the Franciscan friars and Inquisition officials El Paso and Chihuahua merchants the occasional Frenchman and their Pueblo Indian allies Because many of the documents include oral testimony we are able to read what they had to say sometimes angry asking for help or giving excuses for their behavior as written down by a scribe at the time This book includes fifty four original handwritten documents from the early and mid eighteenth century Most of the original documents are located in the Spanish Archives of New Mexico although some are from the Bancroft Library at the University of California at Berkeley the Archivo General de la Nacion in Mexico City and elsewhere They were selected for their description of Spanish Colonial life of interest to the many descendants of the characters that appear in them and because they tell a good story A translation and transcription of each document is included as well as a synopsis background notes and biographical notes They can be considered a companion in part to Ralph Emerson Twitchell s 1914 two volumes The Spanish Archives of New Mexico summarizing the documents of the Spanish Archives of New Mexico now available in new editions from Sunstone Press
