Knowledge for the Love of God Timothy Pickavance, 2022-08-25 What is the role of the intellect in the life of faith? Jesus commanded us to love God with our minds but why? Isn't simply believing enough? Confused on this point many Christians choose to focus only on the role of their hearts in shaping their faith and consider that adequate. Some Christians go even further arguing that knowledge exists in opposition to faith that one must choose either the truth of science or the truth of the Bible. The reality is that our formation into Christlikeness relies heavily on our minds and that Christian belief is about thinking more not less. Far from being a threat the intellect is central to faith so long as it is treated as an instrument of worship rather than as the object of worship. *Knowledge for the Love of God* is for followers of Jesus needing to better understand the crucial connection between faith and rationality. Timothy Pickavance shows how learning about who God is and what he has done is doing and will do draws us closer to him just as in any relationship. With stories from his own experiences wrestling with this aspect of faith Pickavance relates a compelling vision of how cultivating the intellect strengthens our Christian worldview helps us gain freedom in Christ and enables us to love God with our whole being. Discussion questions at the end of each chapter make this a book to be fruitfully shared among fellow believers.

Reardon, Pesach Wolicki, 2025-06-25 The inspiration for this volume emerged from years of friendship dialogue and collaboration between a Jewish rabbi and Christian professor Historically Jewish Christian relations has been a fraught sphere of inquiry Despite sharing a set of Scriptures the relationship between Christians and Jews has been marked by distrust misunderstandings and exaggerated theological differences which taken together appear to create an indissoluble

wedge between the two faiths This volume brings the two faiths into fruitful and productive dialogue by unearthing recondite yet highly significant features shared between them Beyond being an academic exercise the aspiration undergirding this project is to bridge the gap between Jews and Christians and by doing so chart a path forward toward rapprochement reconciliation and Jewish Christian unity
