chorus of Detectives is the 3rd book in the Opera Mysteries but you may enjoy reading the series in any order

The Countess of Prague Stephen Weeks,2017-09-05 The Countess of Prague is the wonderfully exciting introduction to Beatrice von Falkenburg known to her intimates as Trixie who will lead us from Prague through Europe and occasionally beyond on a ten book set of investigations that begins in 1904 and finishes in 1914 The assassination of the Archduke in Sarajevo that summer effectively ended the Old Europe into which she was born to a noble Czech father and an English mother Through the lens of Trixie whose own journey from pampered aristocrat albeit in a polite and impoverished marriage to a degree of emancipation has an exciting yet humorous and sympathetic dynamic we witness stirring events and societal shifts Trixie begins her new career at 28 She s leading a society life and growing apart from her husband although she is as yet too conventional to take a lover When the brutalized body of an old man once under the command of her military uncle is fished from the Vltava she takes to the role of a detective and finds solace in it mixing with ease with kings and princes but never losing touch with ordinary men and women with whom her new role often puts her in contact Investigating alters the formality of her relations with her servants and with public officials as we see when she encounters her butler in an unexpected role and place and then goes undercover as a young man on a train journey to Paris and London Eventually liaising with various officials she arrives at Marienbad the famous Czech spa where Edward VII of England and his nephew Kaiser Wilhelm have staged a surprising May meeting and it is here that the mystery unfolds *The London Stage*

1910-1919 J. P. Wearing,2013-12-19 Theatre in London has celebrated a rich and influential history and in 1976 the first volume of J P Wearing s reference series provided researchers with an indispensable resource of these productions In the decades since the original calendars were produced several research aids have become available notably various reference works and the digitization of relevant newspapers and periodicals This second edition of *The London Stage 1910 1919 A Calendar of Productions Performers and Personnel* provides a chronological calendar of London shows from January 1910 through December 1919 The volume chronicles more than 3 000 productions at 35 major central London theatres during this period For each entry the following information is provided Title AuthorTheatrePerformersPersonnelOpening and closing dates Number of performances Other details include genre of the production number of acts and a list of reviews A comment

section includes other interesting information such as a plot description first night audience reception noteworthy performances staging elements and details of performances in New York either prior to or after the London production Among the plays staged in London during this decade were Chu Chin Chow The Gaol Gate Hindle Wakes Justice Kismet Pygmalion and Rebecca of Sunnybrook Farm as well as numerous musical comedies British and American foreign works operas and revivals of English classics A definitive resource this edition revises corrects and expands the original calendar In addition approximately 20 percent of the material in particular information on adaptations and translations plot sources and comments is new Arranged chronologically the shows are fully indexed by title genre and theatre A general index includes numerous subject entries on such topics as acting audiences censorship costumes managers performers prompters staging and ticket prices The London Stage 1910 1919 will be of value to scholars theatrical personnel librarians writers journalists and historians Outlook ,1922 **Theatre Theory Reader: Prague School Writings** David Drozd,2017-03-01 This is precisely the book I have been looking out for ever since working at my Das Drama Theorie und Analyse 1977 The Theory and Analysis of Drama 1988 and discovering from a few specimens the incisive usefulness and importance of Prague School theatre semiotics There is everything one could possibly wish for in this monumental Theatre Theory Reader Prague School Writings all the by now canonical texts and many others presented for the first time in English arranged in a systematic order which fully renders the sense of the scope and development of Czech theatre semiotics and all of them in highly competent translations aware of the terminological complexities at stake and supported by helpful annotations With such a rich harvest garnered this anthology of Prague School Writings is bound to become nationally as well as internationally a prime work of reference and give to them a second lease of life in the 21st century Manfred Pfister Modern theatre theory no matter what its orientation can trace its roots back to the structuralist and semiotic explorations of the Prague School in the early twentieth century This comprehensive and informed overview is therefore most welcome in understanding the course and development of that theoretical tradition It is not however of purely historical interest important as that is Whether they use the terminology of the Prague School or evoke the names of its contributors analysts of theatre and performance today still find the strategies and articulations of those pioneers of ongoing relevance This collection thus provides an important double service providing contemporary theatre scholars with a clearer idea of where they have come from and an inspiration for where they may be going Marvin Carlson I think it is a great idea not to group the articles according to the different authors but following a systematic that covers as many aspects of theatre as possible This way it becomes quite clear that the theories of the so called Prague or Czech structuralists and semioticians were able to apply their theories when discussing most diverging questions related to theatre The choice of texts is excellent It makes more than clear that these theories are not outdated do not only have historical value and are interesting with regard to the history of ideas only Rather it becomes evident that they are highly relevant in the context of discussions led today Erika Fischer Lichte The Prague School and the

Czech structuralism have had a considerable impact on the development of semiotic studies and theatre studies at large in the 1960s and 70s But this has been quickly forgotten and with the rise of poststructuralism and deconstruction in the 80s and 90s they were not only neglected but also unjustly disregarded or even forgotten This is why the Theatre Theory Reader Prague School Writings is a very welcome book which comes at the right moment when postmodernism poststructuralism and postdramatic theatre seem to have lost their momentum as if the requirements of today s quest for a new way of living and of making business had become so strong that we must go back to the basics Structuralism and a critique of ideology are now back at least as a sign to not give up thinking and theorizing in a world which has become self centred and mad The afterword by Pavel Dr bek Martin Bern tek Andrea Jochmanov and Eva laisov is a sort of book within the book as it neatly puts in perspective all the important names and theories of the Prague School It does this in a very user friendly manner where complex theories are summarized in a clear yet precise introduction This makes the reading of the different chapters easier and immediately connected to our contemporary way of thinking Patrice Pavis **The Outlook** Lyman Abbott,Hamilton Wright Mabie,Ernest Hamlin Abbott,Francis Rufus Bellamy,1922 **Outlook and Independent** ,1922 The Sphere ,1919 *Jusepe de Ribera 1591-1652* Alfonso E. Pérez Sánchez,Nicola Spinosa,Andrea Bayer,1992 Music News from Prague ,1989 The London Stage 1890-1959 J. P. Wearing,2014-10-30 Theatre in London has celebrated a rich and influential history and in 1976 the first volume of J P Wearing s reference series provided researchers with an indispensable resource of these productions In the decades since the original calendars were produced several research aids have become available notably various reference works and the digitization of important newspapers and relevant periodicals Spanning 1890 through the 1950s all seven volumes of The London Stage series have been revised corrected and expanded In addition approximately 20 percent of the material in particular information about adaptations and translations plot sources and comment information is new Although each volume contains indexes specific to that decade The London Stage 1890 1959 Accumulated Indexes combines all of the indexes into one comprehensive resource for more efficient research For example those wishing to locate all the references to a particular actor play or theatre whose history spanned more than one decade will find all of the entries listed in this set This set includes four key indexes general genre theatre and title The general index consists of numerous subject entries on such topics as acting audiences censorship costumes managers performers prompters staging and ticket prices With approximately 40 000 people listed this is the largest single source of theatrical personnel on the London stage during this period The genre index comprises all entries for production types including comedies dramas farces and tragedies as well as ballets operas adaptations foreign works pantomimes and translations The theatre index features every building to stage a production from the Adelphi to Wyndham s The title index cites 14 000 productions identifying every work produced on stage from Domestic Economy in January 1890 to When in Rome in December 1959 As a supplement to the individual volumes The London Stage 1890 1959 Accumulated

Indexes will be of value to scholars theatrical personnel librarians writers journalists and historians **Musical America**
