It is designed specifically for students who have completed standard courses in the various anatomical disciplines and who wish to review the developmental history of the major organ systems. This book will provide medical students with a highly suitable review for Part I of the National Boards NBME Part I. R. E. Coalson ACKNOWLEDGMENTS I wish to acknowledge the invaluable assistance provided by my colleagues at the University of Oklahoma Health Sciences Center during the preparation of this review. I am grateful for the advice and patience of the Medical Editorial Department of Springer Verlag New York Inc and for the artistic talents of Mr Shawn Schlinke who prepared all of the illustrations. I particularly thank Dr Randall B Grubb who proofread and prepared the manuscript in final form.
