From The Orient & The Desert Ghazi A. Algosaibi, 2020-03-10 First Published in 1994 From the Orient and the Desert is a collection of fifteen poems from Ghazi A Algosaibi With pencil drawn illustrations by Andrew Vicari **From the Orient and the Desert** Ghāzī ‘Abd al-Raḥmān Quṣaybī, 1994 First Published in 1994 Routledge is an imprint of Taylor Francis an informa company From the Orient and the Desert Ghazi A. Algosaibi, Ghāzī ‘Abd al-Raḥmān Quṣaybī, 1979 **From the Orient & the Desert** Algosaibi, 2021-09-30 First Published in 1994 Routledge is an imprint of Taylor Francis an informa company **The Orient and the Young Romantics** Andrew Warren, 2014-11-06 Through close readings of major poems this book examines why the second generation Romantic poets Byron Shelley and Keats stage so much of their poetry in Eastern or Orientalized settings It argues that they do so not only to interrogate their own imaginations but also as a way of criticizing Europe s growing imperialism For them the Orient is a projection of Europe s own fears and desires It is therefore a charged setting in which to explore and contest the limits of the age s aesthetics politics and culture Being nearly always self conscious and ironic the poets treatment of the Orient becomes itself a twinned criticism of Romantic egotism and the Orientalism practised by earlier generations The book goes further to claim that poems like Shelley s Revolt of Islam Byron s Eastern Tales or even Keats s Lamia anticipate key issues at stake in postcolonial studies more generally Desert road archaeology in ancient Egypt and beyond Heiko Riemer, 2013-01-01 *Letters from the Orient : Or, Travels in Turkey, the Holy Land and Egypt* Ida von Hahn-Hahn, 1845 **The Poetics and Politics of the Desert** Catrin Gersdorf, 2009 This study explores the ways in which the desert as topographical space and cultural presence shaped and reshaped concepts and images of America Once a territory outside the geopolitical and cultural borders of the United States the deserts of the West and Southwest have since emerged as canonical American landscapes Drawing on the critical concepts of American studies and on questions and problems raised in recent debates on ecocriticism The Poetics and Politics of the Desert investigates the spatial rhetoric of America as it developed in view of arid landscapes since the mid nineteenth century Gersdorf argues that the integration of the desert into America catered to the entire spectrum of ideological and political responses to the history and culture of the US maintaining that the Americanization of this landscape was and continues to be staged within the idiomatic parameters and in reaction to the discursive authority of four spatial metaphors garden wilderness Orient and heterotopia Swords from the Desert Harold Lamb, 2010-03-04 Countless authors have swept us into the exotic east but few based their tales there In a time when westerners still spoke publicly about the white man s burden Harold Lamb was crafting action packed stories featuring Arabs Mongols and Hindus as heroic sympathetic and believable characters men of honor and integrity ready to lay down their lives for their countries and their comrades Viewing the Islamic Orient Pallavi Pandit Laisram, 2014-07-11 The Islamic Orient studies the travel accounts of four British travelers during the nineteenth century Through a critical analysis of these works the author examines and questions Edward Said s concept of Orientalism

and Orientalist discourse his argument that the orientalist view had such a strong influence on westerners that they invariably perceived the orient through the lens of orientalism On the contrary the author argues no single factor had an overwhelming influence on them She shows that westerners often struggled with their own conceptions of the orient and being away for long periods from their homelands were in fact able to stand between cultures and view them both as insiders and outsiders The literary devices used to examine these writings are structure characterization satire landscape description and word choice as also the social and political milieu of the writers The major influences in the author's analysis are Said Foucault Abdel Malek and Marie Louise Pratt *Vogue*, 1925 **Discourses and Practices of Othering** Banu Baybars, Sarphan Uzunoğlu, Mine Bertan Yılmaz, 2022-12-21 This book undertakes the theme of othering as a broad set of practices and discourses It includes as many perspectives as possible while simultaneously providing a focused environment for discussions on how otherization is built across media genres and policy making through cultural and political articulations The book includes a set of chapters that investigate how and to what end others are manufactured and how they are anchored in the collective memory Through an analysis of various media such as film news media and social media it sheds light on the institutional political social and economic forces that form and transform the discourses and practices of othering
