From Sphinx to Christ Edouard Schuré,1996 *From Sphinx to Christ* Edouard Schure,1982-01-01 An examination of the search for knowledge of the spiritual world through the occult sciences includes discussions of the ancient Greek oracles myth of Atlantis and origins of man **From Sphinx to Christ** Edouard Schure,2014-03-29 This Is A New Release Of The Original 1908 Edition **From Sphinx to Christ** ,1996-09 Being the English translation of L evolution Divine Contents Planetary Evolution Atlantis Mystery of India Manifestations of the Solar Word a Chaldean Priest in the Time of the Prophet Daniel the Death of Cambys **From Sphinx to Christ** Edouard Schure,1928 *From Sphinx to Christ* Edouard Schuré,1930 **Book of the Sphinx** Willis Goth Regier,2004-12-01 Sought the Sphinx seems everywhere whether the guardian of the pyramids on Egypt s Giza plateau or the beautiful man eater with a deadly riddle to be approached with awful caution The Sphinx that icon painted sculpted engraved and exalted in poetry fiction and music so impressed the philosopher Hegel that he pronounced the creature the symbol of the symbolic itself With a wealth of illustrations Book of the Sphinx confirms Hegel s lofty judgment finding the Sphinx everywhere in tragedies paintings opera murder mysteries brothels bars and advertisements Pursuing the Sphinx through kaleidoscopic sightings and encyclopedic observations Willis Goth Regier plumbs the symbol s mysteries conducting the reader down ever more perplexing and intriguing paths Wonderfully readable his highly idiosyncratic tour of the ages and the arts leads at last to a conception of the Sphinx that embraces nothing less than all that is unknowable proving once again that confronting a Sphinx is one of the most dangerous and exhilarating adventures of the imagination **Jesus, the Last Great Initiate - Scholar's Choice Edition** Edouard Schure,Yogi Publication Society,2015-02-20 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Origin of the Spiritual Species** Lee Bondy,2015-05-07 Traces our spiritual heritage before the Big Bang through the Homo sapiens stage including all five races our relationship to Egypt's Great Pyramid and Sphinx created some 10 500 years ago and considered the spiritual center of the cosmos also includes the known incarnations of the original Christ spirit from Adam to Jesus The book includes the history of everythingfrom our own spiritual creation the creation of

our solar system and its numerous geological changes concluding with the resurrection of Christ **At the Edge of History and Passages about Earth** William Irwin Thompson, 1990 Seminal works of cultural history that changed the way we think about ourselves **Hierophantic Landscapes** Richard Leviton, 2011-09-26 The Earth is poised to make a great disclosure Its a hierophant But whats a hierophant A person who reveals the holy light But it can also be a landscape or a planet And whats the holy light It is the structure of reality and consciousness a map of the heavenly realms the engineering blueprint of Creation Some people call this imminent disclosure the Apocalypse and run for cover But that is mistaken Apocalypse means the revelation of the divine revelation It means the end of our picture of the world as we know it The world itself will be fine even better than fine Splendid Illumined The Architect of reality lays down His cards face up and you see the whole deck Here is the truth of yourself and the Earth How will this disclosure work What we call sacred sites and holy landscapes will start revealing themselves in full to us in all their geomantic and visionary richness Thats the inner patterning of their design their arrays of Light temples and subtle palaces primed for our visionary adventures and edification The Earth needs us to have these adventures and visions because thats how we keep the planet healthy Hierophantic Landscapes visits five landscapes from Norway and England to California and Mexico providing firsthand reports on the visions and adventures of a small band of geomancers as they seek to unravel the mysteries of the Earth Maybe not such a small band because along the way we encounter angels landscape devas Nature Spirits and otherworldly mentors and revel in vistas of the ancient past of the Earth when that revelation was as fresh as a sunrise as it will soon be again **Earth's Cosmic, Pariah Path!** Steve Simpson (Author); (Editor); (Illustrator), 2014-12-29 An easy to read book in verse that unveils profound revelations of Earth s birth history destiny as perceived by foreign overseers of Planet Earth *Exploring Our Dimensional Being* Frederick R. Kipp, 2017-02-23 Throughout our lives most of us have been conditioned to view the essence of our human being and the greater realm of creation itself as somehow mysterious and unknowable In many ways it seems as if we have relegated our lives to dense matter as the central focus of our identity Exploring the possible inner or metaphysical realities can provide an orientation and detail necessary for greater understanding of ourselves and the dimensional spheres of life that connect us My lifes work has included studying the underlying structures that support all physical manifestation as well as the beings that live within and work to sustain them I believe that all inner and outer life forms and entities are dimensionally connected We are continuously interacting with them unconsciously through various levels of our being the collective consciousness of humanity our planet and the celestial bodies in the universe My experience has been that the lack of awareness of our own greater being is what hinders our ability to comprehend the universe multidimensionally In my view before entering our present dense physical forms as humans we have progressed through many developmental cycles as did our Earth solar system and universe This book documents what I have learned about the universal creative process and dimensional human evolution from our source beginnings to the present I have tried to integrate the various accounts of the scientific

