be really good fathers You can be a tough manly man and still be a good father There are plenty of help aides for women but you just don't see this for men In this book I am attempting to provide such based on my own real life experiences and what I have done with my own children in my care I may not be able to cover everything but I will do my best to come as close as reasonably possible Whether you have made the choice or you have been surprised and discovered the choice has chosen you I will do my best to give you the information that may help you do the best job possible and hopefully also save you and maybe even your children some pain as well Some things I say in this book may not seem to apply to fatherhood at first but believe me it does as it is interrelated Nothing happens in a vacuum There is a reason for everything and many things that don't seem related actually have an effect on other things So it is with everything I touch upon in this book
