camera phones Luka Magnotta for instance and the teenagers known as the Dnipropetrovsk maniacs Others are shot on high definition equipment and professionally edited by organized groups such as the militant extremists ISIS KILLING FOR CULTURE explores these images of death and violence and the human obsession with looking and not looking at them Beginning with the mythology of the so called snuff film and its evolution through popular culture this book traces death and the artifice of death in the mondo documentaries that emerged in the 1960s and later the faux snuff pornography that found an audience through Necrobabes and similar websites However it is when videos depicting the murders of Daniel Pearl and Nick Berg surfaced in the 2000s that an era of genuine atrocity commenced one that has irrevocably changed the way in which we function as a society