mythological religious and metaphysical versions of cosmology cosmogenesis and cosmogony Exploring the inner realms of possible connections between humanity Earth and the cosmos has been a complex undertaking and journey into uncharted territory My research life experiences and clairvoyant perspectives regarding the dimensionality of all life are the basis for the writing of this book

The Legacy of C. G. Jung's Buddha Oliver Knox,2025-08-18 This book traces the pivotal role Jung played in reframing Buddhist thought as a psychological tradition a shift that continues to influence contemporary interpretations of meditation mindfulness and the self Exploring both the historical context of Jung s engagement with Buddhism and its lasting impact this book examines how his theories of individuation the collective unconscious and psychological typology resonated with Buddhist thought It also critically assesses the diverse ways Buddhism has been psychologized from ethical philosophy to modern therapeutic practice By positioning Buddhism as a science of the unconscious this volume discusses how Jung s ideas helped bridge Eastern philosophy and Western psychology offering a new framework for understanding Buddhist doctrine A vital contribution to Buddhist studies and the history of psychology this book offers fresh insights for scholars students and practitioners alike

Our Spiritual Destiny Frederick R. Kipp,2007-10-22 *Our Spiritual Destiny* Manifesting New Bodies discusses the ways that evolutionary forces are continuing to unfold through all gradations of life It explains the purpose of human life as the expansion of Consciousness in matter through ongoing body development We have the choice to fulfill this purpose consciously at an accelerated pace by changing and raising the matter of our bodies to a level of our divine essence Utilizing the capacities of our Higher Selves within an initiatory framework of growth and transmutation we can actively participate in our body development thereby helping to expedite the manifestation of new bodies The following are passages from various chapters in the book

From Alignment Clarification Many of the ancient wisdom traditions sacred religious texts and modern day writers have all alluded to some form of physical transcendence life extension or the raising and refinement of the physical body From the past each culture religion or entity has its own interpretation and language of what the stories mean or symbolize and how they apply to the present day I believe that many of these references relate to physical ascension physical body perfection or physical immortality All include the same premise that our bodies are of a nature and essence which enable their transformation

From Our Journey into Matter I have come to see all of creation as a work in progress gradually working its way towards fulfillment Through evolutionary forces matter is continually being prepared to express ever higher aspects of Consciousness in our physical life It may not always seem like it but I also believe we are important agents of change for the expansion of consciousness in the world Our immortal human spirit repeatedly reincarnates within humanity with increasing experience to help unfold and expand a higher plan for matter However our main problem with this task is that by taking physical form in matter bodies we cannot remember our divine origins in the inner unseen realms

