Shameful Bodies Michelle Mary Lelwica, 2017-01-12 What happens when your body doesn't look how it's supposed to look or feel how it's supposed to feel or do what it's supposed to do Who or what defines the ideals behind these expectations How can we challenge them and live more peacefully in our bodies Shameful Bodies Religion and the Culture of Physical Improvement explores these questions by examining how traditional religious narratives and modern philosophical assumptions come together in the construction and pursuit of a better body in contemporary western societies Drawing on examples from popular culture such as self help books magazines and advertisements Michelle Mary Lelwica shows how these narratives and assumptions encourage us to go to war against our bodies to fight fat triumph over disability conquer chronic pain and illness and defy aging Through an ethic of conquest and conformity the culture of physical improvement trains us not only to believe that all bodily processes are under our control but to feel ashamed about those parts of our flesh that refuse to comply with the cultural ideal Lelwica argues that such shame is not a natural response to being fat physically impaired chronically sick or old Rather body shame is a religiously and culturally conditioned reaction to a commercially fabricated fantasy of physical perfection While Shameful Bodies critiques the religious and cultural norms and narratives that perpetuate external and internalized judgment and aggression toward shameful bodies it also engages the resources of religions especially feminist theologies and Buddhist thought practice to construct a more affirming approach to health and healing an approach that affirms the diversity fragility interdependence and impermanence of embodied life

Autism, Humanity and Personhood Jennifer Anne Cox, 2017-05-11 Theological anthropology is charged

with providing an understanding of the human but there are numerous challenges to this Autism is a pervasive developmental disorder the main characteristic of which is difficulty in social interaction In its severest form a person with low functioning autism may be both intellectually impaired and unable to relate to others as persons Theological anthropology can exclude people who are cognitively impaired because it has historically upheld reason as the image of God Recent theology of intellectual disability has bypassed this difficulty by emphasising relationality as the image of God However this approach has the unfortunate consequence of excluding people with severe low functioning autism This calls for a new approach to theological anthropology Autism Humanity and Personhood provides a Christ centred inclusive anthropology which does not exclude people with severe autism The book takes a conservative evangelical approach to severe autism and the challenges it poses to theological anthropology It considers significant aspects of salvation history creation incarnation atonement and resurrection in order to build a solid theological foundation for an inclusive theological anthropology As long as we look within the individual it is difficult to find a solid basis for the humanity of people who are severely intellectually and developmentally impaired Instead of trying to ground humanity and personhood within the individual with autism the book outlines an extrinsic basis for theological anthropology That extrinsic basis is the gift of humanness and personhood from Jesus Christ who alone is fully human and the true image of God Jesus has overcome sin and death which have wreaked havoc on the human person Therefore his incarnate life death and resurrection are more than enough basis to declare that people with the most severe intellectual and developmental impairment are truly human persons

Into the Mess and Other Jesus Stories Debie Thomas, 2022-05-17 He was a disrupter and a peacemaker a rebel and a rabbi His friends were the riffraff and his enemies the religious elite He was the wounded man who healed the sick the homeless man who fed the hungry the convicted criminal who released the captives and the dead man who conquered the grave The stories he told were scandalous and the stories he lived changed the world To reflect on the Jesus of the Gospels is to reflect on paradox mystery wonder and messiness It is to find God in the shadows the tensions and the ambiguities of life on earth as it is These essays on the stories of Jesus are invitations to faith in all its complexity and untidiness The Jesus who emerges here is not the sanitized Christ of piety and platitude but the Christ of complicated joys and transcendent sorrows The Christ who weeps wonders loses learns and seeks These are the stories of the Incarnate God who finds and loves us in the messiness of our lives Writings and Disputations Relative to the Lord's Supper Thomas Cranmer, 2001 *The Great Wine Press, Popularly Called Armageddon; Being an Intellectual Battle of Opinions; the Turco Russian War-Fears of it May be Banished ...
