Got Em Down Store Lum Abner:

Lum and Abner Randal L. Hall, 2021-12-14 In the 1930s radio stations filled the airwaves with programs and musical performances about rural Americans farmers and small town residents struggling through the Great Depression One of the most popular of these shows was Lum and Abner the brainchild of Chester Lauck and Norris Tuffy Goff two young businessmen from Arkansas Beginning in 1931 and lasting for more than two decades the show revolved around the lives of ordinary people in the fictional community of Pine Ridge based on the hamlet of Waters Arkansas The title characters who are farmers local officials and the keepers of the Jot Em Down Store manage to entangle themselves in a variety of hilarious dilemmas The program's gentle humor and often complex characters had wide appeal both to rural southerners who were accustomed to being the butt of jokes in the national media and to urban listeners who were fascinated by descriptions of life in the American countryside Lum and Abner was characterized by the snappy verbal comedic dueling that became popular on radio programs of the 1930s Using this format Lauck and Goff allowed their characters to subvert traditional authority and to poke fun at common misconceptions about rural life The show also featured hillbilly and other popular music an innovation that drew a bigger audience As a result Arkansas experienced a boom in tourism and southern listeners began to immerse themselves in a new national popular culture In *Lum and Abner Rural America and the Golden Age of Radio* historian Randal L. Hall explains the history and importance of the program its creators and its national audience He also presents a treasure trove of twenty nine previously unavailable scripts from the show's earliest period scripts that reveal much about the Great Depression rural life hillbilly stereotypes and a seminal period of American radio

Forsyth County Annette

Bramblett, 2002 The northern Georgia reaches were once home to the Cherokee Nation who as early as 1731 lived among the fertile lands and were linked to other native inhabitants by a meager trading path The first European settlers and traders arriving in 1797 introduced agriculture to the area as families established homes and farms along the Georgia Road Forestry thrived necessitating mills and factories while the poultry industry and high quality cotton attracted waves of new settlers The county's scenic splendor has drawn people away from urban centers appealing to new residents and visitors with a relaxed and rural beauty Today Forsyth County proudly boasts of its recognized status as the nation's fastest growing county Originally the home of significant amounts of gold particularly through the Dahlonega Gold Belt and the Hall County Gold Belt Forsyth County prospered as settlers quickly commanded the area The costs may have outweighed the gains at times however and hardships befell the county through racial tension economic trials and extreme population fluctuations Nevertheless the county has persevered and its people have shown both strength of character and spirit Including new and unpublished data this book explores the important advances in education economy and historic preservation in Forsyth County as well as the tragic events related to the expulsion of the African American population in 1912 and the Brotherhood Marches in 1987

Encyclopedia of Television Pilots Vincent Terrace, 2020-01-17 On November 27 1937 NBC presented

TV's first pilot film Sherlock Holmes then called an experiment. Thousands of pilot films both unaired and televised have been produced since. This updated and restyled book contains 2,470 alphabetically arranged pilot films broadcast from 1937 to 2019. Entries contain the concept, cast and character information, credits, producer, writer, director, dates, genre, and network or cable affiliation. In addition to a complete performer's index, two appendices have been included: one detailing the pilot films that led to a series and a second that lists the programs that were spun off from one series into another. Never telecast pilot films can be found in the companion volume *The Encyclopedia of Unaired Television Pilots 1945-2018*. Both volumes are the most complete and detailed sources for such information, a great deal of which is based on viewing the actual programs.

Just Lucky John M. Findley, 2010-04 This is a very unusual book. It is full of stories of unexpected and sometimes hazardous experiences. It is an adventure book that will appeal to the young and old alike. Anyone who likes the outdoors and nature will enjoy reading this book. John writes the same way he speaks. The stories are told in a down-to-earth manner with just enough humor thrown in to make them enjoyable. If you ever had a desire to explore unknown territory or to hike a new trail, you will certainly enjoy the stories in this book. Editor's note: John Findley is a truly extraordinary man and has lived a life packed with more extraordinary experiences than any other ten people I know combined. He has written this book where he relives many of these experiences, and I have had the good fortune to help John with some of the construction of this book, but the words and style are his. John has detailed memories of his experiences which include skydiving in ways I wish I could have seen, spelunking in places I am glad I have missed, and attempting to swim through the Grand Canyon three times. You will like this book.

1001 Texas Place Names Fred Tarpley, 2010-07-05 From Notrees to Pine Island, from Scotland to Moscow, from Dickens to Tennyson, from Spur to Lariat, from Buck Naked to Bald Prairie, Texans are unsurpassed for the imaginative names they give their towns and cities. Fred Tarpley has chosen 1001 of the most unusual and interesting of the 75,000 place names that dot the Texas map. The names of Texas communities and places can be traced to a number of basic sources including people, landscapes, the Bible, literature, and mythology, misunderstandings and errors, backward spellings and blends, and anecdotes and events. Each entry in *1001 Texas Place Names* gives the official spelling of the name, phonetic pronunciation where necessary, dates of post office operation, and a short narrative about the origin of the name and the history of the place. Each of Texas's 254 counties is represented by at least two entries.

comedians drew most of their humor from tales of farmers daughters hogs hens and hill country high jinks Lum and Abner and Ma and Pa Kettle might not have toured happily under the Redneck marquee but they were its precursors In Ain t That a Knee Slapper Rural Comedy in the Twentieth Century author Tim Hollis traces the evolution of this classic American form of humor in the mass media beginning with the golden age of radio when such comedians as Bob Burns Judy Canova and Lum and Abner kept listeners laughing The book then moves into the motion pictures of the 1930s 1940s and 1950s when the established radio stars enjoyed second careers on the silver screen and were joined by live action renditions of the comic strip characters Li l Abner and Snuffy Smith along with the much loved Ma and Pa Kettle series of films Hollis explores such rural sitcoms as The Real McCoys in the late 1950s and from the 1960s The Andy Griffith Show The Beverly Hillbillies Green Acres Hee Haw and many others Along the way readers are taken on side trips into the world of animated cartoons and television commercials that succeeded through a distinctly rural sense of fun While rural comedy fell out of vogue and networks sacked shows in the early 1970s the emergence of such hits as The Dukes of Hazzard brought the genre whooping back to the mainstream Hollis concludes with a brief look at the current state of rural humor which manifests itself in a more suburban redneck brand of standup comedy Up South in the Ozarks Brooks Blevins,2023-02 Up South in the Ozarks

Sher PH.D.,2013-08-15 *Those Great Old Time Radio Years* takes the listener on a memorable ride from the invention of the radio into its nostalgic Golden Age when the author brings back memories of programs that developed a listeners power of imagination before television made its debut The book is comprised of an Introduction and eleven chapters each headed by a picture that aptly pertains to it The eleven chapters cover the following subjects 1 The Golden Age of Radio 2 Adventure Mystery and Suspense 3 Broadcasting News Sports Gossip and Disc Jockeys 4 Childrens Programs 5 Comedy and Variety 6 Music 7 Quiz and Panel 8 Sitcom 9 Soap Opera 10 Theater and 11 Western *From Radio to Television* Vincent Terrace,2022-10-20 The early years of television relied in part on successful narratives of another medium as studios adapted radio programs like Boston Blackie and Defense Attorney to the small screen Many shows were adapted more than once like the radio program Blondie which inspired six television adaptations and 28 theatrical films These are but a few of the 1 164 programs covered in this volume Each program entry contains a detailed story line years of broadcast performer and character casts and principal production credits where possible Two appendices Almost a Transition and Television to