From Remembering Some religious scholars suggest that the essence of all sacred material is somehow buried deep within our being If this is true then helping

us remember must be the intent and purpose of all divinely inspired sacred books spiritual literature and cultural myths in the world Somewhere in our Being or Higher Self we already know the purpose of physical life in matter As evolution progresses and our consciousness expands through time we are incrementally working towards remembering this purpose From Spiritual Orientation and Alignment For most of us the physical demands of our daily lives capture our conscious attention and vital energies This happens gradually within our ritualized patterns and daily activities Through this physical focus and orientation the crystallizing force in matter constructs barriers within our consciousness and bodies that maintain and reinforce this alignment Because of its compelling and coalescing nature our life energies are drained through attachment to the form and routine of our lives As a result we usually feel and believe we have little left over to devote to our spiritual development From Health and New Body Alignment Most people have grown up with a body centered identity Everything about living in the world seems to condition us to identify with this orientation The realities of physical life throughout history have encouraged us to strengthen build up or perfect our natural body in one way or another This alignment has ensured the survival of our species Even today in our modern world we continue to value the attributes of physical strength fitness and vitality as the ultimate experience of a good life From the standpoint of our present bodies and our collective beliefs about them this orientation is helpful and necessary However Walking in Albion Richard Leviton, 2010-04-22 FICTION Take a visionary walk through the cosmos right here on the Earth What if you woke up one morning and realized you are the cosmos all the heavenly realms and gods and a reflection of God Himself Herself That you and the Earth have the same structures of consciousness are made virtually the same Walking in Albion is an amusing passionate first person answer to that It chronicles interactions with the Earth through its sacred sites in a style full of jokes and visions whinges and epiphanies Leviton reports life on the path of the Christed Grail Knight in search of a cosmic spirit called Albion the cosmos in a giant human form the soul of the planet Albion is a picture map of Creation full of lights and palaces and the memories of humanity on Earth since the beginning Join Leviton in an odyssey of meditation and visionary experience from sites in Norway France England and Scotland to America Mexico and Tahiti Oh yes he travels with plenty of sidekicks jokers and wellwishers especially angels Want a freshly conceived meditative spiritual experience that includes the Earth as a prime recipient of your contacts and changes Walking in Albion is an unusual and original approach to the Mysteries of human and Earth a fresh bold way of regarding the authentic Christ not as dogma but experience yours in the theater of the Earth Plus guidelines to relate effectively with the geomantic landscape and have fun and insight doing it as you contribute to the Earth's well being starting today and begin **Rhythms of Learning** Rudolf Steiner, 1998 Key lectures on children and education have been thoughtfully chosen from the vast amount of material by Steiner and presented in a context that makes them approachable and accessible In his many discussions and lectures Steiner shared his vision of an education that considers the spirit soul and physiology in children as they grow **Pandeism: An Anthology of the**

Creative Mind Knuton Mapson, Amy Perry, 2019-07-26 Following on from Pandeism An Anthology this new volume brings you three returning authors and a dozen new ones including renowned physicist and theologian Varadaraja V Raman communications professor and poet John Ross Jr mixed martial artist turned musician Jimmy Ninja Chaikong Judaism author Roger Price and mythohistorian Julian West The theme of this volume is the creativity of the human mind in art in poetry in recasting historical events in mythological terms in film and television and indeed in prose theological writing A creative mind is a fire which gives light to the head warmth to the heart and nourishment to the soul and we are blessed to present talents sufficient to fuel many a conversation to come Indeed perhaps the creativity of the human mind is a flickering echo of a greater mind which we all occupy Atlantis Shirley Andrews, 2018-02-07 You know of it through song and legend the golden civilization of Atlantis which sank into the cold depths of the sea ages ago But few know the truth about Atlantis or the geological and metaphysical evidences that suggest it really existed What have scholars unearthed of Atlantiss society and history How about its mystical and religious beliefs art and architecture and its peoples knowledge of science and healing Is it possible that the tremendous achievements of the Atlanteans were aided by extraterrestrial contact Shirley Andrews uncovers the living legacy in Atlantis Insights from a Lost Civilization a compelling new look at a legendary country once situated on the Atlantic Ridge The author has traveled extensively to conduct her own comprehensive research which she synthesizes with the work of hundreds of other Atlantis researchers classical and modern scholars scientists and respected psychics like Edgar Cayce Survivors of this fabled land have made their mark on cultures all over the world and their descendants walk the earth today Learn how the legacy of Atlantis can help us bring our own world into a new age of peace and enlightenment *Orpheus in Brooklyn* Bertrand Mathieu, 2019-07-08 No detailed description available for Orpheus in Brooklyn
